

# DIAMONDS

For the past few years diamonds have been steadily increasing in value and in a very few years more, really good diamonds will be scarce and far more expensive than now. If you contemplate buying a diamond do it at once. We have a number of excellent values. It will be a pleasure to show them to you.

Postmaster Huckestein, who is chairman of the committee to make arrangements for the Elks' trip to Klamath Falls to attend the convention, announces that matters are taking shape and the committee will soon be able to make definite statements in regard to the trip. It is

certain that the band will go along and a jolly trip is assured, although it will not be possible to secure a special train as there will not be enough Elks going from Salem to warrant getting a train. The local lodge will join the Portland Elks when their train reaches Salem and make the journey with them. Those who plan to take the trip are asked to give their names to Mr. Huckestein in order that reservations may be made for them. When the plans are completed they will be announced through the local papers.

## LIGHTNING IS CAUSE OF FIRE

### Some Blazes in Polk County Incendiary in Opinion of Warden Fuller

DALLAS, Or., July 20.—(Special to The Statesman)—During the past week at least four separate fires have been started in the timber area in Polk county by lightning striking trees and old snags and have caused fires to break out which have taxed the efforts of the fire fighters for a few days. District Fire Warden W. V. Fuller said today that all of the fires with the exception of that on LaCreole river several miles above Dallas have been extinguished and that he was taking a large crowd of men into the timber with him for the purpose of corraling that particular fire.

Most of the land burned over by the flames has been old burns and so far but very little damage has been done in the standing timber. Mr. Fuller said another fire which broke out last week was, he believed, of incendiary origin but that it was extinguished before it had time to spread.

Two big barns of the Sheridan Lumber company located near the old mill on Mill creek in the northwest part of the county were mysteriously destroyed by fire last Sunday morning. By heroic efforts the blaze was kept from communicating with the mill and other property in the vicinity but on several occasions leaped across Mill creek and started fires in timber on the south side. Mr. Fuller made a record breaking run to this fire and gathered a group of fire fighters which kept the flames from gaining very little headway in the timber and late Sunday the fires were all dead.

## FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

## MONARCH MILL IS PURCHASED

Mortgage Bids in Property for \$542,000—Operation to be Resumed

PORTLAND, Or., July 30.—In a sheriff's sale here today William C. Crawford purchased the Monarch Mill, located in the industrial center on the peninsula near this city. His bid for the mill and site was \$530,000 and for the lumber yard \$12,000, making a total of \$542,000. Crawford who was the only bidder, is the mortgagee of the property, the amount of the mortgage being \$600,000. There is \$5,000 in taxes delinquent against the property and this sum will be paid when the mortgage is finally satisfied in the court records.

The Monarch Mill long has been in financial difficulties, but through the sale made today, it is believed that its affairs finally will be settled and the mill, which is one of the most modern in the state, will continue in operation.

## No Reconciliation Effected In Portland Jewelry Strike

PORTLAND, July 31.—A reconciliation has not been effected between the 21 retail jewelry stores of Portland and the International Jewelry Union, now on strike. R. A. Sutcliffe, who is heading the striking watchmakers, said today that efforts of retail jewelers of Portland to have their work done in San Francisco and Seattle would fail, as the Portland union had wired Seattle and San Francisco locals not to accept any work sent from Portland. Many retail jewelers, however, refuse to accede to the union's demands for a closed shop and an eight hour day for watchmakers.

After all, the ex-kaiser may not be tried in London—and that is about the only way he will ever get into that town.
