Ohioans Have Right to Decide on Suffrage Bill

COLUMBUS, Ohio, June 19.—Right of Ohio voters to approve or disapprove the action of the state legislature in ratifying federal constitutional amendments was upheld today by Judge E. B. Dillon of the Franklin county common pleas court. The decision unless reversed by higher courts will permit a referendum to be held on both the federal prohibition and woman suffrage amendments which the legislature has ratified.

Brown, of Corvallis, Is Speaker at Convention

SALT LAKE CITY, Utah, June 19.—Physical educators and directors from California, Washington, Wyoming, Oregon, Montana, Nevada, Colorado and Utah gathered in this city today for the second annual convention of the western district, American Physical Education association. Today's meeting was held in the Desert gymnasium, Dr. J. A. Widtsoe, president of the University of Utah, welcoming the visitors.

Following talks by A. D. Browne, Oregon Agricultural college, and Dr. E. G. Gowans, state superintendent of public instruction, Utah, swimming demonstrations were given in the gymnasium pool.

Filipino Crew Brings Destroyer Across Sea

PORTLAND, June 19.—With a crew composed almost entirely of Filipinos, the United States torpedo boat destroyer Jose Rizal dropped anchor in the harbor here today. A number of local naval officers, headed by Lieutenant George E. Gandy, in charge of the Portland office of the navy recruiting ervice, met the destroyer down the river and went on board.

Naval officers here have not yet been advised how long the vessel will remain in the harbor, but they hope she will be kept her for about a week. The purpose of the visit at this time is to speed up recruiting in the navy.

The Jose Rizal has only recently been completed at San Francisco and this trip with Commander Root, U. S. N., in charge, is the maiden voyage of the fighting craft.

VEGETABLES' MEDICINAL PROPERTIES

Celery is valuable for rheumatism, as well as for nervous dyspepsia.

Tomatoes have been called "vegetable calomel," because of the way they act on the liver. They should be taken raw, for cooking destroys the medicinal quality to a certain extent.

Onions are very good for nervous conditions. Nervous prostration can be considerably helped by an onion diet.

Carrots and beets should be eaten for the purpose of improving the blood.

Lettuce is splendid for sleeplessness. The stalk contains a substance that has been compared to opium for its soothing power, although it has none of the harmful effects of opium.

The same is true of certain fruits as is true of vegetables.

Lemons are very good for biliousness and liver complaint. They are fine for cleaning the blood and keeping it pure, especially for persons eating considerable meat and few vegetebles and fruits.

Cranberries are said to be valuable in cases of malaria.

Pears contain much iron and are excellent in all those conditions of the blood where iron is deficient.
