One of the coming events of great interest is the concert to be given by the Glee club of Willamette university in the armory May 23. The men's club concert is an annual event in Salem, and is always one of the most important musical features of the year.

A slight departure from the cus tom is noted that the concert is to be given in the armory this year. In place of presenting it in the opera house and charging fairly high prices the club has voted unanimously to charge a uniform admittance fee

of 25 cents. Because of unsettled conditions and the S. A. T. C. the club began is practice later this year than usual which necessitated cutting down the usual extended schedule of out-oftown dates. In spite of this, the club has a number of concerts booked in the valley towns and will spend each week-end away from Salem until the close of the college year,

The personnel of the club that took the 2000-mile trip into Washington and eastern Oregon a year ago is very little changed. Several of the men who have been in the serice have returned and two or three members have materially strengthened the club.

One of the features of the club will be the work of the varsity quartet which is well known throughout the state. In the last four years the

gon, almost to the California line. They have been gladly welcomed wherever they have gone and the shortness of the season compels them to refuse many offers of dates.

The program is entirely new and

under the direction of Prof. John R. Sites, the club fully expects to surpass any of their previous concerts. The last concert about a year ago, was given in the opera house and a good many people were turned away. As accompanist, piano soloist and reader the club has Miss Florence Shirley, a senior in the college of music. This is Miss Shirley's second year with the club. She is well

known in musical circles as well as
