"I Think that Crescent Baking Powder Is Fine"

Crescent produces light, sweet, wholesome, fluffly baking.

Crescent Baking Powder

The above statement was made by a user of Crescent Baking Powder in a letter of request for our Cook Book:
I always worried to get things with the oven, she writes, "as soon as possible before the rise of the powder was over. But with Crescent I find this is not necessary. Another good thing in favor of your Baking Powder is that I use only about half as much as other baking powders, and by buying the 5-pound tin I save 25c on every dollar's worth I purchase, and I find it keeps as good as ever. I think that Crescent Baking Powder is fine!"
Your grocer can supply you.
