### Brazil's President Elect Who Was Forced to Leave Disabled Ship in Midocean

Dr. Epitacio Pessoa  
An accident to the engines of the French cruiser Jeanne d'Arc, which was bringing Dr. Epitacio Pessoa, president elect of Brazil to New York, necessitated his transfer in midocean to the transport Imperator. From wireless despatches it seems Dr. Pessoa, his family and official party were in no great danger. They will go to Washington.

Your closet have several inverted towel racks screwed on the under side of the shelf, from front to back. These will be found convenient for holding sets of hangers—one rack for blouses, one for dresses and another for coats perhaps. Near the floor of the closet a tier of rods for holding shoes will save space and eliminate dust. These rods may be any length, but they should be projected several inches from the wall, so that the heels catch over them when the shoes are slipped in.

### IT IS ALL GONE NOW

Samuel L. Kramer, Box 95, Sellersville, Pa., writes: "I had kidney trouble for two years and had a terrible headache. That is all gone now after using Foley Kidney Pills and I feel well again." Foley Kidney Pills get results quickly and are tonic in their healing and soothing effect. J. C. Perry.

## OLD WISCONSIN PICNIC IS HELD

### Former Residents of Badger State Enjoy Annual Jolly- up Meeting

The Wisconsin association held its tenth annual reunion and picnic at the state fair grounds yesterday. About 20 enjoyed one of the most successful gatherings of this association. A feature of the noon meal was an old-fashioned barbecue and a big tub of lemonade made in the style Judge Bingham, Judge Webster and W. L. Cummings enjoyed at Fourth of July celebrations and the picnic on the last day of school when they were country boys back in Wisconsin. These treats were the gift

## THESE PRICES ARE FOR EVERY DAY IN THE WEEK

We owe our success to the fact that we have always stood for the best in the meat line at the lowest prices.

We have no "Bargain Counter Meats." These prices are for the choicest meats obtainable.

REMEMBER WE ARE NOT CONNECTED WITH ANY OTHER MARKET IN THE CITY.

So long as the people of Salem support us they need not fear a "High Price Combine."

Ask any visitor or newcomer the meat prices in their home town. "There's a reason," they have no Midget Market.

It is to your benefit as well as ours to give us your patronage.

of Judge Bingham and were greatly enjoyed. Features of the afternoon program were an address by Conrad P. Olsoa of Portland and violin solos, bone solos and songs by Mr. Hill and Flint, assisted by Mrs. Rose Hagedorn.

Other numbers were vocal solos by Mrs. Hendry of Salem and Miss Grace Trestrail of Portland, and a recitation by little Miss Maxine Clark, which was especially enjoyed. It was voted to hold the next picnic at Silverton. The newly elected officers are Judge G. I. Bingham, president; A. C. Bohnstedt, vice president, and Judge Daniel Webster, secretary-treasurer.

The farmer who chops with a poor axe, digs with a poor shovel, or uses poor tools for any purpose, works to

a great disadvantage. The purchase of and use of poor tools because they are cheap is a false economy.

According to the U. S. Department of Agriculture, the farmers in the United States lost \$50,000,000 worth of wheat and \$80,000,000 of oats from smut alone last year.

### HELPS FOR THE HOUSEWIFE.

**A Trundle Box**—A box especially constructed with wheels or castors, so that it can easily be pulled out, allowing no dust to collect, is a fine makeshift for a closet. These boxes to be kept under the bed, can be had made of cedar wood but you can easily make one yourself by covering an ordinary, long window box with

chintz or cretonne, which makes it look attractive and helps to make it dust proof. Such a box must, of course, have a hinged cover and a handle attached to the outer side so that you can get hold of it easily, and it should also be provided with five casters, one at each corner and one in the center of the box to make it spin about and roll from under the bed easily. It should be long enough

to allow a dress skirt to lie full length without folding.

**To Save Space in a Closet**—Space-saving device is a waist rack which can be hung upon the door or wall of a closet. It is made of a wooden rod, sixteen inches long, enameled white, and has six brass screw-hooks placed at equal intervals upon it. A metal hinge on one end fastens the rod to its support. The other end has a brass ring and a brass chain 2 inches long, attached to it. The chain, caught to a hook above, supports the rod when it is in a horizontal position, but it can be made to take up but little space by folding the rod flat up against the door and by catching the ring on the end to the hook above.
