

## Doctor Issues Warning And Tells How To Stop Tobacco Habit

New York, Dr. Connor, formerly of Johns Hopkins Hospital says: I am often asked if I know anything to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit-forming drugs, is absolutely harmless and produces astonishing results in a very short time. The use of tobacco saps the vitality, vim, vigor and ambition of the slave who is enthralled by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, head ache, tongue and lip cancer, and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning.

If you want to free yourself from tobacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco. The craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol tablets one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away ahead of anything we have ever sold before. We are authorized by the manufacturer to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including D. J. Fry.

## POST SECURES 35 MEN IN DAY

Local Unit of American Legion Sets Goal at Thousand Memberships

Membership applications for Capital Post No. 9, American Legion, which were turned in yesterday numbered 35, most of them being in response to the letters sent out by the membership committee. Indications are that large numbers will be received during fair week.

The committees are to continue their work for several weeks and have as their aim a post membership of 1,000. Letters received by the officers and committees of the post indicate that the campaign has created much interest among relatives and employers of serving men, as well as the men themselves.

12-20 Kerosene Tractor with 16-valve engine

"The work is the important thing, Dad!"  
"Then let's get the Twin City 12-20 and be certain!"

That's the way to look at it—from the standpoint of the work a tractor has to do.

Get a tractor that will do the work—that is simple to operate; quickly and easily accessible.

The Twin City 12-20 Is Built to Meet the Work—Not to Meet a Price

It has stood the gaff of every farm and field strain you can put upon it. On every job from hauling 3-bottom plows in heavy soil to every type of belt work, it has proved that it is made for the emergency load as well as the constant everyday strain.

### These Features Show Its Quality

- The 16-valve engine, valve-in-head type. This is the only application of this powerful type of engine to tractor work.
- The counterbalanced crankshaft is another unusual advantage.
- The ignition is Bosch High Tension Magneto.
- The transmission is dust-proof, sliding spur-gear type, has two forward speeds, direct drive on both.

Designed by some of America's foremost engineers. Manufactured complete in one of the largest tractor plants in the world.
