Potts Clears Himself—
E. J. Potts of Falls City and Independence and better known as "Dr." Potts, has had a great deal of trouble recently with his banking affairs. Dr. Potts appeared before Judge Unruh yesterday and cleared up a recent "no funds" check charge which had been filed against the doctor. According to his own version of the affair, Dr. Potts had given a \$5 check to a R. L. Young who delayed in presenting the check to the bank at Falls City. In the meantime Dr. Potts moved to another town and transferred his funds to a bank there not knowing that the check had not been presented. After Dr. Potts proved that he had available funds in the second bank he was released by Judge Unruh.

An answer was filed yesterday in the divorce case of Belle Steene vs. D. D. Steele. The defendant seems inclined to allow the mother custody of the child but asserts his willingness to contribute a sum commensurate with his earnings to support the little girl.

Boy Has Narrow Escape—
An unknown lad a bicycle had a narrow escape yesterday when he tried to "catch on" to a car driving east on State street. The lad caught hold of the automobile near the intersection of Church and State streets and had ridden only a couple of blocks when the auto suddenly turned south on Winter street with the result that the boy was violently thrown from his wheel and barely missed the rear wheels of the car, the driver of which had not observed him. The youngster hurried away seemingly uninjured, but perhaps thoroughly convinced that the practice of stealing rides in this fashion is very dangerous.

BITS FOR BREAKFAST

Salem "Y" gets the money.
The people are backing the Y.M.C.A. to the limit asked for, and its activities will be greater than ever before.

It would vomit a buzzard.
What would vomit a buzzard?

The antics of the peanut and polliwog politicians in Washington, when ratification was in sight. The dinky parasitic seat warmers with bats in their bellies, and dry rot where brains ought to be, are afraid the thing will get by and be over, without any political advantage to them. And the Republicans are as bad as the Democrats, if not worse.

And there is no Moses in sight, this side of Marah.
Wanted, above all things, a big man in Washington. The people are so tired of the jerkwater politicians that infest and fill that place.

Prince Rupprecht of Bavaria blew up yesterday when he was informed that he was one of the 600 named by the French for trial for crimes against civilization during the war, and said he would not surrender. Poison gas was first used under his command. A Salem doughboy who knows suggests that he be punished by being obliged to do double time for 40 miles, wearing a gas mask. This Salem doughboy says that would be enough. No second dose would be needed.

Wages are higher than ever before in Germany. But that is not enough to make a man want to live there.

Deer Plentiful in South, Says Warden Roy Bremmer

Game Warden Roy Bremmer has returned to Salem after a duty period in southern Oregon, in the Hiddle and Tiller districts. Mr. Bremmer brings good news to sportsmen desirous of a good deer hunting season, as he states that deer are very plentiful at Tiller. Pioneer residents of the district told Warden Bremmer that many bucks were being seen and that hunting parties in that section were having better luck than for years. Roads are reported as being in good condition and many of the season hunters are expected to make the trip.
