

SALEM, OREGON, SUNDAY MORNING, OCTOBER 26, 1919.

GUARDSMEN MOBILIZED FOR STRIKE

Troops Held in Readiness to Quell Disorders in Canton, O.—Mayor and Sheriff Ordered to Quiet Riots

CITY HEAD DECLARES CASE BEYOND CONTROL

American Workers Attacked by Foreigners—Many Are Injured

COLUMBUS, O., Oct. 25.—Five hundred Ohio national guard troops tonight are mobilizing at Akron where they will be held in readiness for strike duty at Canton.

The order for mobilization was issued by Governor Cox after receiving word from Colonel J. M. Birmingham, of the adjutant general's office and other sources, that severe rioting as steel plants had not been enbrd by local authorities.

Call is Expected.

The troops mobilizing are machine gun and infantry companies.

If rioting continues it is expected the troops will be rushed into Canton.

Governor Cox sent a telegram to Mayor Charles E. Poorman of Canton notifying him he would be expected to bring the disorder to an immediate end or appear before him Monday to show cause why he should not be removed from office. A similar telegram was sent to the sheriff of Stark county.

MAYOR GIVES UP AS DISORDERS CONTINUE

CANTON, Oct. 25.—With state troops mobilizing at Akron, only 20 miles distant, to take charge of the steel strike situation here, which has resulted in recent riots in which many persons were injured, Mayor Poorman issued a statement tonight declaring the situation beyond his control.

With such a declaration from the mayor, the general belief is that Governor Cox will forthwith order the troops from Akron into Canton.

Workers Waylaid.

Strike disorders continued tonight.

H.C.L. HITS JOY TICKETS MARRIAGE LICENSES UP NEW BILL RECOMMENDED

SEATTLE, Oct. 25.—Marriage license fees will be raised from \$4.50 to \$5 and the cost of recording them to 25 cents, if a bill prepared by the legislative committee of the state association of county auditors is approved by the next legislature. A bill to make all funds in county treasuries available for payment of warrants was also favored. The committee concluded its work today.

DIAMOND HORSE SHOE ACCLAIMS BELGIAN PARTY

Brilliant Performance Given for Queen Elizabeth's Pet Charity

WEST POINT VISITED Train Carrying Monarchs Has Unique Record in Railroad History

NEW YORK, Oct. 25.—The famous "Diamond Horse Shoe" of the Metropolitan Opera house glittered with jewels tonight in honor of the king and queen of the Belgians. The wealth and fashion of New York packed the great auditorium from pit to dome to hear a special performance for the benefit of Queen Elizabeth's hospital fund, one of her majesty's most cherished charities.

WEST POINT VISITED

The visit to the opera ended a busy day. The king flew to West Point this morning in a navy hydro-aeroplane to review the cadets and returned by air. After the future army officers had passed before him in review he delivered an address.

King Albert received the degree of doctor of laws, "magna cum laude," the highest honor Columbia university can confer, this afternoon.

The Belgian special train which carried King Albert and his party across the continent and back, was sponged and pressed in the Pennsylvania railroad yards today for the final stage of the journey to Philadelphia.

ROOSEVELT LEFT ESTATE OF \$810,607

Entire Sum Left to Widow in Trust for Children in Proportions to be Determined by Her at Any Time

LIBERTY BONDS \$30,000, JEWELRY IS BUT \$285

Property Includes Trophies and Gifts From Many Rulers and Pope

MANEOLA, N. Y., Oct. 25.—Colonel Theodore Roosevelt left an estate valued at \$810,607, according to affidavits filed here today with Transfer Tax Appraiser Gehrig by executors of the will.

After approximately \$34,000 has been deducted for funeral expenses, counsel fees and debts, the entire estate will go to the widow of the former president in trust to be distributed among their children in any proportion she may determine.

A trust fund of \$60,000 given to Colonel Roosevelt by his father to be used by Mrs. Roosevelt during her life will revert to her children at her death.

Sagamore Hill, the Roosevelt estate at Oyster Bay where the Colonel died last January, is appraised at \$180,500. The estate also includes corporate bonds valued at approximately \$294,000, the largest of which is \$30,000 worth of first liberty loan bonds. The bonds also include a \$1000 subscription to the Canadian victory loan and a \$3000 Republic of Mexico bond which is listed as worthless. Stocks owned by the former president are valued at approximately \$184,000.

Royalties to be derived from publications of the Colonel's books were estimated at \$7000 while a value of \$21,537 was placed on his libraries. One of the smallest items is one of \$285 which represents the value of jewelry.

Included in the list of appraisals are gifts from various foreign dignitaries, trophies of the Colonel's hunting expeditions and various paintings including one given him by the late Pope Leo XIII.

STANFORD BEATS AGGIES 14 TO 6

Californians Spring Surprise on Oregon Team in Hard-Fought Game

CORVALLIS, Or., Oct. 25.—Stanford's football warriors sprung a surprise on the Oregon Agricultural college eleven here today by winning a hard fought game 14 to 6. The Californians showed excellently in the open style of play, long runs featuring their victory.

It was estimated that 7000 persons saw the game.

Officials: Sam Dolan, referee; Ployden Stott, umpire; George Bertz, head linesman; "Shy" Huntington and "Ad" Dewey, time keepers.

The summary:

Yards from scrimmage—O. A. C. 403; Stanford 69.

Punts—O. A. C. 19 for an average of 49.8 yards; Stanford, 11 for an average of 46.8 yards.

First downs—O. A. C. 19; Stanford 5.

Balls lost on downs—O. A. C. 1; Stanford 9.

Fumbles—O. A. C. 2; Stanford 3.

Forward passes—O. A. C. 1 complete, 5 incomplete, 3 intercepted; Stanford 3 complete, 2 incomplete.

Yards gained by passes—O. A. C. 25; Stanford 47.

Penalties—O. A. C. 0 yards; Stanford 15.

WILSON'S GAINS STILL KEPT UP

Report From Cabinet Only Labor Permitted—Bulletin Omitted

WASHINGTON, Oct. 25.—President Wilson spent a quiet day and his physicians said he continued to hold the gains he has made recently.

No routine executive business was laid before him. Several minor bills reached the white house from the capitol and the department of justice sent over a number of pardon cases to await the president's action.

The one exception to the "no work today" rule applied by Dr. Grayson, was a report from the cabinet which held morning and late afternoon sessions to discuss the impending strikes.

BABE NAMED FOR KING ALBERT PRESENTS GIFT VISIT IS ON BIRTHDAY

YOSEMITE, Cal., Oct. 25.—Named after King Albert and Prince Leopold because he was born on the day the royal Belgian party visited here, Albert Leopold Jones, son of M. B. Jones, a chauffeur employed in the national park, here will receive a silver set as a gift from the monarch. This information was received today from the military aide to King Albert.

LABOR TO SAVE STRIKE RIGHT DESPITE LAWS

Federation Issues Warning of General Walkout in Event of Passage

"DIRECT ACTION" HINT

Legislation Chief Reason for Calling of General Conference of Heads

WASHINGTON, Oct. 25.—Organized labor intends to preserve the right to strike, officials of the American Federation of Labor said today in warning that passage in the congress of the anti-strike legislation proposed in the pending railroad bill would result in an immediate general walkout over the country.

"Direct Action" May Come.

William H. Johnston, president of the International association of Machinists, second largest union affiliated with the federation, said "direct action" might be resorted to if all other means of advancing the interest of the unions failed. He referred particularly to what he termed the efforts of employers to shut out unions by binding their workers with individual contracts. He announced that with the passage of the anti-strike legislation he would order immediately a vote on a strike of the 350,000 members of his association and predicted that the heads of the other 112 international unions in the American Federation of Labor would take similar action.

Legislation Figures Up

It was said today that this legislation was one of the principal reasons the heads of the unions in the federation were to be summoned here for a conference soon.

Officials of the four railroad brotherhoods conferred today with Samuel Gompers, president, and other officers of the federation.

Present at the conference also were representatives of the following farm organizations: The National Board of Farm Organizations, the Federation of Milk Producers, the American Society of Equity and the National Farmers' Union.

MEXICO TOLD TO FREE AMERICAN

Release of Jenkins, Consular Agent, Immediately Is Official Order

WASHINGTON, Oct. 25.—Acting on instructions from the state department the American embassy at Mexico City has demanded of the Mexican government that it effect the release of William O. Jenkins, American consular agent at Puebla, held by bandits for \$150,000 ransom. The American government insisted that if necessary the ransom be paid by Mexico.

Senator Myers, Democrat, Montana, introduced a resolution in the senate calling upon President Wilson to use the armed forces of the United States if necessary to bring about the release of Jenkins and to punish his captors. Action on the resolution was deferred until Monday.

Mrs. Maud Sanderson Passes Away at Family Residence

Mrs. Maud Sanderson, wife of James A. Sanderson, passed away at the family home, 754 South Thirteenth street, at 11:30 o'clock last night. The body is at the Terwilliger funeral home. Funeral announcements will be made later.

TIME GOES BACK

"Old time" again prevails.

At 2 o'clock this morning, new time, was the juncture officially proclaimed as the time to turn back the watches an hour, so that while all Sunday events, churches, theaters, etc., will be at the usually advertised time, they actually will be an hour later as compared with the schedule of recent months. The time that becomes effective today is standard time.

VOTE IS SET BACK AFTER DAY OF TALK

Senate Appears Further from Action Than Ever on Johnson Amendment Equalizing America and Britain

REPUBLICANS PREDICT ACTION IN FEW DAYS

Debates Along Familiar Lines Made Leaders of Various Factions

WASHINGTON, Oct. 25.—After talking all day on the Johnson amendment to the peace treaty the senate tonight seemed further away from a vote on the proposal than it was this day the debate started.

Leaders on both sides had been hopeful of a roll call before adjournment but when the administration managers tried to set a specific time to vote, the found the Republicans unwilling to bind themselves to action today, Monday, Tuesday or Wednesday.

Republicans Expect Vote

On the Republican side it was predicted that a vote might come any one of these days however, and Republican Leader Lodge announced that he was prepared to prolong Monday's session so as to hasten the debate.

Senator Lodge led in Person today the fight made for the amendments against an opposition which for several days had made its defeat virtually a foregone conclusion. He argued that while the Johnson proposal would not accomplish completely the equalization of voting power in the league, it or some similar provision was necessary to protect American interests.

W. S. C. SMASHES U. OF C. 14 TO 0

Veterans of Marine Corps Plunges Through Line with Frequency

BERKELEY, Cal., Oct. 25.—The heavy line of the University of California's football defense was smashed here today by the plunging backs of the Washington State college, the visitors winning by a score of 14 to 0. The veterans of last year's Mare Island marine corps outfit who played with the Washington eleven, Dick Hanley, Moran and Gillis, repeatedly plunged through center guard and tackle for substantial gains.

SUGAR SHORTAGE GIVEN RELIEF

Portland Receives 9000 Sacks of Beet Product from South for Distribution

PORTLAND, Or., Oct. 25.—A total of 9000 sacks or 900,000 pounds of beet sugar was unloaded in Portland today. The steamer Daisy Matheux arrived at the Couch street docks with 300 tons and the Rose City docked last night with 150 tons on board.

This will go far toward relieving the shortage.

A telegram received from San Francisco stated that a shipment of six to eight carloads would leave San Francisco today for Portland. This means that in about four or five days there should arrive in the neighborhood of from 800,000 to 900,000 pounds in addition to the supply already in port.

Gantenbein Denies Workers Injunction on Picketing

PORTLAND, Oct. 25.—Judge C. U. Gantenbein, in the circuit court today denied the application of the laundry owners, whose union employees are on strike that an injunction be granted to regulate picketing at the laundries, he made more severe. The laundry owners desired that union pickets before the plants be restrained from informing passersby that "this place is unfair." Judge Gantenbein held that such remarks by pickets were privileged as long as they were not addressed specifically to individuals. He ordered, however, that the unions withdraw all but two pickets from each laundry plant.

BOOZE TRAFFIC DENIED COUPLE OUT ON BOND 5 CASES SOLD, CHARGE

PORTLAND, Oct. 25.—Mr. and Mrs. R. E. Laposee of Oakland, Calif., Ed. Gagel and N. L. Smith were released on bonds here late today, following their arrest on a federal charge of having violated the Reed amendment by conspiring to import liquor from California. Smith told federal officers in the presence of Laposee that Laposee had supplied him with five cases of liquor for Portland patrons, but Laposee denied the charge. The Laposees were arrested at a hotel here yesterday.

LUMBER MILL WILL RESUME USUAL WORK

Indications Are That Pact Will Be Signed by Two Sides Today

OPEN SHOP WILL STAY

Whether Some Workers Go to Other Jobs Is Now Problematical

Indications are that operation of the mill of the Charles K. Spaulding Logging company will be resumed tomorrow morning. Agreement between the workers and Mr. Spaulding still lacks signatures, and conflicting reports came last night as to the exact purport of the pact that awaits signatures before the men return to work.

P. R. Holden, organizer, asserted last night following a long meeting at Union hall that the agreement embraces all that the workers demanded. Mr. Spaulding stands on an agreement, approved by L. J. Simeral president of the Central Trades and Labor council, and by Pascal Traglio, its secretary, that has a reservation.

The reservation, namely that in a few instances reinstated men be placed at different work from that which they were employed when dropped, apparently caused a hitch when the proposed pact went before the meeting of union men. Holden termed it a joker, and now claims that Mr. Spaulding has said he will sign an agreement whereby all men are to be reinstated on their former jobs and that there shall be no discrimination against union men. Holden says no demands have been made relative to a closed shop.

The agreement which Mr. Spaulding said last night would be the basis on which the men would return to work tomorrow morning was addressed by him to L. J. Simeral, president of the Salem Central Trades and Labor council, and reads as follows:

"After investigating the operation of the Timber Workers' union and conferring with you this evening, we have no further objection to the organization of a union among our employees at Salem, providing the open shop is maintained in our plant. We agree to reinstate all employees and agree that there will be no discrimination toward employees on account of their joining the timber workers' union, reserving the right of placing men in a few instances at other work."

"Very truly yours, Charles K. Spaulding Logging company, by Charles K. Spaulding, president."

Approved by L. J. Simeral and Pascal L. Traglio.

Subsequent to the submitting of this proposed agreement, Holden asserts that Mr. Spaulding said he would sign an agreement without the reservation relative to placing men on other jobs than those where they were employed when dropped from the payroll.

W. F. Brainard, vice-president for Oregon of the International Timber Workers' union, is authorized to sign for the workers.

CLUB TO HEAR NOVEL ADDRESS

Dr. E. V. Stivers, Eugene, to Be Speaker at Business Lunch Monday

Dr. E. V. Stivers of Eugene known to the Portland Ad club and other civic organizations as the "fire-eating parson," will be the speaker at the business men's lunch at the Commercial club Monday noon. His subject will be "Religion in Business and Business in Religion."

He has given the address last Monday but was prevented from being present by the illness of his daughter.

Dr. Stivers is said, by those who have heard him, to be a speaker of dynamic force and scintillant delivery. He has appeared repeatedly at civic meetings throughout the northwest and is reckoned one of the most entertaining and rapid-fire speakers among the clergy of the state.

COAL STRIKE IS UNLAWFUL SAYS WILSON

President Issues Statement With Full Approval of Cabinet in Which Move Is Called "Unjustifiable"

LAW TO BE ENFORCED

Public Welfare is Paramount Issue Is Declared in Detailed Statement

WASHINGTON, Oct. 25.—President Wilson issued a formal statement tonight with the approval of the full membership of his cabinet declaring the projected strike of bituminous coal miners under present circumstances "not only unjustifiable it is unlawful."

The statement called upon officers of local unions to recall orders for the strike and added:

"I can do nothing less than to say that the law will be enforced and means will be found to protect the interests of the nation in any emergency that may arise out of this unhappy business."

Statement Emphatic

The president's statement follows: "On September 23, 1919, the convention of the United Mine Workers of America, at Cleveland, Ohio, adopted a proposal declaring that all contracts in the bituminous field shall be declared as having automatically expired November 1, 1919, and making various demands including a 60 per cent increase in wages and the adoption of a six-hour work day and a five-day week; and providing that, in the event a satisfactory wage agreement should be secured for the central competitive field before November 1, 1919, the national officials should be authorized and instructed to call a general strike of all bituminous miners and mine workers throughout the United States effective November 1, 1919."

"Pursuant to these instructions the officers of the organization have issued a call to make the strike effective November 1. This is one of the gravest steps ever proposed in this country, affecting the economic welfare and domestic comfort and health of the people. It is proposed to abrogate an agreement as to wages which was made by the union and the United States fuel administration and which was to run during the continuance of the war, but not beyond April 1, 1920. This strike is proposed at a time when the government is making the most earnest effort to reduce the cost of living and has appealed with success to other classes of workers to postpone similar disputes until a reasonable opportunity has been afforded for dealing with the cost of living. It is recognized that the strike would practically shut off the country's supply of its principal fuel at a time when interference with that supply is calculated to create a disastrous fuel famine. All interests would be affected alike by a strike of this character and its victims would be not the rich only but the poor and the needy as well—those least able to provide in advance a fuel supply for domestic use. It would involve the shutting down of countless industries and the throwing out of employment of a large number of the workers of the country. It would involve stopping the operation of railroads, electric light and gas plants, street railway lines and other public utilities, and the shipping to and from this country, thus preventing our giving aid to the allied countries with supplies which they so seriously need. The country is confronted with this prospect at a time when the war itself is still a fact, when the world is still in suspense as to negotiations for peace, when our troops are still being transported and when their means of transport is in urgent need of fuel."

Plan Drastic

"From whatever angle the subject may be viewed, it is apparent that such a strike in such circumstances would be the most far reaching plan ever presented in this country to limit the facilities of production and distribution of a necessity of life and thus indirectly to restrict the production and distribution of all the necessities of life. A strike under these circumstances is not only unjustifiable, it is unlawful."

"The action proposed has apparently been taken without any vote upon the specific proposition by the individual members of the United Mine Workers of America throughout the United States, an almost unprecedented proceeding. I cannot believe that any right of any American laborer needs for its protection the taking of this extraordinary step, and I am convinced that when the time and money are considered it constitutes a fundamental attack, which is wrong both morally and legally, upon the rights of society and upon the welfare of our country. I feel convinced that individual members of the United Mine Workers would not vote, upon full consideration, in favor of such a strike under these conditions."

Public Interest Paramount

"When a movement reaches a point where it appears to involve
