HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. W. D. WELLS, 226 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

dreadnaught California, seventeenth vessel of the line launched from Mare Island ways, rode at anchor, tonight in the waters of the Carquinez straits between the navy yard and Vallejo after an exciting first "cruise at sea."

At 11:45 a. m. gigantic hydraulic triggers holding the 20,000-ton hull to the ways were released and the leviathan shell received its christening at the hands of Mrs. Randolph T. Zane, daughter of Governor William D. Stephens and widow of a marine corps major killed in France.

PROCLAMATION

By the President of the United States of America.

"The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which he has conferred upon our country during the 12 months that have passed. A year ago our people poured out their hearts in praise and thanksgiving that through divine aid the fight was victorious and peace had come to the nations which had so courageously struggled in defense of human liberty and justice. Now that the stern task is ended and the fruits of achievement are ours, we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace.

"But to attain consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should, as they give thanks to God, reconsecrate themselves to these principles of right which triumphed through His merciful goodness. Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died.

"During the past year we have had much to make us grateful. In spite of the confusion from the war we have prospered. Our harvests have been plentiful and of our abundance we have been able to render succor to less favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization.

"These great blessings, vouchsafed to us for which we devoutly give thanks should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we helped to win. No selfish purpose animated us in becoming participants in the world war, and with a like spirit of unselfishness we should strive to aid by our example and by our co-operation in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendship and good will.

"Therefore, I, Woodrow Wilson, president of the United States of America, hereby designate Thursday, the 27th day of November, next, for observance as a day of thanksgiving and prayer by my fellowcountrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God, the author of all blessings and the master of our destinies.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this 5th day of November, in the year of our Lord one thousand nine hundred and nineteen, and of the United States the one hundred and forty-fourth.

(Great Seal)
—Woodrow Wilson.
By the president: Robert Lansing, secretary of state.
