By RUTH LENOIRE FISHER.

**T**HE second meeting of the music study class of the Salem Women's club was held Monday night at 8 o'clock at the First Presbyterian church. Mrs. W. M. Hamilton presented an interesting paper on the Minneingers and Meistersingers of Germany. The Troubadours of South France, and Trouvres, or poet musicians of North France.

A paper on the life of John Sebastian Bach was given by Mrs. L. G. Bulgin. As an illustration of the works of Bach, Miss Lucille Ross played an organ number for the class. Bach's Fugue in D Minor, first giving an explanation of the construction of the fugue. Miss Dorothy Pearce at the piano played two parts of a

Bach Partita, the Allendhaudez and the Minuet. Miss Pearce is director of the class and very much interested in the study of the musical art. This class is an auxiliary of the Salem Women's club and is a splendid opportunity for the club members to go into the study of music from the beginning of history of this art down to the modern times.

The next meeting of the class will take place at the home of Mrs. Max O. Buren on December 1.

Mrs. Mary F. Hunt and Mrs. Amity Davidson left Monday night for Los Angeles where they will spend the winter months.

Mrs. R. N. Avison entertained the Sunday school board of the First Methodist church at their home on Monday evening. The work of the Sunday school took most of the evening after which a social time was enjoyed and at the close Mrs. Avison served a dainty collation.

Mrs. Ben W. Olcott and Mrs. William H. Lytle are leaving this morning for Portland for a several days' stay while attending the horse show.

Miss Gertrude East returned Sunday night from Eugene where she went for the football game, going up from Corvallis where she spent a short time at the Alpha Chi Omega house.

An outdoor cooking class taught by the domestic science expert in a backyard to prepare girls for summer camp life, or a pantomime illustrating lectures on "How to be Beautiful" by means of proper manicuring, hairdressing, shampooing, care

of the skin and dressing, may be included on the educational program of any W.Y.C.A. in the United States.

The latter course was begun at Wala Walla, Wash., when a secretary saw two little Russian girls stand fascinated in front of a mirror watching an older girl "make up." The next day she enlisted the services of a deliable masseuse who promised to lecture on the care of the skin, to demonstrate simple and effective hair dressing and shampooing. The secretaries prepared a pantomime to illustrate what she was to say and issued tickets.

The course proved exceedingly popular with girls and women, most of whom have discarded rouge in favor of outdoor exercise.

Mrs. Alice Risley, Mrs. Robert Bradshaw and small son of The Dalles, Mrs. Harvey D. Starkweather and daughter, Ava of Oregon City have returned to their homes after being the house guests of Mrs. R. B. Goodin.

Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up to date drug store and get some Nicotol tablets; take them as directed and in the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

### AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
