When Constipated, Bilious, Headachy, Take "Cascarets" for Liver and Bowels—No "Shake Up"

Are you keeping your bowels, liver and stomach clean, pure, and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartic Pills, Oil, or Purgative Waters?

and fermenting food and foul gases, take the excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

In Baltimore, where the count was only half completed, Ritchie was leading by about 1000. Although an off year in New York politics, a bitter contest was waged for the offices appearing on the ballot.

Particular interest was attached to the victory won by Lieutenant Colonel Theodore Roosevelt, who, following his father into public life, won a seat in the assembly from Nassau county by sending down to defeat Elias Raff, an A. E. F. private, and a tailor's boy.

YEARLY CROPS PROVE SUCCESS

Senator La Follett Declares Land Has Not Deteriorated in 57 Years

"I have grown grain in my fields for 57 years and they grow as good crops now as they ever did." This assertion was made by Alex La Follett, who is widely known as a successful farmer and fruit grower and who is one of Marion county's state senators.

HOW AND WHEN TO TAKE ASPIRIN

First See That Tablets You Take Are Marked with the "Bayer Cross."

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over 18 years.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis and Pain generally.

7,000 bushels of wheat, oats and barley.

Mr. La Follett, as a pioneer, is not only one of the early settlers in Marion county. He is also a pioneer in the peach and loganberry industry. He was the first to demonstrate that peaches can be grown successfully in this part of the state.

The honor of starting the loganberry industry in the Willamette valley may rightfully be claimed by Mr. La Follett. The first loganberry plants were set on his farm. They came right from the garden of Judge Logan, the originator, at Santa Cruz, Cal.

Mr. La Follett says that while Dr. Richardson, a former Salem physician, was visiting in the California town, Judge Logan presented him with a number of plants of this new and remarkable berry. When Dr. Richardson returned to Salem he gave these plants to Mr. La Follett with instructions to try them out.

They were set on his Mission bottom farm where, in due time, they began producing amazing yields of fruit. That was 22 years ago.

New plants were set the following spring. The vines have been producing berries regularly every season for 20 years. One crop several years ago averaged 13,200 pounds for each acre, being the record yield authenticated to date.

Mr. La Follett's experience in growing the now famous berry demonstrates the remarkable vitality as well as production power of this queen among the edible fruits if the plants are set in fertile soil and given proper care.

October Biggest Month in Recorder's Office

With the coming of prosperity to Salem, the county recorder's office has been nearly overwhelmed with business. County Recorder Mildred Robertson Brooks reports that October was the record month in the history of the office, in the matter of monies taken in and instruments filed. The cash receipts for the month were \$1020.50, largest pre-

vious amounts being \$970.15 in March, 1914 and \$871.81 in April, 1909.

During the month just past 1080 instruments were recorded. To date 13 record books have been filled and should the present rush

of business be maintained there is no doubt that the year 1910 will surpass all former records in work accomplished.
