

How Much More Tobacco Will My Heart Stand?

A Vital Question for Every Man Who Smokes or Chews to Answer

May Cost a Life to Find Out and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit, make it a lotted task and then fight nicotine easy for yourself by getting Nicotol for supremacy. As long as the heart beats and taking them as directed, wins he lives; when it loses he dies. The habit really quits you and its desire before the final victory of nicotine is a pleasure equal to its indulgence and decay and suffer many days. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but here is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars, or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure, to quit.

Manufacturers' Note: Nicotol is sold under the positive guaranty that it is not injurious; that it contains no habit forming drugs; that it will help any man to throw off the tobacco habit, and that any druggist will refund the entire purchase price if it fails. It is dispensed in Salem under this guaranty by D. J. Fry and other good druggists.

Decorated for Turning Out Locomotives That Got Our Boys to the Front in Time

SAMUEL MATTHEWS VAUCLAINE

Assistant Secretary of War Cromwell recently pinned a Distinguished Service Medal on Samuel Matthews Vauclain. Mr. Vauclain did not do any valorous deed at the front, but he did a lot to help beat the huns. As president of the Baldwin Locomotive company he speeded up work and provided the necessary engines to take the doughboys and their supplies to the front. Then he helped very much in producing a mobile battery that silenced the big Krupp guns.

DR. B. H. WHITE FILES ANSWER

Defendant in Suit Brought by Wife Denies Accusations of Fraud

Denying charges of fraud in real estate transactions in which his wife was a party and alleging that she was at all times informed as to the nature and status of the deals Dr. B. H. White has filed answer in circuit court to the suit brought against him by Mrs. White in which she accused him of attempts to defraud her of property purchased with her money.

The defendant contends that when they married in 1906 he was not familiar with his wife's finances but soon learned that she was possessed of \$30,000 to \$40,000 and it was agreed between them that he should invest the money in real estate. Subsequently he alleges, he bought land in North Dakota and later in Idaho and after that the property was acquired in the name of both the plaintiff and the defendant and that Mrs. White agreed to the purchases on such basis.

He sets forth that in the case of land in Idaho, Mrs. White agreed the property should be in the name of the defendant as he had given her his personal note for some money borrowed to purchase the land. Later and before the deed to the property had been recorded the defendant had the title changed to convey the property to the plaintiff and defendant jointly.

He claims that Mrs. White has at all times had access to records and correspondence relative to the transactions and agreed to them. He asks dismissal of the suit.

ATTENDANCE BIG AT ELKS JITNEY

1800 People Attend Dance in Armory—May Be First of Series

A large number of people attended the benefit jitney dance given in the armory by the Elks last night. The Elks wished to raise funds for the expenses of their band during the Salvation Army campaign, and this popular method was used with such success that they will probably give two or three more in the near future.

The excellent 15 piece Elks orchestra furnished the music for the dancers. Henry J. Wenderoth, past exalted ruler, who is chairman of the Salvation Army drive was in charge. Between 1700 and 1800 were in attendance.

Has Fifteen Million Hand Grenades for Children Who Buy Thrift Stamps

Fifteen million hand grenades that the doughboys would have hurled at the Germans had the war continued, are to be given by Dr. J. Stanley Brown of Joliet, Ill., national thrift director, to school children who earn enough to buy war saving stamps. The grenades were perfect. All they needed to make them murderous war weapons was to be filled with TNT.

Bids for Cement Walks Turned Down by Dallas

DALLAS, Or., June 17.—(Special to The Statesman)—Bids for the construction of several miles of new cement sidewalks within the city of Dallas were turned down at the council meeting last night on the opinion that the bids were in excess of the estimate placed on the construction of the walks by the city engineer and the auditor and police judge was instructed to call for new bids. The lowest bid received was 17 1/2 cents per square foot and was placed by Barham Brothers of this city.

Daredevil Aviator Hanging by His Legs from Airplane After Leaping to It from Another Machine While High in the Air

Providing thrills for a thrill-loving public is now the business of Lieutenant Ormer Locklear. Formerly he made motorcycles do tricks and during the war he was an army flying instructor. Part of his everyday life is to leap from one airplane to another, walk atop its wings, clamber around and finally hang suspended from the landing gear while the machine is several thousand feet in the air. His "Flying Circus" has been performing recently over the old Sheephead Bay race course, near New York city. He is seen here hanging by his legs.

CONDITION OF STREAMS GOOD

Forestry Service Gives Out Weekly Report on Fishing Situation

The following fishing information for sportmen is furnished by the forestry service and reports the fishing conditions for streams in and near the national forests of Oregon and Washington. These reports are based on data furnished by field men.

Clark Creek—Fair catches of Rainbow trout are reported at points near Elgin. Reached by wagon or auto by way of Elgin.

Pine and Clear Creeks—Some catches of Eastern Brook and Rainbow trout are being made at points along the streams.

Main, East and West Eagle Creeks—Good catches of Rainbow and Dolly Vardens are being made at points along the streams. Reached by auto by way of Medical Springs and Sparta.

Bear Creek—Good catches of Mountain trout are being made at various points on the stream. Reached by auto road by way of Mitchell.

Bridge Creek—Good catches of Mountain trout are reported from various points. Reached by auto by way of Mitchell.

Imnaha—Good catches of Rainbow trout are being made at various points. Reached by auto by way of Enterprise.

Clear Creek—Good catches of Rainbow trout are reported at various points on stream. Reached by auto and trail by way of Wallawa.

Continued cold weather has cleared and lowered the streams.

Fireworks Under Ban for Dallas Fourth Festivities

DALLAS, Or., June 17.—(Special to The Statesman)—The shooting of fireworks, including fire crackers, torpedoes, Roman rockets, etc. etc., will be prohibited within the business district by the mayor of Dallas during the Fourth of July celebration in Dallas next month. The action of the mayor is taken to prevent the loss of property by fire which always occur when unrestricted limits are placed on the city during celebrations.

Jerseys Bring High Price

ALBANY, Or., June 18.—Fifty head of Jersey cattle brought \$17,275 at a sale held at the farm of Henry Stewart near here today. Buyers attended from all parts of Oregon and a few from Montana and Idaho.

Oscar Hayter Is Elected to Dallas School Board

DALLAS, Or., June 17.—(Special to The Statesman)—Oscar Hayter, prominent attorney, was elected school director in District No. 2 in which the Dallas public and high schools are located, at the annual school election Monday afternoon. Little interest was shown in the election and only a small number of votes cast there being no special tax levies for the district to be voted on at this time. Mr. Hayter has not yet decided whether he will accept the position or not.

Chautauqua Backers of Dallas Ticket Sale

DALLAS, Or., June 17.—(Special to The Statesman)—A meeting of the guarantors of the Dallas chautauqua was held in the Commercial club room last night with President Oscar Hayter presiding. Plans for selling the season tickets were adopted and at the tickets will be received in Dallas at an early date it is the wish of the guarantors that all tickets are sold before the opening day.

Dallas City Election to Be Held in August

DALLAS, Or., June 17.—(Special to The Statesman)—The special city election for the purpose of voting bonds for the construction of a storm sewer system will be held in Dallas sometime in August it was decided at the meeting of the city council last night. The route of the proposed sewer system may be changed.

Deschutes County to Have Exhibit at Fair This Year

BEND, Or., June 18.—For the first time in Deschutes county's history, the county will have an independent exhibit at this year's Salem state fair, it was decided today. Hitherto the display of agricultural products has been combined with that of Crook county.

ROAD WORK OF COUNTY RUSHED

Progress Rapid on Highway North of Jefferson and South of Aurora

Road work, both on the highway north of Jefferson and on the stretch south of Aurora is being rushed and the work is progressing at a rate never before equalled in this county, according to County Roadmaster W. J. Culver.

A large part of equipment of the county is being used on the road for the six mile stretch from Jefferson north in order that the highway commission may soon begin the work of paving it. Grading of eight miles north of the paved highway will be rushed and will be completed this year by the county as the highway commission has promised that this work will be the first paving done in Marion county next year.

From Aurora south the paving work was commenced yesterday by Oscar Huber who has contract for the laying of 11 miles of hard surfacing. There are large stores of materials on hand and abundant equipment for the work and every effort will be put forth for its early completion.

The work on the highway near Brooks is progressing at a rapid rate and a good showing has already been made in that locality.

Mr. Culver declared that it was practically impossible to construct roads fast enough to meet the demands of present traffic inasmuch as the automobile and motor truck travel is increasing by leaps and bounds. He stated that a menace exists in the overloaded trucks as they will break up the roads badly if the condition is not remedied. He cited an instance of a few days ago of a truck with a trailer which brought a load of 16 tons from Portland to Salem.

No work has been commenced on any of the market roads authorized at the recent election because all of the county equipment is being used on the larger jobs. It is very probable that nothing will be done on the market roads until spring.

Plan for Limitation of Armaments Almost Ready

PARIS, June 18.—Indications are that the initial project for the limitations of the armaments of the great naval and military powers will be ready to present at the first meeting of the league of nations in Washington in October. While the plans are subject to the signing and ratification of the treaty, a number of committees are preparing a general outline of work.

The allied reply to the German counter proposals made the statement that the allies intend to begin "immediate negotiations" for the limitation of armaments. It was explained in conference quarters today that the immediate negotiations contemplated were to be under the league of nations.

The plans for limitation apply to America as well as European countries and practically all the American armaments having considerable armies of tanks are expected to become members of the league before October.

WILL CONTINUE TO MAKE BEER

Thousands of Liquor Dealers Applying for Annual Federal License

ST. LOUIS, June 18.—St. Louis brewers, with few exceptions, will continue the manufacture of beer containing 2 1/2 per cent alcohol after July 1, provided the United States supreme court does not, in the meantime, rule that such a percentage is unlawfully alcoholic.

This statement was made by C. Norman Jones, secretary of the St. Louis Brewing association.

At the same time, Excise Commissioner Edward Lewis announced that many saloon proprietors had made application to renew licenses expiring July 1.

Marion Gay When Schools Close With Picnic Party

MARION, Or., June 15.—(Special to The Statesman)—School closed Friday, Miss Monty gave her grades, also including the fourth grade from Mrs. Hoag's room, a picnic in the woods. Later the party returned to the schoolhouse where ice cream was served. Mr. and Mrs. Hoag gave a party at night after the basket supper.

Mac Robbins suffered a broken arm while cranking his automobile a few days ago. There are now three Marion residents with bones broken. Elma arber, whose leg was broken recently, and Ovid Pickard, owner of the famous Jersey "Vive La France," who recently suffered a fractured finger, being the other two.

Mrs. C. B. Bouck returned to Portland with her daughter Carrie to visit her daughters, Alice and Bertha, and to take in the rose show.

W. J. Pierson and family started for Los Angeles Thursday.

E. E. Benga and family motored

College Students Return to Homes in Silvertown

SILVERTOWN, Or., June 17.—(Special to The Statesman)—The Silvertown students are fast returning from the various colleges. Among them already home are Miss Nellie Porter, Miss Frances Morley, Miss Una Darby, Clarence Sebo, Alvin Hobard, all of the Oregon Agricultural college and Quincy Davis, Miss Eva Digeress, Miss Maud Sargent, Alfred Adams and Edwin Durno from the University of Oregon.

Miss Olga Johnson is visiting at Portland.

Mrs. Chris Bueniss of Portland is spending the week-end at the home of her mother, Mrs. Anna Jensen.

Mrs. Mabel Patterson of Portland is visiting at the home of her father, Mayor L. J. Adams.

George Berg of Barlow motored to Silvertown for the week-end.

Four American "Aces," Members of Uncle Sam's Most Famous Flying Squadron, Who Have Just Returned Home

MAJOR R. M. CHAMBERS, CAPT. W. E. PALMER, LT. L. B. DAWSON, CAPT. SAM KAYE
