### FOUNTAIN NEW SIGHT TO MANY

#### Crowd of Visitors Revels in Electric Display at Band Concert

"How do you suppose they color the water?" "Where does the person stand who switches on the lights?" "How do they work that thing, anyhow?"

Such were some of the oft repeated questions of the admiring throng of visitors who witnessed the illumination of the "Watte Memorial mountain in Wilson park last night.

The occasion was the first band concert of the season, given especially with the idea of entertaining the I. O. O. F. and Rebekah delegates. Immense crowds thronged the park during the evening. The musical program consisted of popular airs with two vocal selections by Mrs. Hallie Parrish Durdall, "The Star Spangled Banner" and "Carry Me Back to Old Virginia."

There are 20 instruments in the band this year, practically all of them being played by the same men as were in 1918. Oscar Steelhammer, as director, put on a program that met with generous applause.

### Diamond SQUEEGEE TREAD Tires

Every Tire some day must "Go West"

It will have run its course—have lived its life.

Men are measured by their deeds, nations by their accomplishments, and a brand of tires by its Great Average Mileage.

That's how we chose Diamonds. It isn't only the spasmodic burst of big mileage, but the steady, persistent rolling up of 5,000, 6,000 and 8,000 miles that keeps our customers happy.

When Diamonds "Go West," they say: "I've had my money's worth. Give me another like it." That's what keeps us in business. Our stocks are always complete.

It shows where the money goes that Swift & Company takes in.

It shows that out of every dollar received by Swift & Company from the sale of meat and by-products in 1918—

- 1—Swift and Company paid for live animals - - - - 85.00 cents
- 2—Swift & Company paid out for labor, freight and other expenses - - - - 12.96 cents
- 3—Swift & Company had left a profit of only - - - - 2.04 cents

Total 100.00 cents

The 2.04 cents remaining as profit equals only a fraction of a cent per pound. It is too small to affect materially the price of live stock to the farmer or the price of meat to the consumer.
