HISTORIC HOTEL TO BE TORN DOWN

Landmark of George Washington to Be Replaced by Modern Building When Prohibition Becomes Effective

PHILADELPHIA, June 21.—Another landmark of George Washington is to go into the discard. The historic Washington House, noted as a hotel since 1748, is to be torn down as soon as prohibition becomes effective, it is announced. In its place will be erected a modern hotel, office building and theatre.

The place is filled with reminiscences of Washington and revolutionary times. Washington retreated to it after the disaster of Brandywine. A bronze tablet reads: "In this room September 11, 1777, Washington wrote the only report of the battle of Brandywine." Previously Washington had been

Doctor Tells How to Detect Harmful Effects of Tobacco

Try These SIMPLE TESTS

New York: Doctor Connor, formerly of Johns Hopkins hospital, says: Many men who smoke, chew or sniff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system, slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion etc. Others may suffer from heart disease, bronchial trouble, hardening of arteries, tuberculosis, blindness or even cancer of the common affection known as tobacco heart. If you use tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read aloud one full page from a book. If, in the course of reading your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, or trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or sniff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco, the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note—When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including D. J. Fry.

a guest in this hostelry then known as the Washington Arms and again, when making the journey from Washington to New York when he was elected president, he with his retinue had breakfast in the hotel's dining room. To commemorate this event the Daughters of the American Revolution erected a tablet reading: "This marks this house as the place where Washington wrote at midnight the only report of the battle of Brandywine, September 11, 1777. Here Washington also received the congratulations of the people of Chester upon his election as the first president of the United States, April 20, 1789."

After the evacuation of Philadelphia by the British army the name of the hotel was changed to the Washington House. On each occasion when Washington stopped at the hotel the best room in the house was placed at his disposal. The fine mahogany chairs which were in this room are still preserved as historic relics. When Washington departed from Chester for New York for his inauguration ceremony he rode a splendid white horse, the gift of the citizens of Darby, Pa., nearby. As he rode away he passed the Plow and Harrow Inn, which had the reputation of being the best kept tavern in the colonies. There it was that Lafayette's wounds were dressed by Mary Gorman on the night of the battle of Brandywine.

PALMER MAKES ACCUSATION AT FIRST HEARING

WASHINGTON, June 20.—Attorney General Palmer, at the first public hearing in the fight to prevent confirmation by the senate of his appointment, turned sharply today upon his accusers and boldly charged that they were aligned with German interests in a concerted attempt to discredit his administration as alien property custodian.

During the year and a half he was in charge of the office, Mr. Palmer declared he had been denounced by every enemy alien and every friend and attorney of every enemy alien in this country and that in Berlin he was characterized as the "official American pick-pocket." Every friend of the 40,000 aliens whose property had been seized because he was attacking him, he said, because his organization had seized enemy property and captured the Germany industrial army in the United States, it would be shown, he told the committee, that the par-

ticular charges lodged against him were not based on the ground that he had sold enemy plants at too low a price, but that he had sold them to Americans who had turned them to profitable account.

Wrangle Lasts Five Hours.

For nearly five hours the senate judiciary sub-committee, conducting an open inquiry at the request of the attorney general, was in a continual snarl.

His bitter feeling remained to the end, the meeting closing abruptly and in disorder, with the announcement another session would be held tomorrow. There was a strong belief at the capitol tonight that no further hearings of consequence would be held and that the committee would recommend confirmation of Mr. Palmer's appointment.

Walsh Charges Lewis

The first evidence of bitterness was displayed at the very outset, when Senator Walsh, Democrat, of Montana, charged Merton Lewis, formerly attorney general of New York, with deceiving the committee last week through failure to quote all of the sections of the law bearing

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."—Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

on the right of the alien property custodian to seize enemy property. Mr. Lewis, who is counsel for Harvey T. Andrews, the principal complainant, frankly stated that he had been in error and that he had come prepared to offer his apologies. Senator Walsh retorted that while he accepted the statement without res-

ervation, Mr. Lewis should realize that the committee thereafter could not rely on anything he said. Frequently during the presentation by Mr. Lewis of documentary evidence he clashed with Mr. Palmer and no effort apparently was made by either to conceal his feeling of hostility.
