Most Effective and Economical.

An expert pharmacist says that the best treatment he knows of for those whose blood is poor, nerves are weak, livers torpid, or whose systems are generally rundown, is Hood's Sarsaparilla before eating, Pepsitron, after eating, and Hood's Pills as necessary.

The ingredients of these medicines are indicated, he says, in most cases of blood impurities, nervousness, paleness, constipation, and are prescribed every day by physicians who have long known their efficacy. They are put up for physicians in preparations whose formulas are similar to those of Hood's Sarsaparilla, Pepsitron and Hood's Pills, but these already prepared medicines so combine them as to have superlative merit and to be the most effective and economical preparations in which to take them.

Hood's Sarsaparilla, Pepsitron and Hood's Pills are products of the C. I. Hood Co., Lowell, Mass., and form their Triple Combination Treatment.

HAPPINESS FROM WITHIN.

So long as you resent and resist your environment you can find neither peace nor happiness. Happiness is a matter of adjustment.

If you cannot change conditions you can at least stop fretting against them and resisting them. You can co-operate with them.

Let go and live your own life in your own way so far as you possibly can.

No one can enter the kingdom of your own mind and control your thought.

The psychologists have demonstrated that happiness is largely a mental attitude. To a great extent it

is simply a matter of choice on your part whether you will waste your energy in worrying and fretting over what you cannot change, or whether you will get interested in making the most possible out of conditions as they are.—Elizabeth Towne in the Nautilus.

Not the Same Flood.—There had been a heavy downfall of rain with many washouts along the lines and the freight manager was frantic. He wired the different sections as follows: "Send full particulars of the flood." Now there was one particular section where no flooding had taken place and the section boss decided that the message was a joke, so he wired back as follows: "You will find full account of it in the Book of Genesis."
