

SOCIETY

By RUTH LENORE FISHER.

HE closing social event for the Methodist conference visitors was the banquet to the ministers' wives on Saturday night at the Ladies' Aid society of the church as hostesses. A delicious dinner was served and the attractive tables were adorned with bowls of lavender and white asters. After the meal a short program was enjoyed, at which were addresses by Mrs. Walter Simpson Hughes of Portland and Mrs. George H. Parkinson of Portland. Miss Lucille Barton of this city and Mrs. James Moore of Springfield delighted the guests with vocal solos. After the banquet a short business meeting was held by the organization and the remainder of the evening was spent in a social way.

A surprise in the social circles was created with the announcement of the approaching nuptials of Harry Quinn Mills, formerly of this city and a nephew of Mrs. E. T. Barnes of this city, and Miss Anna Lamb of Denver, Col., which will

take place October 16 at the home of the bride's parents in Denver. Mrs. John A. Mills, formerly prominent Salem woman but now of Portland, will accompany her son to Denver for the wedding.

He graduated from the high school here and attended Willamette university for a while before going to the University of Oregon to specialize in piano. He has just recently returned from overseas where he spent two years in the service. Miss Lamb, when she visited in Salem three years ago, made many close friends because of her charming personality.

After the wedding they will make their home in Portland where Mr. Mills has a music studio.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing, vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

OBITUARY

Mrs. Philippina Warner.

With the passing of Mrs. Philippina Warner, September 13, 1919, Salem lost a much beloved pioneer, who since 1852 had been a continuous resident of the city. Although she was of the wholesome home-keeping character, she nevertheless made many warm friends who mourn the loss of her companionship.

She is survived by an only son, Walter B. Warner, of Portland and two daughters, Mrs. May Roberts of Portland and Miss Clara E. Warner of Salem, all of whom were present at her death.

The deceased was born in Peoria, Ill., August 21, 1847, and accompanied by her parents, came to Salem by ox-team in 1852. The hardships of the trip across the plains was imparted to her as a child, and it has ever been one of her noticeable characteristics that she met and conquered hardships and misfortunes uncomplainingly.

Many of Salem's older residents will no doubt recall her parents, Mr. and Mrs. Moritz Brey, who resided at Cottage and Union streets.

At the age of 19 she married James Warner of Salem, who preceded her to the grave in 1897.

Since 1875 she resided at 1285 South Liberty and was warmly admired by all the residents in that vicinity.

She was a charter member of the Degree of Honor, also a member of the Women of Woodcraft. The burial service, September 15, in Odd Fellows' cemetery, was under the auspices of the Degree of Honor, and the large attendance, together with the many beautiful floral offerings, bespoke the esteem in which Mrs. Philippina Warner was held by the people of Salem.

NOT SO OLD AS SHE LOOKS.

Women do not like to look older than they really are. Neither do men. Both sexes are subject to kidney trouble, and kidney trouble makes the middle aged look old. Foley Kidney Pills act promptly to restore weak, overworked or disordered kidneys and bladder to a healthy condition and banish lameness, aches and pains. J. C. Perry.

RU-BER-OID and MALTHOID READY ROOFINGS

In the manufacture and selling of Ru-ber-oid and Malthoid Ready Roofings The Paraffine Companies, Inc., has been guided by the same high principles of built-in quality and a square deal to everybody that have made every Pabco Product the standard of its kind.

How Quality is Built-In

From beginning to end every process in the manufacture of Ru-ber-oid and Malthoid is carried out by The Paraffine Companies, Inc. Certain plants are devoted to collecting raw materials. Rags, which are the basis of the felt, are assembled and cleaned and made into the strong felt. Crude oil is refined to produce the exact quality of asphalt necessary for best results. The felt is saturated with the water-proofing asphalt and is coated with a special compound to give it an extremely long life, all under the constant supervision of experts. From first to last the greatest care is exercised in the complicated processes. Samples of every run of roofing are subjected to various tests to see that every roll of Ru-ber-oid and Malthoid comes up to the high standard which has been set. This constant inspection and precision of manufacture make certain that the finished Ru-ber-oid or Malthoid is the best ready roofing that it is possible to produce.

Its World-wide Use

Everybody on the Pacific Coast who knows anything about building construction knows that Ru-ber-oid and Malthoid Roofings are pre-eminently the ready roofings of highest quality. In foreign countries, too, from Alaska to Australia, from Siberia to Peru, Ru-ber-oid and Malthoid have become the standard. Their world-wide use is a guarantee of their dependability.

The Dependable Product of a Dependable Company

The responsibility of The Paraffine Companies does not end with the production of Ru-ber-oid and Malthoid. Representatives are always at the service of any purchaser to advise and to answer any questions which may arise as to the application of roofing. Its service extends to the small farmer who buys one or two rolls of roofing, as well as to the jobbers, dealers and big industrial corporations.

From the raw material to their final application The Paraffine Companies, Inc., see to it that Ru-ber-oid and Malthoid Ready Roofings maintain their positions as the standards of their kind.

Acquittal Verdict for Man Accused of Arson

H. H. Pomeroy, an investigator for the state fire marshal's department, has returned from Pendleton where he represented the department in the trial of A. C. De Vleming, who was accused of being an accomplice with his brother, E. H. De Vleming, in the burning of a house and barn owned by them near Hermiston on May 1. Both men signed confessions and E. H. De Vleming pleaded guilty, while the other stood trial. Because of lack of evidence sufficient to corroborate his confession as an accomplice, he was acquitted.
