ALLIES IN ACCORD
ON REPLY TO HUNS

to the council is explained by the fact that his government must be given an opportunity for full concurrence if full adherence is expected. His entry into the council met-

ing today necessitated re-arranging the entire reply, articles by article.

The conditions for the admission of Germany to the league of nations embodied in the report of Lord Cecil and Colonel House are:

First, establishment of a stable government.

Second, signing of the treaty of peace.

Third, loyal execution of the peace treaty.

A proposed fourth condition, relative to Germany's abolishing compulsory military service, was finally omitted on Premier Clemenceau's suggestion. It was considered that the treaty sufficiently provided for Germany's disarmament.

SOCIALIST DEFENDS TERMS

WEIDMAR, June 12.—Edward Bernstein, the independent socialist leader, startled the majority socialist convention here today by declaring that the peace conditions arose from recognized necessities, even though they were hard and some were "unbearable."

The audience shouted in protest and Gustav Noske, minister of defense, and Herr Bauer asked about eastern Germany, whereupon Herr Bernstein replied to the amazement of the assembly:

"If we follow the map as it is governed by language we will see it follows, with a few exceptions, the lines set by the entente."

Philipp Scheidemann, the chancellor, made an address in which he ignored most of the criticisms aimed

against him. His speech was well received.

GERMAN ATTITUDE NOT CLEAR
FARIS, June 12.—The attitude of the German delegation in signing the treaty is not clear because the delegates as yet are unaware of the exact nature of the instrument they are called upon to ratify, owing to the conflicting earlier reports on the extent of the modifications accorded them. The French believe that neither the present delegation nor the present government will sign but they look for the immediate installation of a radical socialist administration which will accept the treaty.

EARLY VOTE ON KNOX
RESOLUTION SOUGHT

(Continued from page 1.)

on the resolution this week.

When the measure comes up the first of the week its supporters will try to press it to an early vote so that if adopted it will reach the Versailles conference before the signing of the treaty. The league supporters are expected to make a bitter fight against any such action. While they disclaim any intention to conduct a filibuster, they say they will not permit a vote until the resolution has been discussed at length.

DEBATE DELAYS ACTION

than 500,000 acres of land had been purchased near Camp Benning, Ga. at a cost of about \$7,000,000 for a small arms practice field even though a similar field existed at Fort Sill, Okla. He characterized this as a "criminal misuse of the government's money which should be considered the same as embezzlement."

Abuse Charges Passed.

Representative McKenzie, Republican, of Illinois, asserted that this was only one of numerous "flagrant abuses."

Democrats replied to the charges by declaring that they were as much without foundation as other charges which the majority party had been making.

"Evidently the Republicans have not taken into consideration," declared Representative Lever of South Carolina, "that the war department is saving the government by going ahead and purchasing tracts of land for which it already has spent large sums for options or improvements. Judgement must be used to determine whether it would be economically wise to abandon the property or go ahead and acquire the title of it."

Several times during the day there have been reports that the rebels were coming which caused a scurrying indoors but each time the report proved false.

The military authorities are reticent about the whereabouts of the rebels but the general belief is that to the east of Juarez they are just beyond rifle range of the federal trenches. This belief is confirmed by observers with field glasses who watched dust clouds moving from the southeast indicating the presence of a considerable force of mounted men.

Five hundred federal cavalry also left in that direction only this morning had not returned up to eight o'clock tonight, but General Gonzales says he has been in constant touch with them through runners.

past the Western Union offices. Union officials estimated there were nearly 600 of them. Messengers to the number of 200 are on strike in Chicago.

RAILROADS PLEDGE SUPPORT
TO STRIKING WIRE OPERATORS

DENVER, Colo., June 12.—The Brotherhood of Locomotive Firemen and Engineers, in triennial session here today pledged their support to the strike of the Commercial Telegraphers' Union of America.

Officials of the brotherhood announced that messages sent to President Wilson, the premier of Canada and the speaker of the house of representatives at Washington by wire yesterday were not sent over the lines of either the Western Union or of the Postal telegraph companies.

Dredge Natoma Back on Job
After Rescue from Harbor

ASTORIA, Or., June 12.—The last chapter in the history of the staking of the dredge Natoma commenced today when the craft went back to work after being rescued from a watery grave and overhauled for action.

The dredge which belongs to the port of Astoria, was sunk in the waters of the Columbia while tied up to the port pier for repairs. How the accident happened is unknown. The engineers of the port immediately began the construction of a cofferdam around the sunken dredge and have several weeks the water was pumped out. The dredge rose to the surface and was set afloat. The cofferdam was salvaged and the dredge floated out of its cage.

At the present the Natoma has been overhauled and is at work dredging out the site of its own cofferdam. As soon as this is completed, the dredge will be started on the program of port improvement which has been outlined for her for a five years period.

Tax on Wilson's Ranch by
Man in Prison Is Refunded

LOS ANGELES, June 12.—F. Ray Groves, secretary of the Democratic state central committee, issued a statement here tonight that G. R. Stubbins, tax collector of Riverside county, on the request of Groves had refunded to George A. Fox, held in the Los Angeles county jail following conviction of obtaining money by false pretenses, \$37.21 which Fox had paid as taxes on ranch property belonging to President Wilson. The property is located near Riverside. It was about to be sold for delinquent taxes when Fox paid the amount due.

Groves characterized Fox's action as a "regrettable effort to detract from the president's dignity," and said that Joseph P. Tumulty, secretary to the president, when he wired the president's thanks to Fox, was "doubtless misled as to Fox's identity" by Fox having given his address as "care of the sheriff's office." The taxes have been paid by Secretary Tumulty, Groves said.

FESTIVAL QUEEN
SPONSORS SHIP

Thousands Witness Launching as Feature of Portland Rose Show

PORTLAND, Or., June 12.—Mrs. Guy M. Porter, victory rose festival goddess, stood sponsor today at the launching of the 8800-ton steel steamship Borlston, last of a fleet of 17 to be put over at the shipyard of the Albina Engine and Machine works for the government. Thousands of visitors thronged the yards the attendance being the largest ever present at a launching here.

Tonight at the municipal auditorium a "festival sing" was held, with a chorus of 500 voices joining in patriotic songs. Earlier in the day a naval and military parade, a baby show for oriental infants only, and a repetition of the flying circus by army airplanes were features. Tomorrow the festival will come to its climax with the holding of the floral parade, the Portland classic.

REBEL FORCES
SURROUND CITY

Juarez Still in Hands of Government Troops After Day of Anxiety

WASHINGTON, June 12.—The Mexican embassy made public late today the following telegram from the Mexican consul general at El Paso, Texas:

"The city of Juarez quiet; not a single Villista follower has approached the city and reports of fights and skirmishes given out by the press are entirely false. Main body of bandits under Villa and Angeles are over 30 miles south of the city of Juarez and in no condition to attack."

JUAREZ, Mexico, June 12.—After a day of anxiety Juarez is still in the hands of the forces of the federal government. Rebel troops are reported on three sides of the town at distances variously estimated at from two to twenty miles, the latter estimate being that of the federal commander, General Francisco Gonzales.

Several times during the day there have been reports that the rebels were coming which caused a scurrying indoors but each time the report proved false.

The military authorities are reticent about the whereabouts of the rebels but the general belief is that to the east of Juarez they are just beyond rifle range of the federal trenches. This belief is confirmed by observers with field glasses who watched dust clouds moving from the southeast indicating the presence of a considerable force of mounted men.

Five hundred federal cavalry also left in that direction only this morning had not returned up to eight o'clock tonight, but General Gonzales says he has been in constant touch with them through runners.

WINNIPEG STRIKE
IS WELL IN HAND

Resumption of Streetcar Traffic Chief Concern of Authorities

WINNIPEG, June 12.—Senator Gideon Robertson, federal minister of labor, arrived today and it was intimated at citizens' committee headquarters that he is armed with wide authority in connection with the strike situation.

Strike issues occupied minor position in the scheme of things today. The beginning of the fifth week of Winnipeg's general sympathetic strike was devoted to the celebration of the return of the 78th grenadier battalion and the twelfth field ambulance corps from the battlefield of France.

The chief concern of the civic authorities is the resumption of streetcar service, paralyzed for more than four weeks. Although it has been definitely declared by Mayor Charles F. Gray and other officials that cars could operate today, it was decided to postpone action until ways and means could be thoroughly discussed.

A reward of \$500 was offered for information leading to the arrest and conviction of persons who assaulted Corporal Frederick G. Coppins, Victoria Cross hero, last Tuesday while on duty as a special constable. One hundred dollars will be paid for conviction of any other person who threw missiles during the rioting.

Union officials refused to comment on the telegrams sent by R. P. Russell, one of the strike leaders to western Canadian cities where strikes are in progress to the effect that there was a possibility of the railway brotherhoods striking soon.

Bulgarian Refutes Charge
Opium Stolen from Serbs

WASHINGTON, June 12.—The Bulgarian minister, Stephen Panaretoff, in an official statement today refuted the charge that fifteen tons of medicinal opium recently arrived in New York was looted from the Serbian poppy fields now being placed on the American market by agents of the Bulgarian government.

The opium, Minister Panaretoff said, is owned by Bulgarian merchants who bought it from producers, and it was exported to America by the Bulgarian food administration

in part payment to the United States food administration grain corporation for American flour shipped to Bulgaria. The original charge was made in a statement by the official information bureau of the kingdom of Serbs, Croats and Slovenes.

American Athletes in Paris
for Inter-Allied Contests

PARIS, June 12.—Fifty-five track and field athletes have just arrived from America for the inter-allied games to be held in Pershing stadium at Joinville-Le-Pont, near Paris, June 22 to July 6.

These arrivals increase the size of the American track team to such an extent that elimination trials will be necessary to select the three men to compete in each event. These trials will be held at Colombes, probably on July 19.

The Dumanian rugby football team entered for the games will play a practice game with the American Rugby squad Sunday.

To Administer Fuel Even
After Peace Is Declared

SEATTLE, June 12.—A plan has been worked out by the federal fuel administration "to administer fuel" after peace is declared, which has the approval of President Wilson. said a statement issued tonight by Dr. Harry A. Garfield, fuel administrator. The statement was issued through the office of David Whitcomb, former executive secretary of the fuel administration, upon return today, Mr. Whitcomb with Dr. and Mrs. Garfield, his guests, from a trip to Rainier National park.

Dr. and Mrs. Garfield leave for Washington, D. C., tomorrow. The statement said:

"With the actual coming of peace the federal fuel administration ceases to exist. I hope, however, that there will be a plan, not to continue the fuel administration, but to continue to administer fuel—a part of a general plan under which the government shall continue something of that intimate relation with industry which was created during the war. Such a plan we have worked out and it has received the approval of the president."

12 Men Arrested for Part
in Counterfeiting Scheme

KANSAS CITY, June 12.—A plot to circulate fraudulent government warrants, which had been printed on the prison press at the Leavenworth federal penitentiary, was uncovered by secret service men in the Kansas City bureau, it was stated by officials tonight and it was added that 12 men had already been arrested, including Vaserburg, who is being questioned in New York. Other arrests are expected within the next few days, it was said.

Charges of counterfeiting were made against the 12 men in warrants issued today by Fred Robertson, United States district attorney for Kansas.

The aggregate of checks printed is said by government officials here to be \$60,000,000, mostly in denomination of \$100 each.

BERGER HEARING
COMES TO HALT

Milwaukee Editor Asks Time to Prepare Evidence to Meet Charges

WASHINGTON, June 12.—After Milwaukee Leader editorials which led to the indictment of Victor Berger for violation of the espionage act, had been put into the record today, the house special elections committee, investigating his right to a seat in the house, adjourned hearings until July 7.

Adjournment was taken at Mr. Berger's request in order to give him opportunity to prepare evidence to meet charges of ineligibility. Henry F. Cochems, counsel for Berger, asked the committee to put immediately before the house his challenge to its jurisdiction.

With the editorials from the Leader, Harry R. McLogan, counsel for Joseph P. Carney, who is contesting the election, submitted the national socialist party platform, partly framed by Mr. Berger and which showed, he contended, that the member elect from the fifth Wisconsin district had given aid and comfort to the enemy by attempting to obstruct the operation of the American machinery of war.

Tacoma Metal Trades
Accept New Agreement

TACOMA, Wash., June 12.—The proposed working and wage agreement which the Pacific Coast Metal Trades district council will present to the coast shipbuilders July 15 to supplant the present Macy award was accepted by the Tacoma Metal Trades council tonight and referred to its affiliated locals for like action.

The agreement was drawn up at the recent Oakland convention and has been sent to every trades council on the coast for action, it was stated. It is hoped by its drafters to be put into effect July 21 and standardizes the work now being done by shipbuilding crafts with the hope of, minimizing disputes and carries a minimum wage of 80 cents an hour with a sliding scale upward.

TACOMA COPPERSMITHS STRIKE

TACOMA, Wash., June 12.—Coppersmiths working at the Todd shipyard walked out this morning when a new scale presented to the management calling for a maximum of \$9 a day was refused, it was announced tonight by one of the men walking out.

Church Conference Extends
Greetings to Labor Unions

CLEVELAND, Ohio, June 12.—Before adjourning tonight delegates to the conference of the inter-church movement of America adopted a committee report recommending promotion of agencies for mutual understandings between employers and employees; opening of churches to

discussion of social problems and establishment of permanent research committees to investigate all phases of social and industrial life.

The conference voted to send Rev. O. H. McGill of Seattle to extend the greetings of the movement to the American federation of labor in Atlantic city.

FORGER USES
PRISON PRESS

Then Army Lieutenant Makes Escape and Cashes in on Bogus Warrants

NEW YORK, June 12.—Sentenced to serve ten years in Fort Leavenworth prison for overstaying his leave, Ralph Vaserburg, an army lieutenant, used the presses of the prison printing shop to forge blank treasury warrants and then escaped in a major's uniform and cashed these forgeries throughout the country, secured service men told United States Commissioner Hitchcock today when Vaserburg was arraigned before him. The prisoner's home is in suburb of Pittsburgh. He was held for a hearing next week on a charge of forging and passing government securities.
