2409 PARCELS ARE SENT TO SALEM PEOPLE

Secretary of State's Office
Mails License Application Blanks

AUTOS SHOW INCREASE

Requests Received Up to November 10 to Be Drawn for Numbers

Parcels totalling 84,941 pieces of mail were sent through the Salem postoffice Saturday from the motor vehicle registration department of the secretary of state's office to every motor vehicle owner in the state, also to every motorcycle owner, dealer and registered chauffeur. Salem receives 2409 of them. The parcels contain blank forms on which applications for the 1920 licenses are to be made to the secretary of state's office. The distribution of license tags will begin November 11, or if that day, which is armistice day, is observed as a legal holiday by the department, the day following.

The number of parcels sent out on November 1, 1918, for the 1919 licenses totaled 63,903.

The parcels go to practically every postoffice in the state, the bulk of them, or 28,456, going to Portland. The cost of mailing this year is \$849.41 and for last year it was \$839.08. The following figures show the quantity of pieces going to the larger cities and towns of the state:

Salem, 2409; Vale, 159; The Dalles, 949; Tillamook, 561; Heppner, 347; Pendleton, 1180; St. Johns, 1147; St. Helens, 173; Dallas, 464; Hillsboro, 611; Medford, 1147; Oregon City, 901; McMinnville, 627; Hood River, 759; Eugene, 1452; Klamath Falls, 792; Baker, 941; Enterprise, 314; Corvallis, 755; Bend, 751; Roseburg, 726; Lakeview, 207; Grants Pass, 483; Astoria, 1254; Coquille, 182; Prineville, 340; Ashland, 528; La Grande, 524; Albany, 1040. In announcing the figures, Sam A. Koser, deputy secretary of state, said:

"The figures above given have no reference whatever to the number of registered motor vehicles. The parcels include a supply of blanks to every registered motor vehicle owner, motorcycle owner, motor vehicle dealer and every registered chauffeur, and many of the packages contain more than a single application. In fact, a number of them contain more than a hundred, as there are a number of large concerns in the state employing in their business more than a hundred motor vehicles for various purposes.

"In the letter transmitting the blanks, attention is called to the fact that no reservations of special numbers can be made under any circumstances, as it has been found utterly impracticable to do so. All applications which are received at the department up to November 10 will be assigned numbers upon a drawing therefor, and after that date licenses will be assigned on all application in the order of their receipt.

"The department has adopted the policy of mailing blanks to all registered car owners two months in advance of the present license year, so as to give them ample time within which to apply for and receive their licenses prior to January 1, 1920, and all car owners are urged to submit their applications early so as to avoid congestion of business in the department upon the first of the year. It might be added as a matter of general information that on January 1, 1919, the department on that date was in receipt of over 3300 applications for motor vehicle licenses, aside from several hundred other applications for motorcycle, dealer and chauffeur registrations, gringing the number of single transactions up to more than 3500. It is a physical impossibility to provide a force

to take care of business to this extent, so that the department desires to urge upon the motor vehicle owners throughout the state, the necessity for applying for their licenses early if they desire to have them by January 1. In the event they desire to operate their cars continuously."
