

The Best Amusement Ever in Oregon Coming to Salem

IN ANNOUNCING GUY BATES POST as the best amusement attraction ever seen on the Coast I am only voicing the opinion of the critics of San Francisco, Portland and every other city in which this well known star has presented "THE MASQUERADER" not in past seasons, BUT RIGHT NOW—

THE SAME EXCELLENT COMPANY—THE ONE THAT HAS PRESENTED THIS ATTRACTION SINCE IT BEGAN—The same wonderful scenic equipment—with its double revolving stages—its three mechanical crews—its triple electrical equipment and inimitable resources that requires three mammoth cars to transport, will be seen in SALEM WEDNESDAY NIGHT, NOVEMBER 12.

WHEN NEGOTIATIONS BEGAN for this wonderful organization, the writer made a visit PERSONALLY TO SEATTLE, in order that I might be fully and thoroughly familiar with the merits and massiveness of this presentation. I was more than repaid for the trip, by seeing what I honestly believe to be the most finished and impressive theatrical entertainment I have ever seen, THE MOST COMPLETE THAT HAS EVER MADE A TRANS-CONTINENTAL TOUR—

THE STAGE OF THE GRAND IS LARGER THAN MOST STAGES THROUGHOUT THE STATE, and yet by actual measurement there is but a few inches to spare in accommodation this massive production, and only that is made available by removing every vestige of house scenery and equipment, in fact the Manager for Mr. Post made a special trip to this city and personally measured the stage to make certain of its adequate dimensions.

IT IS WITH PARDONABLE PERSONAL PRIDE that I can and do assure the amusement lovers of the valley of the unusualness of this production—Mail orders will be received and reserved in order of reception now. The usual and customary box office sale will open six days in advance of the engagement.

PRICES—the same as Portland, San Francisco and all other cities, will range from \$1.00 to \$2.50—And I desire to state while there is no chance for The Grand to make a profit from this exceptional engagement, I feel certain amusement lovers will amply reward by their continued and appreciated patronage.

Respectfully,
T. G. BLIGH,
Manager.

PAID LAWYERS GET NOWHERE FOR CONVICTS

Neither Governor Nor Parole Board Will Listen to Clemency Pleas

HEARING GIVEN FRIENDS

Prosecutors and Judges Must Recommend Men Asking Conditional Pardon

Attorneys who are paid to plead with the governor or the parole board that executive clemency be extended to convicts prejudice rather than assist the prisoner's cause, says a statement issued by Governor Olcott Saturday. The governor declares that neither he nor the board will listen to these attorneys. The governor says he will always accord a respectful hearing to friends and relatives.

Further, Olcott's statement that only in very exceptional cases will conditional pardons be granted unless specific recommendations come from the presiding judge and the district attorney who acted in any particular case.

"Pathetic instances have come to my notice where relatives or friends of a convicted man have made great financial sacrifice to pay a fee to an attorney to make a plea for securing executive clemency for him," said the governor. "I believe that this is unjust, both to such relatives and friends and the convicted man, and I wish it plainly understood that representations in behalf of a prisoner, coming from some one paid to make such representations, rather prejudice than assist the cause of such prisoner. I cannot countenance or tacitly encourage such commercializing of human liberty."

"It has been my practice always to give a respectful and considerate hearing to every person who, disinterestedly, wishes to present a plea for clemency. Friends or relatives will be accorded such a hearing without the interposition of an attorney. "I wish to say further in explaining my position, that applications for conditional pardons will be given no consideration, except in most extraordinary cases where there seems to be a certainty that some innocent man has been wrongfully convicted, until specific affirmative recommendations for granting such clemency are received from both the presiding judge and district attorney who acted for the state at the time of the prisoner's trial and conviction. This custom has been adhered to in every case that has come before me except where extraordinary circumstances obtained.

"Obviously, the executive office cannot be familiar with the circumstances surrounding the cases of the hundreds of men who are sentenced to the penitentiary or to county jails. The men who best know these circumstances are the judge and the district attorney who acted on the case."

CURED HIS RHEUMATISM

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army, over 50 years ago. Like many others, I spent money freely for so-called cures, and I have read about Uric Acid until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change. You might just as well attempt to put out a fire with oil as to try to get rid of rheumatism, neuritis and like complaints by taking treatment supposed to drive Uric Acid out of your blood and body. It took Mr. Ashleman 50 years to find out the truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from "The Inner Mysteries," now being distributed free by an authority who devoted over 20 years to the scientific study of this trouble. If any reader of The Statesman wishes "The Inner Mysteries of Rheumatism" overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. E. Clearwater, 653-A Street, Hallowell, Maine. Send now, lest you forget! If not a sufferer yourself, cut out this notice and hand this good news and opportunity to some afflicted friend. All who send will receive it by return mail without any charge whatever.

NO GOVERNOR TO ELECT

(Continued from page 1)

voted upon at the next primary election. Kozer's Duty Plain. In holding that a governor is not to be elected in 1920, Attorney General Brown again hangs his opinion on the case of Chadwick vs. Earhart. If this case is not correct law, he holds, it can be set aside by the supreme court through the mandamus action suggested. Advising Mr. Kozer of his duty as a ministerial officer, the attorney general reminds him that it is not within the scope of his duties to pass upon the validity of a law requiring his action, and that he has but one duty which is obedience.

"Then, as a ministerial officer," the opinion says, "I advise that you must assume that the principle enunciated in the case of Chadwick vs. Earhart is the law of Oregon, and that no election is to be had for the office of governor at the general election in this state to be held in 1920."

STRIKE TIES UP MOST OF SOFT COAL MINES

(Continued from page 1)

COAL IN WASHINGTON SEIZED UPON ORDER SEATTLE, Nov. 1.—Orders to seize all coal in transit were received today by L. C. Gilman, district director of the railroad administration from H. H. Ashton, regional director at Chicago. The order was put into effect immediately.

Unimpeachable—if you were to see the unequalled volume of unimpeachable testimony in favor of Hood's Sarsaparilla, you would upbraid yourself for so long delaying to take this effective medicine for that blood disease from which you are suffering.

MOTOR RETURNS FAR IN LEAD

Receipts for 1919 Will Exceed Those of Last Year by \$140,000

Receipts from motor vehicle registrations and other incidental fees for 1919 will exceed by substantially \$140,000 the aggregate for 1918, which was \$461,422, says a statement issued Saturday by Sam A. Kozer, deputy secretary of state. The number of automobiles registered for October, just closed, is greater by far than for the same month in previous years, says Mr. Kozer.

"In October, 1919, there were 1,955 passenger and commercial cars registered by the secretary of state while in the month of October, 1918 only 784 cars were registered and in 1917, 1,225 cars, which was the largest number prior to 1919," Mr. Kozer said. "There were also registered by the secretary of state during the month just closed, 52 motorcycles, 17 dealers and 124 chauffeurs. Notices of the transfer of 1,219 motor vehicles and 37 motorcycles were also filed during that month. The total fees received during October, 1919 for all registrations was \$9,236.00. This brings the gross fees for motor vehicle and chauffeur registrations during the year 1919 up to \$596,832.00. This entire sum less administrative expenses is turned over to the state highway commission for road construction and road improvement. The number of motor vehicle licenses issued on October 31, 1919, 82,399; motorcycles, 3,459; motor vehicle dealers, 583; and chauffeurs registered, 67. The registrations for 1919 are now approximately 19,000 greater than for the year 1918 and it is not unlikely that before the present license year closes that the total number of registered motor vehicles will be nearly 20,000 in excess of the number for 1918. It is a well known fact that had motor vehicle dealers been able to deliver cars promptly as orders were placed with them, that the registrations in Oregon for the current year would have reached nearly 25,000 in excess of the registrations for 1918."

VARNEY WARNS AUTO DRIVERS

Fines Will Be Meted Out and "First Offense" Plea Will Not Go

Fines, not warnings, hereafter will be meted out to violators of the traffic ordinance. Chief of Police Varney has issued the following warning to violators: "Beginning Monday morning every person brought into this office who is guilty of infractions on the laws pertaining to cutting corners, exceeding the speed limit, running between street car and curb when passengers are emerging from or entering the cars, and other statutes, will be severely reprimanded and fined. This also applies to all those who persist in ignoring the ordinance requiring lighted tail lamps after dark. Lately we have endeavored to warn violators and to give them a chance when arrested by the officers upon the first offense plea, but in many cases this leniency has been repeatedly abused and from this time on all traffic violators will know by an appearance in the office for traffic infractions that they have not attended a Sunday school picnic." Officers have also been instructed by Chief Varney that bicycle riders who are ignoring the city ordinances by carrying no lights are to be warned that drastic action will be taken within a few days against this form of violation. Several accidents

have occurred lately in which bicycle riders were injured and in one instance serious results were narrowly averted when a lad riding a lightless wheel was struck by an auto and thrown in front of a street car, only being saved by the quick action of the car driver in jumping from his moving car and snatching the boy from the track. There have been many complaints lately that very few of the bicycle riders carry lights.

PHEZ COMPANY PLOWING FARM

Big Tract of 120 Acres Will All Be Planted to Logans Next Spring

The Phez Land company is having 120 acres of its farm in South Bottom plowed with a powerful Caterpillar tractor. The six plows turn up the soil nearly one foot in depth and six feet wide as the tractor moves slowly around the field. The ground will be plowed again next spring when it is planned to set the entire tract to loganberries.

A Japanese named Kodama, was in South Bottom yesterday looking for a location on which to grow potatoes. He will either buy or lease a farm on which is suitable soil. He predicts a high market price for spuds next summer. Kodama is now operating a large apple evaporator at Lafayette in Yamhill county.

Nick Vollek has purchased a tract of 14 acres located just south of the Clear Lake church seven miles north of Salem. The former owner was Claude Settemire. The purchase price was \$200 an acre. Mr. Vollek was offered an advance of \$200 above the total amount he paid for the land the day following the closing of the transfer to himself. He intends to plant a variety of fruit on the holdings next spring.

A. M. Jerman who, with Mrs. Jerman, has been enjoying a honeymoon tour through Washington and Canada during the past month, has returned to Salem. They expect to locate on the large hop ranch operated by the Jerman brothers in South Bottom.

Corvallis Aggies Win From University Freshmen

Several Salem football fans went to Corvallis yesterday to witness the football game between the freshmen teams of the University of Oregon and Oregon Agricultural college which was won by the aggies 2 to 0. A place kick by McKenna won the game for the Agriculturalists in the last quarter. Among the Salem fans attending the game was Fred A. Williams of the public service commission. His brother, W. W. Williams is coach of the Aggie freshmen.

FIX STOMACH RIGHT UP

"Pape's Diapepsin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, indigestion food, when you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin as an antidote. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment, and they cost so little too.
