Army and Navy Fans Who Helped New York to Take Off Baseball Lid

Thirty thousand fans, among them many in khaki and the navy's blue, helped to lift the baseball lid in New York. These photographs were taken on the opening day at the Polo Grounds, when the champion Red Sox beat the Yankees 10 to 0. In the lower photograph Jacob Ruppert and Lieutenant Colonel T. L. Huston, who served abroad with the 16th engineers, owners of the New York American League club, are seen escorting to their seats Admiral Henry T. Mayo, commander of the Atlantic fleet, and Major General Thomas H. Barry, in command of the department of the east. Both the admiral and the general are enthusiastic fans. The upper picture shows a few of the gobs who flocked to the game. Five hundred of them were there as the guests of Lieutenant Colonel Huston, as were 500 doughboys, many of them members of his own regiment.

EARLY TIMES ARE RECALLED

Passing of Mrs. Emerson Brings Back Journey on Foot Across Plains

The passing at Cottage Grove on Friday evening of Mrs. M. J. Emerson (who in pioneer times in Polk county was Mrs. "Jack" Hendricks, near Monmouth), leaves only four members of a train load of immigrants who left Springfield, Ill., for the Oregon country in March, 1850. The "train" consisted of seven wagons drawn by ox teams. They arrived in the Willamette valley six months later. Mrs. Emerson, who was then Mary Jane Sherwood, a slip of a girl of 12 years, walked most of the way across the plains nearly all the younger people walked to save the strength of the sore-footed and weary oxen. The four surviving members are I. H. Daughman, of Woodburn, aged 92—his birthday was January 13 E. L. Townsend, of Monitor, aged 79; Ebenezer Boynton of Woodburn, aged 78, and W. T. Rigdon, of Salem, who is somewhat past 50, but does not look it. All the "passengers" of that wagon train were related, by consanguinity or marriage; though the relationship of some of the youngsters ran to third cousins, as in the case of Mrs. Emerson and Mr. Rigdon. When that "train" arrived at what is now Council Bluffs, Iowa, they found only an Indian wickup and the ferryman's cabin, and across the river where the great city of Omaha now stands there was not the

sign of a shingle. The descendants of the Baughmans, Townsends, Boyntons, Rigdons, Sherwoods, Bonneys and others who made up the passenger list of that pioneer train, are numerous now, and they are scattered all over Oregon and the other coast states.

Real Estate Involved.—M. Barscheid has filed suit in justice court against J. W. Ebner of Mt. Angel asking judgment for \$50. The suit involves a real estate deal.

Buys Home on Thirteenth.—Among the real estate deals of the week is recorded the purchase of the Meta Wolter home on North Thirteenth street by N. B. Brown, superintendent at the Spaulding mill. The latter's family will return shortly from the east and occupy the dwelling. Six lots are included in the transfer.

ENTERTAINMENT TO BE PLENTIFUL

Parachute Drop, Ferris Wheel, Merry-Go-Round on Fourth Program

A triple parachute drop, a ferris wheel, a merry-go-round, and a variety of other concessions have been secured for the Fourth of July celebration by the committee having charge of this part of the program in charge. There will be no questionable entertainments but there will be a wide range of diversions in the concessions, which will be ground together in one section near the center of the city.

Another feature of the amusements will be the Cherrian dance which will occupy the street for a block with a band for music. According to C. B. Clancy, a member of the committee, many Portland people have informed him that they are planning to attend the Salem celebration.

WITH THE ARMY.

Half and Half.—Passing a hand over his forehead, the worried drill sergeant paused for a breath as he surveyed a knock-kneed recruit. Then he pointed a scornful finger. "No," he declared, "you're hopeless. You'll never make a soldier! Look at you now; the top half of your legs is standing at attention, and the bottom half is standing at ease."

The Test.—Conversation overheard in a munion canteen after a serving of heavy, half-cooked pudding:

"This 'ere pudding ain't 'arf 'eavy stuff."
"That's nothing. My missus made some one day that we couldn't eat, so she gave it to our ducks. A few minutes later a little boy knocked at the door and said, 'Missus Jones, yer ducks have sank!'"

BITS FOR BREAKFAST

List your rooms.
Make the three-linkers at home. This is Mothers' Day.

Germany says she will not sign. And she says she cannot carry out her part of the peace treaty if she does sign.

But she will sign, and she will carry out her part of the peace pact.

If the present government refuses to sign, the people of Germany will put in a government that will sign. They have had all the war they want, for the present, for a thousand years, and for all time.

President Wilson is ready to answer any claim of Germany that the peace treaty she must sign does not line up faithfully on his fourteen points.

You will get some of the most eloquent messages in the advertising columns of The Statesman of this morning. There are a lot of good writers in the business houses of Salem.

Senator Borah says if the United States senate approves the league of nations covenant he will fumigate and get out. Why delay the fumigation?

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing.

FLORENCE OIL COOK STOVES

Comfort, Economy and Efficiency

COMFORT—for it means a cool kitchen.
Economy—for it wastes no fuel. You burn kerosene oil only when you need it. **Efficiency**—for a Florence Oil Stove is easy and quick of operation and every bit of heat is concentrated close under the cooking.

Come in and let our salesmen show its many good points.

OUR RUG PRICES

We understand that it is quite easy to make claims one's prices are "the lowest in town," and all that sort of thing. Talk is indeed "Cheap." Still, when a store knows that it undersells every other store and at the same time gives qualities that are not to be found elsewhere, why should they not claim to have just those things?

We know that our rug prices are far below those of other stores. We know that the quality of our rugs cannot be beaten. We invite you to see our rugs—and the others—then you can believe our claims. Just keep in mind you get more for your money at—

IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drug-gists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
