

## TWO MUSICIANS ARE PRESENTED

Miss Ruth Bedford and Miss Joanna James Appear in Public Recital

Two of the most artistic of young musicians who have ever been presented in Salem, Miss Ruth Bedford and Miss Joanna James, appeared last night at the First Congregational church. Both young women are accomplished pianists, pupils of Miss Beatrice Shelton, and Miss James has won much praise as a soprano soloist, receiving her training from Miss Minnetta Magers.

Miss Bedford has progressed rapidly during the short time in which she has studied and there is in her playing promise of achievement. She is essentially artistic and has developed remarkable technique. Recently she has appeared as accom-

panist for the most prominent local Miss Bedford's triumph last night was in "Kamennoi Ostrow" by Rubenstein. Assisting Miss Bedford at the organ was Prof. T. S. Roberts, the accomplished organist. Miss Bedford plays with a brilliant touch, perfect freedom a characteristic of each movement. Professor Roberts is a favorite Salem musician and is an appreciated accompanist.

Miss James is well known to Salem audiences. At the age of 13, before beginning her vocal studies, she made her debut in this city by being chosen by the Moose lodge as leading lady in the "Mikado." Shortly after that her training began and last year she sang the difficult leading role in "Chimes of Normandy." Again this year she took the lead in "The Lady of Shalott." Miss James has a clear high soprano and already shows signs of developing into a successful dramatic singer. "My Desire" by Ethelbert Nevin was her heaviest piece and it also was the most popular one.

Miss Lillian Stege, the other assisting artist, is a sympathetic violin accompanist. She is one of the most popular musicians in Salem and a member of the Swarts-Stege orchestra. Following was the program:

- Morning Mood, Peer Gynt Suite, Grieg
- Anitra's Dance, Peer Gynt Suite, Grieg
- Country Dance, Nevin

## Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would sleek, arched-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous days indigestible waste, sour fermentations and poisons, before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation.

## Which Is Responsible In Your Case?

One of the three is the cause of an appalling amount of ill-health and suffering. It has been shown that 80 per cent—4 out of 5—of the people of the United States are in urgent need of dentistry.

### IF ITS IGNORANCE

Any reliable physician will tell you that decaying, unclean teeth are the cause of more ill-health than any other source—not merely the petty ailments but very often the real cause of such diseases as tuberculosis, insanity, indigestion and other stomach trouble. More often than not that general run down feeling is caused by an infected tooth apparently sound but in reality a cess pool sapping your strength.

### IF ITS FEAR

One visit to an E. R. Parker System office will convince you that there is no cause for fear in an up-to-date dental office.

### IF ITS COST

An examination costs you nothing nor does it obligate you in any way at an E. R. Parker System office. An expert will tell you exactly to the penny what the work necessary will cost and you may be assured that this amount is the lowest consistent with good work.

(Painless Parker) E. R. PARKER

In my 27 years of organizing and perfecting the E. R. Parker System, I have built up the largest dental organization in the world—successfully treating over 1,000,000 patients, without pain and at a minimum cost for quality workmanship.

The E. R. Parker System represents all that is modern and up-to-date in dentistry.

Organization—that is operation based on a sound business practice—has advanced so far under this system that today it stands as a model upon which hundreds of dentists are shaping their practice.

This organization permits of employing skilled men in all the branches of dentistry—each dentist devoting his time to the class of work to which he is best adapted.

Because of the volume of its business it permits the installation of the most improved appliances such as the X-Ray—an absolute essential part of a modern dental organization.

The E. R. Parker System stands for all that is best in dentistry—prompt and courteous treatment—highest kind of workmanship and minimum cost.

## FISH BLASTING CAUSES ARREST

Portland Men Use An Easy Method to Land Trout and Are Nabbed by Law

Two huge basketfuls of fish formed the catch of a little group of sportsmen, who made a trip to Butte creek May 11 to get a few trout. As a result one member of the party is now out of jail on \$100 cash bonds and warrants have been issued for his four companions, charged with exploding blasting powder in waters inhabited by food fish.

Complaint was made by Game Warden Roy Bremmer against Wayne Hampton, Fred Hampton, Frank Wirtz and two boys, whose first names were Ed and Roy. Hampton was placed under arrest yesterday and the Portland police have been ordered to take in custody his brother, who is employed in a shipyard. Wirtz has made a getaway aboard a ship and is not due to reach this country again for three months.

Wayne Hampton is 19 years old. His hearing has been set for today. The boy declined to talk much about the matter and says he does not know the names of the two friends whom his brother brought along on

the trip from Portland. It is alleged that they did not procure the powder until they reached Monitor.

## 40,000 DRINKS FOR SHRINERS

Harvey Wells Takes "Phez" to National Meeting at Indianapolis

The Shriners representing the state of Oregon will leave for Indianapolis next week, where they expect to capture the convention for 1920.

They will use every weapon possible to persuade the eastern members that Oregon has a real camel's milk, and yesterday arrangements were made between The Phez company and Harvey Wells, representing the potentiate and the general committee of Al Kader Temple, to furnish all the weary Shriners with a cool and refreshing drink known as "Phez"—and wherever "Phez" is served there will be a large and illuminating photographs and signs showing the loganberry vineyards, the city of Salem where "Phez" is manufactured.

Mr. Wells leaves Thursday in advance of the others to open headquarters for the Oregon Shriners, and he will establish "Phez" drinking stations whereby the thirsty nobles of

the Mystic Shrine can moisten their parched lips.

He state yesterday that he certainly will furnish 40,000 drinks.
