MONEY SENT
FOR RELIEF

Ben Selling Acknowledges
Receipt in Letter to Rev.
H. N. Aldrich

Of Marion county's \$9000 quota
for Armenian and Syria relief, the
sum of \$6000 has been sent to Ben
Selling of Portland, state treasurer
for Oregon. The draft was sent to
Mr. Selling by Rev. H. N. Aldrich,
chairman of the local committee, and
Mr. Aldrich is in receipt of the fol-
lowing letter from Mr. Selling:

"Please accept our sincere thanks
for your draft of \$6000 for Arme-
nian relief, to be placed to the cred-
it of Marion county.
"We have just received word of
the sailing of the Newport News, a
government transport which is the
fifth relief ship since the signing of
the armistice. The Newport News
carries 4000 tons of supplies in-
cluding foodstuffs, agricultural tools,
medical and hospital supplies and
instruments, 50 motor trucks, 7 an-
bulances, parts of Ford cars, gaso-
line, and electrical supplies, also 300
tons of worn clothing donated by the
American Red Cross from the recent
clothing drive. Your remittance is
most timely as the Red Cross has
just turned over to us all the terri-
tory lying north of Jerusalem, a land
sacred both to Jew and non-Jew,
and they are giving us all of their
automobiles and other equipment
now in that country.

"John H. Finlay, commissioner of
education for the state of New York
and lately commissioner for the
American Red Cross for Palestine,
who has just returned from Jeru-
salem, says he cannot urge too
strongly all possible aid to us in
this cause, and that those who know
only America can have no conception
of the utter misery of the homeless
people in Asia Minor and Syria.

Polk County Jurist Grants In-
junction Against Spauld-
ing Company

DALLAS, Or., April 29.—(Special
to Statesman)—Circuit Judge Harry
H. Belt has granted a permanent in-
junction against the Spaulding Log-
ging company from operating under
its franchise on the Luckiamute riv-
er in this county. Judge Belt hold-
ing that the law enacted by the
1917 session of the legislature em-
powering the public service commis-
sion to grant franchises to logging
companies to operate splash dams
and flood streams for the purpose
of floating logs is unconstitutional
and that the legislature cannot de-
legate the power to grant franchises
to a commission but only to a coun-
ty court, a city council or other leg-
islative body.

The injunction was brought by J.
F. Logan who owns and operates a
grist mill on the above named river
in the Kins Valley country. Mr.
Logan alleging that the flooding of
the stream by the logging company
interferes with the operation of his
mill and causes him damages. The
case will probably be carried by the
Spaulding company into the supreme
court.
