

TURKEY RELIES UPON FAIRNESS OF BIG POWERS

Sultan Expresses Belief That Good Judgment Will Prevail in East

SOUND PEACE IS SOUGHT

Principles and Kindness of America Hope in Present Trouble

CONSTANTINOPLE, Friday, Dec. 5.—(By The Associated Press)—The sultan of Turkey, Mohammed VI, today received The Associated Press correspondent and discussed the Turkish situation and the part Turkey is taking in the settlement of the world peace.

In the view of the sultan, despite alarmist impressions in Europe with regard to the peace settlement, Turkey politically is taking a position of sound reasonableness, relying upon the judgment and also the justice of the allied powers, as did Austria, in order to secure the best terms possible.

Tranquility is Hope. He began speaking in Turkish to an interpreter, his aide, Lieutenant Commander Fahri:

"Turkish peace is desired quickly because delay is worse than war. It interferes with our political and economic conditions and also our finances. The uncertainty there is the morale of people who have been long at war, and likewise involves misery and sickness.

"As for the kind of peace we desire—it is one that will keep the east tranquil, in which the powers of Europe are concerned. Eastern peace can be maintained only if Turkey is left independent. Whoever knows the east will agree with this opinion. The Islamic world will be satisfied, only with our freedom.

"Regarding the American senate, I believe it will be wise toward us. It is clearly unfair that other nationalities should profit by President Wilson's principles and not we. President Wilson's principles were ap-

pointed by the allied powers. We also rely on their sense of justice and that of the American people whose honor is involved.

America Looked To. "Surely America will not disappoint the millions of Turks and the Islamic world."

"Those who investigated impartially the Turkish question have decided, despite bad government, our people have many merits and deserve better treatment than it is reported they are to receive. Those Americans who do not believe the slander about us and who understand our difficulties will not countenance this treatment of the Turks.

"With peace we will begin solving internal Turkish affairs. It is first necessary to preserve the tradition of the people and it is my desire to secure the civilizing help of the great powers.

"I believe sincerely in the new Turkey, in her regeneration, her political freedom, if we are able to secure the general education of our people and also the modern means of prosperity. The Turks are an honest, gifted people, and I shall endeavor with all my ability to maintain these ends.

Religion Is Drawback. "It will be seen that our religion is against social progress. It is with satisfaction that we observe America adopting prohibition, which has been practiced among the faithful Muslims for centuries. Turks of religion are always helpful when obeyed."

"As a last word, I wish to express my gratitude to those Americans who after visiting us, feel that we are not as painted, and also my reliance on the justness of Americans."

PIONEER WOMAN CALLED BY DEATH

Mrs. Viola H. Cornelius Passes Away at Family Home at Turner

Mrs. Viola H. Cornelius, well known resident of Turner, died at the family home there yesterday at 3 p. m. She was 67 years old and had been in failing health for several years though her ailment had not taken serious turn until two days ago.

Mrs. Cornelius was born in Lane county January 9, 1853, and was a member of a pioneer Oregon family. With her husband she went to Turner in 1872 and had since resided there.

Surviving her are her husband, O. H. P. Cornelius, three sons, George, of Colfax, Wash., Arthur of Alberta, Canada, and S. H. Cornelius, and three brothers, John and Arthur Howe, Colfax, Wash., and M. Howe of Roseburg.

Funeral arrangements have not been made.

Montgomery Ward & Co. to Have Oregon Branch

Montgomery Ward & Co., the Chicago mail order concern, was yesterday granted a permit by State Corporation Commissioner H. J. Schulerman to operate in Oregon. The company is capitalized at \$10,000,000, and will locate in Portland. It is understood a plant covering a large acreage is to be established in that city. William Q. Bateman, who has offices at Twenty-ninth and Upshur streets, Portland, is the Oregon representative.

Dort Car Is Taken on Test Trip to Silvertown

R. A. Mahoney and Otto Buff, of the Salem Velle company yesterday made a test trip to Silvertown and returned with a Dort car.

This was the first car over the road since the snow. They made the trip going in two hours, and returned in an hour and 50 minutes.

The trip was without event—excepting hard bucking of the snow; but the engine did not stall a single time. Most of the distance was made in the intermediate, about half of it being on high—where the road had been packed down.

The great difficulty was holding the car in the road.

The boys say they were not bothered with traffic—the road was absolutely clear, excepting two jack rabbits that interfered with their nerves.

BOOZE IN DEMAND

LIVERPOOL, Oct. 17.—"A curious commentary upon 'dry' America," says the Liverpool Post, "is contained in the following cable which has been received from the states by a well known British whiskey firm: 'Could dispose of 20,000 to 25,000 cases if they arrive by November.'"

"Each case referred to in the cable contains a dozen bottles of whiskey, and therefore indicates a capacity on the part of America to dispose of whiskey in spite of her prohibition laws."
