THE DOCTRINE OF FORCE IS PERMANENTLY JUNKED.

The point of prime importance to the world in the peace treaty is the permanent junking of the doctrine of force; the going out for all time of the tenets of "kultur."
Germany is left without a navy of consequence. Her army is reduced to insignificance. She is not to be allowed conscription in the future. She can have no battles planes; no submarines. Her rings of forts must be torn down. Her cables must be given up. All power to again become a great military nation is taken away. No more will she be able to keep the world in terror by the rattling of her saber.
There are many things of importance in the peace treaty; the indemnities; the compulsory justice to her weak neighbors; the giving up of Alsace and Lorraine and the internationalization of the Saar valley temporarily and of Danzig permanently—scores of great and minor matters of importance.
But the big thing is the junking of kultur.

The peace treaty settles many things; but there will be plenty of work left for the League of Nations for a long time; for all time.
Germany will not be given a great deal of time to consider. But she will have a great deal more time than she herself would allow if she were the victor.

Berry picking time is coming on apace. It is to be presumed that the growers have thought of the picking problem. It is high time, any way.

After all, nearly all the important things had leaked out of the peace council.

What about the farmerettes? Just as we begin to be enamored of the display they quit the job—Exchange.

In all of our large cities the politicians are now busy looking up the election statistics of the local Italian vote in order to get a thorough understanding of the Flume issue.

There is something of a campaign on in the state of Washington to settle the old controversy over whether Mount Tacoma or Mount Rainier is the real name of the peak by compromising on Mount Roosevelt. But wouldn't that really make it a three-cornered dispute?

Maltose sirup and maltose sugar are now being produced with much profit in several large brewery plants with the same workers who formerly produced beer. Many others have become ice cream factories and still others meat packing plants. There is no labor or capital that has to be idle if it can't be turning out alcoholic products.

GENEVA, WORLD'S CAPITAL

Geneva, selected as the headquarters of the League of Nations, becomes in a way, the world's capital. Switzerland is the smallest of republics, but for many hundred years has been of importance in history. Of late it has been the unofficial capital for anarchists and political

Wartime Romance Will Result in Marriage of Salvation Army Leader

MISS PEARL HAMILTON ALFRED JACKSON

More than fifty thousand mothers and wives, who received telegrams from returning soldiers as they docked at Hoboken and New York, will be interested in the announcement of the engagement of Miss Pearl Hamilton to Alfred Jackson, both captains in the Salvation Army. Miss Hamilton has been handling the telegram service the Salvation Army has been conducting free of charge for men back from overseas. She is the adopted daughter of Commander Evangeline Booth. When she was three days old she was orphaned and Commander Booth, a friend of the baby's family in London, took her and reared her. When America entered the war Jackson enlisted and went to the front with the 104th Machine Gun battalion. When he returned recently there was one telegram Miss Hamilton did not have to send.

to do their writing in answering, as fast as they may write.

It is to be no jawing match.

And, the inference is, that even though the Germans may use up all the paper in Europe in doing their writing, they will have to sign—to take it as it now lays.

What Germany can't pay now or as she goes along, she will be allowed to issue bonds for. That will shift the burden along, say a thousand years, or a couple of thousand.

With all the money Germany will save from her huge army and navy, she can at least keep up the interest on the bonds.

The inference is that the American army will come home, and let the French keep the watch on the Rhine.

STRENGTH comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

Many Improvements Are Ordered by City Council

DALLAS, Or., May 6.—(Special to The Statesman)—At the regular meeting of the Dallas city council last night that body ordered the construction of a number of blocks of new board sidewalks. Several property owners were present at the meeting and signed waivers which will permit the construction of cement walks under the city's bonding act. Most of the new board walks ordered are in the outlying districts of the city in sections where no permanent street improvements have heretofore been made.

The council left to the street committee the matter of installing new cement cross walks across the macadam streets to take the place of the temporary board walks placed on the streets during the winter weather, the members holding that the cement would be more efficient and cheaper in the long run. The

Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, luffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

cross walks will be so placed that when the streets are hardsurfaced the top dressing may be laid down over the walk.

The plans and specifications for the proposed sewer construction was brought up and the city auditor and city attorney ordered to prepare the necessary publication notices in order to have the people vote bonds for the construction of the same.

HAZEL GREEN NEWS

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

White gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Glenn E. Maurer, son of Mr. and Mrs. John Maurer, left the latter part of the week for Wasco where he will resume his position as book-keeper with the Independent Milling company. Mr. Maurer recently received his discharge from federal service and has been spending a vacation of several weeks in Salem. Last week he accompanied his parents on a fishing and camping trip on the McKenzie river.

IN A SOCIAL WAY

BY DORRIS LEAH SIKES

THE eighth annual convention of the P. E. O. Sisterhood will convene in Eugene May 27, 28, and 29. P. E. O. is the largest woman's organization in the world numbering 30,000 in its membership. It stands for individual growth in charity toward each other, comprehension and obedience to the qualities of love, purity, justice and truth, growth in knowledge and mental culture.

In Oregon there are 20 chapters under the jurisdiction of the state grand chapter. Six of these are located in Portland and others are at Salem, Eugene, Woodburn, Albny, Enterprise, Vale, LaGrande, Newberg, Oregon City, The Dalles, Corvallis, Forest Grove, Clatskanie, and Klamath Falls. Mrs. McCaw, of Portland, is state president.

One of the biggest things which the P. E. O. supports is a \$100,000 loan fund by means of which young women are helped to secure an education at a low rate of interest and without security. Hundreds of girls receive financial aid from this source.

Mrs. S. W. Selee, president of Chapter G of Salem, will probably attend the convention. The regular monthly meeting of the Sisterhood will be held next week, observing Mothers Day.

According to messages received Mrs. Walter S. McDougall and two children set sail Tuesday on the Muritania, sister ship to the Lusitania, for England where she will spend the summer with relatives. During the interval required in getting passports Mrs. McDougall visited in Buffalo, where, upon her return during the latter part of the summer, she will be met by her daughter, Miss Marjory, who is at Sacred Heart academy during the absence of her mother.

Western Canada's "Horn of Plenty" Offers You Health & Wealth

Western Canada for years has helped to feed the world—the same responsibility of production will rest upon her. While high prices for Grain, Cattle and Sheep are sure to remain, price of land is much below its value. Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at from \$15 to \$20 per acre—good grazing land at much less. Many farms paid for from a single year's crop. Raising cattle, sheep and hogs brings equal success. The Government encourages farming and stock raising. Railway and Land Co's. offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Western Canada offers low taxation, good markets and shipping; free schools, churches and beautiful climate. For particulars as to railroad routes, location of land, illustrated literature, etc., apply to Dept. of Lands, Ottawa, Can., or J. L. Paris, Sec. 1st and Post Bldg., Spokane, Wash. RESIDENCE RANSACKED

DALLAS, Or., May 6.—(Special to The Statesman)—The residence of Mr. and Mrs. P. E. Woolsey on Clay street was entered by burglars this week and the house ransacked from top to bottom. Mr. and Mrs. Woolsey left last week for a visit with relatives in Illinois, and the presence of the burglars was discovered by neighbors.

There was once a man who never made a mistake—but he is dead.
