

SALESMEN OF PHEZ LINES ARRIVE HERE

Agents from All Parts of United States Are Called to Salem by Company to Visit Land of Production.

ALL ASK FOR PERMITS TO REMAIN IN WEST

Visitors to Be Feted by Commercial Club and Cherrians Tonight

The Phez company is doing a great thing for itself, and incidentally for Salem, and for Oregon.

It has brought here a number of its oldest salesmen, designed to be division men, in order that they may see the plants and the fields and orchards, and the country, and thus be very much better qualified for their work of spreading the virtues of the Phez line—of Phez and Loju loganberry juice, of Appju in its different forms, and of jellies and jams of high estate.

These men have long known that loganberry juice is the most refreshing drink ever distilled in the great laboratory of nature; that it has the tang that satisfies and the taste that lingers; that it is best for thirst; that it is more than a drink—it is a tonic, a coloring, an icing, a flavor, and a body for ice cream.

That it is the greatest flavoring that ever went into the kitchen.

That it is the best flavoring that ever went into the hospital and the sick room.

The list of its useful and beneficial and delightful qualities might be extended into columns—pages.

These salesmen all know this. They know it all by heart.

None in City Before.

But not one of them, was ever in Salem before.

Not one of them has before seen the great pressing and preserving plants, nor had a view of the wonderful loganberry fields on the wide farms in the beautiful country surrounding the capital city.

There are now about 40 field men working every day to spread the good news of the Phez line throughout the country, and throughout the world. There will be more, and still more.

As stated above, only the older men in point of service are here.

They will be in Salem the rest of the week.

They commenced their conventions for the exchange of ideas and information last night at 8 o'clock.

They will be in session all of today.

Tonight at 8 o'clock they will have a dinner at the Salem Commercial club rooms, given by the Phez company.

Sessions to Continue.

They will continue their sessions tomorrow, and tomorrow night at 8 the Salem Commercial club will entertain them, and some of them will be initiated as Cherrians and become full-fledged sons of Salem, with all the mutual affections that relationship implies.

They will belong to Salem, and

Japanese Claims Concerning Port Settled in Paris

(By The Associated Press)

Official details concerning the latest phases of the deliberations of the council of three of Fiume and the Dalmatian region are somewhat obscure. It is known, however, that the Japanese claims concerning Kiaochow has been settled.

The terms of the agreement, according to unofficial advice, involve the surrender of Kiaochow to Japan, but in due course Japan will re-transfer this stronghold in Shantung peninsula to China.

It was also stated unofficially that the council of three has looked with favor upon the claims of the Belgians for an immediate advance on their share of indemnity which Germany is to pay in reparation for damages.

Therefore, the only outstanding problem of great importance before the council apparently is that due to the claims of Italy to Fiume and the Dalmatian region. There is no evidence as yet of the prospect of an immediate compromise being offered by either side to the controversy.

Intimations have been received in Paris that overtures for resumption of the conferences on the disputed questions would receive every attention and would not be unacceptable in Rome, but it is said in Paris that the prevailing sentiment among the delegates of France, Great Britain and the United States is opposed to requesting the Italian delegates to return.

It has been added, however, that if the Italians should evince a disposition to give up Fiume and accept President Wilson's suggestions on the controversy, the president in the interest of harmony, doubtless could make suggestions which would permit of a continuation of the discussions without sacrifice of dignity by the Italians.

President Wilson and other members of the council are declared to be unwilling to concede Fiume to the Italians.

The expected attack on the soviet forces at Munich has not begun.

QUITS JOURNAL FOR NEW POST

Will T. Kirk Heads Claims Department of State Accident Commission

Will T. Kirk, who for the last two and one-half years has been the Salem correspondent for the Portland Journal, and who previously represented that newspaper at the state capitol, today resigned to accept a position as head of the claims department of the state industrial accident commission to which he was appointed by the commission.

Mr. Kirk has been in the employ of the Journal continuously for eight years. Before coming to Portland he published The Independent at Payette, Idaho, and was at different times on the news staff of the Boise Statesman. His successor as Salem correspondent for the Journal has not yet been named.

As a newspaper writer in the political field, which has been his specialty, Mr. Kirk is known among the political men of the state as an unrelenting fighter and he has participated in some of the bitterest controversies that have centered at the state capitol. While he has been the refusal of important posts with other Oregon newspapers.

In the policy represented by the Oregon workmen's compensation act,

Bombs Distributed Over Nation in Attempt to Kill Prominent Men

Warning to Postal Authorities Spread Broadcast—Officials Unable to Estimate Packages in Mails.

IMMIGRATION QUESTION BELIEVED RESPONSIBLE

Anarchists Under Surveillance—Round-Up Expected as Outcome

WASHINGTON, April 30.—Discovery in New York today of sixteen bombs, each put together by experts, resulted tonight in a general warning to government employees to be on watch for what authorities here believe to be an anarchist plot to spread terror through the country.

While steps were taken immediately to deal with the situation, postoffice department officials frankly admitted that there was absolutely no means of telling exactly how many bombs might have been deposited in the mails.

Because of the character of the men to whom the packages were addressed, the one thought-of the authorities centered in the motive. In a general way the attempt on the lives of cabinet members, a justice of the supreme court of the United States, a governor, a mayor and others were linked up with recent agitation and discussion of the question of after the war immigration. But the authorities could not altogether agree on this as the reason behind the wholesale attempts at destruction of life.

Tags Were Forged.

Word reached investigators here that Gimbel Brothers, New York, whose mailing tags were on each package, had declared the tag a forgery. No effort was made to disguise the fact that this information was disquieting in the event of a wholesale mailing of bombs that many would reach their destinations bearing the mark of other firms, which would make the work of preventing delivery all the more difficult. Although the public was cautioned as to the opening of strange packages, the department's detective force realized that if all the infernal machines put in the mails have not been recovered, it is the department's job to get them before delivery.

Every branch of the bureau of communications was set to work to this end, starting with the men who take mail from street boxes and ending with the carriers who deliver it at offices and homes. Not content with these precautions steps were taken in Washington to safeguard government officials, to whom other dangerous orders went to all departments including the courts, so that by no possible chance will strange bundles pass the net spread out to seize them.

Anarchists Watched.

Groups of men of known anarchist sympathies in New York, Philadelphia, Boston, Chicago and other large cities have been under close surveillance by secret agents of the department of justice and of the treasury secret service for several months, particularly after the attempted assassination of Premier Clemenceau in Paris. It was said today that the agencies know where they can find anarchist leaders at this time and are in position to arrest them.

NEW YORK, April 30.—Postoffice officials tonight said 14 bombs packed the same as those discovered here today, were being held in post-offices along the Pacific coast.

Infernal Machines Reach Pacific Coast—District Attorney and Assistant Receive Boxes.

MOONEY CASE IS NOT BELIEVED MAIN CAUSE

Officials Standing for Law and Order Principal Targets, Says Fickert

SAN FRANCISCO, April 30.—Bomb experts, police and federal detectives here tonight were endeavoring to trace the source of two bombs received through the mails by District Attorney Charles M. Fickert and his assistant, Edward A. Cunha.

Believing the local incident but a ramification of a nation-wide conspiracy, Stephen H. Morse, postoffice inspector in charge here, telegraphed to Washington for full information regarding the sixteen packages similar to the ones received here which were taken from the mails in New York City.

Postoffice authorities ordered a strict surveillance of all packages addressed to persons of prominence here.

Bombs Expertly Made.

The bombs expertly made, were mailed from New York, according to the authorities, the small cartons which contained them bearing the address "Gimbel Brothers, Thirty-Second and Broadway." A police detective was about to open the Cunha bomb at the bedside of the recipient in a local hospital, when cautioned not to do so by Cunha's brother, an army captain.

Later the bombs were examined by a police expert and each was found to contain detonating caps, a small vial of a substance believed to be an acid and an explosive bearing the appearance of T. N. T. A detailed examination and analysis was being made tonight.

Bombs mailed to Mayor Ole Hanson of Seattle and former Senator Hardwick of Georgia, tallied in every way with the contrivances received here, the police said. They were so arranged that the removal of the cap containing the liquid would allow it to trickle over the detonating caps and thus set off the charge. On each cover was a red sticker, giving the package a festive appearance. The bombs were carefully wrapped and padded to save them from shock.

Terrorists Blamed.

Fickert, who also was in a hospital recovering from serious complications following influenza, was not given the bomb, but was told of its arrival. He asked that the widest publicity be given the incident, charging a nationwide plot to "get every official who stands for law and order."

Fickert expressed the belief that the bomb conspiracy against Cunha and himself did not spring directly from the case of Thomas J. Mooney, who they convicted of murder in connection with a bomb explosion here, but was fomented by a band of terrorists.

Reasoning of Officers Too Funny for Words in Mrs. Mooney's Opinion

NEW YORK, April 30.—"We are not dynamiters and bombers and our friends are not bomb throwers," was the comment of Mrs. Thomas J. Mooney tonight when told the details of the terrorists plot.

"I suppose, however, that by some circuitous mode of reasoning the officials will reach the conclusion that we had a hand in the affair. It's too funny for words."

Mrs. Mooney arrived in this city today to attend a Mooney mass meeting at Madison Square Garden tomorrow night, at which she will speak.

SLIGHT RIFT IN ITALIAN CLOUD NOW LOOMS UP

President Wilson Willing to Make Friendly Suggestions Regarding Fiume

PAGE HAS CONFERENCE

American Ambassador Gets Orlando's Views—Solution of Problem Near

PARIS, April 30.—(By The Associated Press)—There is a slight rift in the Italian cloud, which gives hope of the clearing of the difficulties that have arisen in the peace conference over the Adriatic problem.

Overtures for the resumption of relations have not come thus far from either direction, but there are intimations from Rome that overtures from Paris would not be unacceptable and would receive every attention.

The prevailing sentiment among the delegates, including several of the American delegation, is against soliciting a return of the Italian representatives and it was at first believed that President Wilson shared his view. Those nearest the president, however, asserted that if Italy is disposed to relinquish Fiume and accept the compromise the president suggested, he could doubtless, in the interest of harmony, make such friendly suggestions as would permit the resumption of returns by the Italians without any sacrifice of dignity or self-esteem.

Officials Less Insistent.

These personal susceptibilities are felt to be more of an obstacle at present than the territorial merits of the case. While popular sentiment in Italy still insists on holding Fiume, the recent official attitude has been less insistent and apparently tends to the acceptance of one of the various plans of the council of three, whereby Fiume would be internationalized and some Dalmatian outposts given to Italy.

It is the declared purpose of the council, as well as President Wilson, not to yield on Fiume, even if the peace treaty is signed without Italy's participation. But, should the recent official tendencies at Rome take the definite form of acceptance of a compromise, the president's friends say they are sure that no

Postmaster General, Secretary of Labor, Attorney General, Chief Justice of Supreme Court and John D. Rockefeller Among Those Intended to Receive Now Famous "Gimbel Brothers" Packages—Six Delivered Do Little Damage—Senator's Wife and Maid Injured—May Day Reign of Terror Feared.

NEW YORK, April 30.—With the discovery in the New York postoffice today of 16 infernal machines in addition to half a dozen which have been delivered to prominent men in various cities, federal detectives tonight were endeavoring to run down the organizers of what is believed to be a nation-wide plot to assassinate cabinet officials and other men prominent in official and private life.

Bombs have been delivered at the homes or offices of former Senator Thomas W. Hardwick of Georgia, Federal Judge Kenneth M. Landis of Chicago, Mayor Ole Hanson of Seattle, District Attorney Charles M. Fickert and his assistant, Edward M. Cunha of San Francisco, and Representative John L. Burnett of Alabama. Among those found here today were bombs addressed to Secretary of Labor Wilson, Postmaster General Burleson, Attorney General A. Mitchell Palmer, Chief Justice Oliver Wendell Holmes, John D. Rockefeller and many other prominent men.

While, so far, none of the men for whom the bombs were intended, have been injured, Mrs. Thomas W. Hardwick and her maid were severely injured by the explosion of the bomb intended for the former senator which was received yesterday, and Representative Burnett narrowly escaped injury by the explosion of the bomb addressed to him which was received tonight.

May Day Significant.

Officials tonight refused to comment on the motive of the wholesale bomb sending, but it was declared significant that the discoveries were made on the eve of "May Day," which has been set as the time various demonstrations will take place.

Agents of the department of justice said they believed the mailing of the bombs was timed to cause a reign of terror on May Day, observed throughout the world not only by peaceful labor organizations but the most pronounced radicals. It was recalled that radicals in this country had threatened a demonstration on May 1 in behalf of Thomas J. Mooney, under sentence of life imprisonment in California for murder in connection with a bomb outrage. From all the information available tonight it was apparent the makers of the bombs hoped to exterminate every one who has been prominently involved in the prosecution or deportation of members of the I. W. W.

Not only were officers of the immigration bureau marked for destruction but also the authors of the bill which would have stopped immigration for a year. This measure would have made it difficult for Russian radicals to gain access to this country.

All of the bombs were identical in form and material, it is said, and all were packed in the same manner with fictitious tags, bearing the name "Gimbel Brothers, New York," on them.

A sweeping inquiry by postoffice inspectors, agents of the department of justice and police experts was begun at once into the activities of anarchists and "reds" in this city.

At the same time a warning was issued by the district attorney's office to all public officials, especially judges, to watch for packages which might be delivered to them and a guard was thrown around the criminal courts building.

Rockefeller on List.

The addresses on the sixteen packages seized here were all typewritten. The style and a couple of minor errors led officials to believe that the addressing was done by a foreigner. The addresses were:

William M. Wood, Boston, Mass.
Mr. Frederick C. Howe, Comm. of Immigration, New York, N.Y.
Honorable Mitchell A. Palmer, U. S. Atty General, Washington, D. C.

Mr. Anthony Camminetti, Bureau of Immigration, Wash., D. C.
Hon. W. M. Wilson, Secretary of Labor, Wash., D. C.
Senator T. Larry Eyra, Chester, Pa.

Mr. William H. Lamar, Solicitor General, Wash., D. C.
Mr. W. H. Fineh, Dept. of Justice, New York.
Hon. A. S. Burleson, postmaster general, Wash, D. C.
Hon. J. F. Hylan, mayor, New York City, N. Y.
Rich. E. Enright, police comm, New York City, N. Y.
John D. Rockefeller, Peanatico Hills, Tarrytown, N. Y.
Mr. William I. Schaffer, atty gen, Harrisburg, Pa.
Gov. William C. Sprout, Chester, Pa.
Hon. Oliver Wendell Holmes, U. S. Chief justice, Wash, D.C.
Mr. J. P. Morgan, New York City.

MAY DAY STRIKE TO CLOSE ALL NORMAL LINES OF ACTIVITY

PARIS, April 30.—If the program of French labor is carried out virtually every phase of normal activity will cease tomorrow and Paris and much of France will revert to elemental methods of living.

The strike orders for May 1 demonstration are expected to be generally obeyed. No food will be served in the hotels, the restaurants and cafes will be closed and the subways, tramways, omnibuses and taxicabs will cease operations. Drug stores will not even fill urgent prescriptions.

The theatres and other places of amusement will not be open and no newspapers will be published. Postal and telegraph communication will be abridged by intervals of stoppage throughout the country, while the miners, dockers, carpenters, builders, in fact every class of labor, will take a holiday.

While the big hotels taken over by the various peace delegations, such as Hotel de Crillon, where the Americans are quartered, and those

of the British and Italian will not be seriously affected, nevertheless the strike will hit the lesser delegations which occupy a few rooms here and there in the smaller hotels and who eat in the public restaurants.

No disorder is expected in connection with the cessation of work, the government having ordered that no parades or demonstrations of any character shall take place.

As a prelude, the "midinettes" began yesterday and continued today strike demonstrations in the Rue de La Paix and the Place Vendome district where the great milliner shops are located.

The general labor federation today distributed circulars giving the reasons for the general strike May 1. The circulars read:

"May 1, 1919. I strike to demand: First, the eight hour day; second total amnesty; third rapid demobilization and fourth, a just peace and disarmament. I strike to protest, first: Intervention in Russia; second, income tax on wages; third, martial law, and fourth the censorship."

PREMIER ORLANDO

BOMB PLOT CAUSES SALEM MAIL TO BE CAREFULLY WATCHED

Precautions that are being taken throughout the United States caused by the mailing of scores of infernal machines to governors, mayors and other public officials, have extended to Salem, and any parcels of suspicious appearance received at the Salem postoffice will be held up until investigated. Up to this time no packages of this character have been received in Salem, but they are known to have reached other cities on the coast and the precaution will be taken here.

G. A. Nye, mailing clerk at the state house, declared that he will keep a close watch on all mails entering the state capitol building.

While various theories are advanced relative to the motive of the miscreants in sending out bombs through the mails, whether they are directed to persons who have been active in any particular line of policy is still problematical. Governor Olcott said last night that he had not yet read of the apparent extensive plot against the lives of public officials and that it had not occurred to him to take any particular precaution.
