No Hope This Week,

Earlier in the day Democratic leaders had declared there was no hope of a vote this week on Shandung because Senator Worah, Republican, of Idaho, had let it be known that he would not give the unanimous consent to such a move befor e Senator Johnson, Republican of California, had returned from his western speaking tour against

the elague of nations. Senator Lodge said consideration would be expedited by putting all spare time on the job of reading a four-day task at best. Senator Hitchcock of Nebraska, floor leader for the administration forces, said the plan suited him, except that he would prefer a ovte next Wednesday or earlier on the amendments, which Senator Lodge frankly admitted was quite impossible.

Reporting on Accomplishments of War Council, Bishop Muldoon Announces Plan to Put Organization in Field to Give Further Assistance

While General John J. Pershing was leading two million fighters at the front, Bishop Peter J. Muldoon, chairman of the Administrative Committee of the National Catholic War Council, was directing the war work behind the lines of at least as many men and women. With the three other bishops representing the heirarchy of the Catholic Church in this country, this vigorous Bishop of Rockford was responsible for the co-ordination, control and efficiency of all the organized activities for Uncle Sam of all the Catholic workers in this land and overseas, from beginning to end of our part in the world war. And, all the time, he was planning to turn his welfare army into fighting forces for true Americanization and real reconstruction at the return of peace. Incidentally, it may be added that he was also administering, just as effectively as ever, the affairs of his large diocese out at Rockford, Ill.

When he reports to the conference of the heirarchy of his church, that

Also 37 authentic, history-making documents. Facsimile signatures of all of the members of the War

A book like this tells, as no other can, the official side of America's history in the war. It affords an opportunity for reviewing at leisure the part this government has played in the conflict from the moment of the outbreak of hostilities in the summer of 1914 up to, and including, President Wilson's speech on LEAGUE or REBELLION, upon his first return from the Peace Conference.

For clearness of thought, keenness of perception and brilliance of expression, President Wilson's Speeches stand pre-eminent in the oratory of our American statesmen, and are being studied by his opponents as well as his admirers. It is for posterity to judge the value of these documents, but to be ignorant of them is no merit, even on the part of those who do not agree with their contents.
