Mandamus Writ Issued Against Accident Board

A writ of mandamus has been issued from the circuit court for Marion county against the state industrial accident commission in the case of C. W. Fenn against the commission to compel the latter to bring suit against Mrs. Edna Blanche Dibbern of Portland for recovery of \$4000, or to appear in court by July 17 and show cause why it should

not bring suit. The sum of \$4000 was awarded Mrs. Dibbern by the commission under the workmen's compensation act after her husband had been accidentally killed while employed by the Grant Smith-Porter Shipbuilding company. The amount awarded Mrs. Dibbern was in a lump sum, which the commission claims was a legal proceeding. The petitioner for the writ avers that this was not legal for the reason that Mrs. Dibbern was still a resident of the state when payment was made. The \$4000 is now held

by the sheriff of Multnomah county under a writ of attachment in the case of Lee Roy E. Keeley against Mrs. Dibbern. Keeley claims the money is due him from Mrs. Dibbern as attorney's fees and he states he will release the attachment as soon as action is taken for return of the \$4000 to the state.

REPORT MADE ON SEABECK EVENT

One of Most Profitable Conventions Ever Held, Says President Doney

The Y. M. C. A. Convention at Seabeck was one of the largest and most successful of the kind ever held, as 189 students and faculty registered for the eight days session, lasting from June 15 to June 22 inclusive. The convention was under the direction of Gale Seaman, student secretary for the western section of colleges, and every day from 6:30 in the morning until 1:30 at night was crowded with interesting and helpful events. Such is the report brought home.

There was one principal address made each morning and evening and other informal addresses presenting certain phases of work were made. President Doney, of Willamette university, President Kerr of Oregon Agricultural college, President Lindner of the University of Idaho, Prof. N. F. Coleman of Reed college and Dr. Boyd of Portland made the principal addresses.

In an athletic contest held during the convention the students of Willamette university outclassed the boys from all other institutions, winning by a score of 33 points, which was more than twice the score of its nearest competitor. Students from the University of Washington, University of Oregon, University of Idaho, Reed college and all other colleges of the northwest took part. Another enjoyable feature was the singing of the Willamette university quartet, which gave one concert sitting in a boat on the lakes, while the audience sat on the banks.

An intensive study of religion in relation to every phase of human society was made, and a number of decisions of life work were determined upon.

IT IS ALL GONE NOW

Samuel L. Kramer, Box 95, Sellersville, Pa., writes: "I had kidney trouble for two years and had a terrible backache. That is all gone now after using Foley Kidney Pills and I feel well again." Foley Kidney Pills get results quickly and are tonic in their healing and soothing effect. J. C. Perry.

NEW COURT IS UNDER PROTEST

Portland Citizen Asserts Tazwell is Usurping Position of Judge

Validity of the act of the 1919 legislature in creating a new department of the circuit court in Multnomah county, making Judge George Tazwell a circuit judge over the department which includes the probate work of the county, is protested by John W. Kaste, a Portland lawyer with offices in the Henry building. Mr. Kaste's letter of protest, in which the writer as a citizen and taxpayer forbids the secretary of state to audit claims for Judge Tazwell's salary as circuit judge, apparently is designed to lead to court action as a test of the enactment.

The letter has been referred by Deputy Secretary of State Sam A. Kozor to Attorney General Brown, and should the attorney general advise that the new judge's salary be held up the case might go directly into the supreme court through a mandamus action by Judge Tazwell. There is some doubt whether the attorney general will so hold. Mr. Kaste's letter follows:

"I beg to herewith notify you that I am a resident and a citizen and a taxpayer of this state, residing at No. 107 East Sixty-ninth street, Portland, Oregon, and I am an attorney at law with offices at No. 600 Henry building, Portland, Oregon. I own considerable amount of real property situated in Multnomah county, Oregon, upon which I have paid for years past and am now paying taxes into the public treasuries of this state.

As the secretary of state, charged with the duty of auditing the claims of all public officials entitled to be compensated out of the state treasury, including any and all judges of the circuit courts of this state, I herewith notify you and forbid you to issue any warrant or voucher to George Tazwell of the city of Portland, Oregon, who is now and for some weeks past has been usurping the office, powers and duties of a circuit judge of the fourth judicial district of the state of Oregon. I shall hold you and your bondsmen liable if any of the funds of this state are diverted in payment of any claim audited by you that said George Tazwell may make upon you for compensation as circuit judge of this state."

GOVERNOR NOT TO CALL PROBE

Waverly Baby Home Under Welfare Commission, He Informs Baker

Because the Oregon child welfare commission as created anew by the 1919 legislature is clothed with authority to investigate institutions having to do with children, Governor Olcott has advised Mayor Baker of Portland that the executive office is without authority to cause a probe into conditions at the Waverly home by a specially appointed commission. An epidemic at the Waverly home recently caused the deaths of more than a dozen children.

In a letter signed by G. H. Douglas president of the Rotary club; I. L. Riggs, president of the Progressive Business Men's club; Marshall N. Dana, president of the Portland Ad club, and A. C. Newill, president of the Oregon Civic league, Mayor Baker was asked to make an investigation through the governor's office. The letter asked for the organization of a special committee for the purpose with power to subpoena witnesses, and one member to represent important civic organizations of Portland.

The Herpicide Co., Detroit, Mich.
Gentlemen:

After the use of a single bottle of your Herpicide, it was plainly noticeable that my hair had improved to a marked degree. In every possible way the health and vigor, and beautiful luster of my hair were improved to the extent that my friends commented on it. My observation of many artists on the stage and screen, particularly the stars in Paramount Pictures, has taught me the value of beautiful hair. This attribute no doubt aids in the securing of opportunities for many artists.

Cordially yours,
Lila Dee
