

### BELGIANS GET VIEW OF WILSON ON LEAGUE

(Continued from Page 1.)

gation and as a welcome of Belgium into her new status of complete independence to raise the mission of the United States of America to Belgium to the rank of an embassy and send an ambassador. This is the rank which Belgium enjoys in our esteem, why should she not enjoy it in form and in fact?

"So gentlemen, we turn to the future. Mr. Hymans has spoken in true terms of the necessities that lie ahead of Belgium and of many another nation that has come through this great war with suffering and with loss. We have shown Belgium in the forms which she has been generous enough to recite, our friendship in the past. It is now our duty to organize our friendship along new lines.

Belgians Need Material.

"The Belgian people and the Belgian leaders need only the tools to restore their life. Their thoughts are not crushed; their purposes are not obscured. Their plans are complete and their knowledge of what

is involved in industrial revival is complete.

"What their friends must do is to see to it that Belgium gets the necessary priority with regard to obtaining raw materials, the necessary priority in obtaining the means to restore the machinery by which she can use these raw materials, and the credit by which she can bridge over the years which it will be necessary for her to wait to begin again."

### FAREWELLS SAID AFTER DAY OF MANY FUNCTIONS

BRUSSELS, June 19.—The King and Queen of the Belgians said goodbye to President and Mrs. Wilson tonight, after a day of functions and sight-seeing that taxed the energies of every individual in the American party.

The president made three speeches and an extended tour of the battlefields, attended a luncheon and a formal dinner by the king. Had there been any doubt relative to the feeling between Americans and Belgians, it was removed in the chamber of deputies when the president was warmly applauded by the members and those gathered in the galleries.

led to his recall and the entry of the United States into the war.

Bernstorff, however, does not wish to sign the treaty and thereby, perhaps, make himself the best hated man in Germany, whereas now he is now one of the most popular.

Latest reports indicate the appointment of Gustav Noske as premier, which it is considered, would be equivalent to the setting up of a dictatorship.

The Spartans are seizing the occasion to tie up many of the railroads with the intention of imprisoning the government at Weimar.

### AMENDED TEXTS SHOWS CHANGE IN CANADIANS

PARIS, June 19.—The amended text of the draft of the peace treaty with Germany shows a change in the Canadian delegates. In the original document they were named as Sir Robert orden, prime minister, and Sir George Foster, minister of trade and commerce. In the amended text

J. Doherty, minister of justice, is named with Sir George Foster.

### CHINESE FIRM IN RESOLVE TO SIGN WITH RESERVATION

PARIS, June 19.—(By The Associated Press)—The Chinese delegation to the peace conference remains firm in its resolve to sign the German peace treaty with reservations. When the German rights in Shantung were awarded to Japan instructions were received by the delegation from the president of China and the Chinese cabinet not to accept this settlement. These instructions have not been altered.

Members of the Chinese mission say they are constantly receiving messages from China which show that the feeling is so bitter against the Shantung clause in the treaty that the delegation could not sign the document unreservedly.

### TRAVEL OF MILITARY AGED ENEMY RESTRICTED ON RHINE

COBLENZ, Wednesday, June 18.—(By The Associated Press)—The granting of permission to Germans of military age to travel to unoccupied Germany has been stopped by orders of the intelligence office, in view of the uncertainty of the peace situation.

There have been some German movements opposite the American front in the last few days. These have not been in great numbers, however, and the Americans do not expect opposition if they start ahead. But they will go forward prepared for a real war with all its consequences.

### MEASURES TAKEN TO STOP HUNGARIAN RED INVASION

COPENHAGEN, June 19.—A dispatch from Vienna received here reports military measures have been taken to counteract a plot of Hungarian red guards to invade German Austria and proclaim a soviet republic.

### ITALIAN GOVERNMENT QUILTS FOLLOWING ADVERSE VOTE

ROME, June 19.—The Italian government resigned this evening following an adverse vote against it in the chamber of deputies.

Premier Orlando, in announcing his resignation and that of the cabinet, said King Victor Emmanuel had reserved decision as to acceptance.

The chamber of deputies had by a vote of 259 to 78 rejected Premier Orlando's motion in favor of discussion the question of confidence which related to the foreign policy of the government in secret session.

### SITUATION COMPLICATED BY ACTION OF ITALIANS

As an addition to the uncertainty prevailing with regard to whether Germany will sign the peace treaty has come a crisis in the Italian government to perplex the peace conference. Failing to secure a vote of confidence in the chamber of deputies in Rome on a demand by Premier Orlando that the chamber in secret session listen to the government's explanations of its foreign policy, the Italian cabinet is expected to follow precedent in parliamentary affairs and forthwith resign. Such action probably would still further complicate the work of the peace conference.

The vote of lack of confidence in the government was an overwhelming one, being 259 to 78. Prior to the vote the premier announced the various economic and financial questions concerning Italy had been solved or were about to be solved.

German Feeling Changes.

While the members of the German peace delegation are still reported unofficially as loyally opposed to signing the treaty and the greater part of the German cabinet to be of similar mind, latest indications are that the general feeling in Germany is tending toward recognition of the fact that the allies demands must be met.

American peace conference circles in Paris have revoked intimations that to meet the requirements of the allies there must come a change in the personnel of the recalcitrant German leaders and that a request for a short extension of time from Monday may be asked in order that a plebiscite in Germany can be held to determine the consensus of the masses. These indications, however, seemingly point toward the belief that the Germans, in any eventuality, will sign.

### Foch Is Ready

Meanwhile, Marshal Foch continues his preparations to meet any contingency that may arise. The concentration of allied troops along the Rhine will be complete Saturday in readiness to invade Germany further in case the Germans remain obdurate up to the time of the expiration of the time limits. Foch is reported also to have extended his line to the Danube.

### Governor Finds Thrills in Trip by Aeroplane

Upon returning early yesterday from Sacramento where he made the trip from Portland by airplane Governor Ben W. Olcott recounted a number of thrilling experiences that heretofore have not gotten into print. One of these was the flight over Cow Creek canyon where Colonel Watson, commander of the air squadron, declared was one of the most difficult in his experience. A difficult landing at Cottage Grove was another thriller for the governor.

Governor Olcott decided to continue the journey from Oregon to Sacramento to take up with the authorities the question of the practical use of airplanes on the coast in the future and will communicate with the Oregon delegation in congress relative to a forest patrol by airplane.

### Amendments Considered Qualified in California

SACRAMENTO, Calif., June 19.—It was believed tonight at the office of the secretary of state the referendum petitions against the national prohibition ratification and the Parrish enforcement act passed by the last legislature "had qualified beyond doubt."

### OUTLOOK BRIGHT FOR FARM FUND

Chairman Boise Confident Oregon Will Receive \$500,000,000 Aid

PORTLAND, Or., June 19.—Confident that Oregon will receive her share of the \$500,000,000 which congress soon appropriate for reclamation and settlement work, Whitney L. Boise, chairman of the Oregon land settlement commission, today returned from Washington, D. C. He was enthusiastic from the encouragement he received while in the national capital and said Oregon would reap great benefit from the big program of development included under the bill for reclamation of arid and swamp lands and establishment of farm settlements under government supervision.

While in Washington he held conferences with Franklin K. Lane, secretary of the interior; Dr. Taylor, chief of the bureau of farm development of the department of agriculture; Senator C. L. McNary and the Oregon congressmen and attended conferences of various committees.

Republicans and Democrats are supporting the \$500,000,000 appropriation bill, Boise said.

### License Fees Are Pouring Into Commissioner's Office

About \$50,000 in fees has been received by the commissioner since June 1 and it is estimated that upwards of \$100,000 will have been received by July 1. All corporations are not prompt in paying licenses, and while the fees are due July 1 they will come in heavily for several weeks following the date set by law.
