## CLUB'S PLANS MADE KNOWN

### Musical Organization Begins Double Rehearsals for Two Concerts

Announcements covering the plans of the Apollo club with regard to the two concerts which the club will give during the current season, have been made and will undoubtedly receive the hearty approval of the club's numerous friends and patrons.

With the rapid approach of the first concert of the season, to be given at the armory on Tuesday night, January 13, double rehearsals have been inaugurated, and will be continued right up to the date of the concert.

#### Two Artists Listed.

Although the ability of John Hand the new American tenor, engaged as soloist for the first concert, is an unknown quantity to a majority of the musical circle in the northwest, it is felt that he will not be long in winning the generous appreciation and approval of his Salem audience. Mr. Hand is accredited with having sung to and captivated the largest audience ever assembled on the Pacific coast for a concert singer, the occasion being his appearance in the Stadium at Tacoma last August.

Those of the Apollo club's patrons who were fortunate enough to hear Winifred Pegrin Fahey last February will be gratified to learn that arrangements have been made for a return engagement at the club's second concert of the season, sometime in the latter part of May.

Madame Fahey is doing concert work in New York this winter but will return to the Pacific coast in the spring for a concert tour of the principle coast cities.

#### Club Membership Grows.

Albert H. Gille, secretary-treasurer of the Apollo club, stated that the club's associate membership list is fast approaching the 200 mark, this being the membership goal established by the club for the current season. Each of these memberships covers four seats at each of the two concerts, and will, when the goal is attained, guarantee an audience of 1000 persons for each concert.

It is planned to place the armory in such condition as to provide the best possible acoustics and seating accommodations for those who will attend.

## CENSUS BEGINS ON JANUARY 2

### President Issues Proclamation Urging Co-operation of Public

WASHINGTON, Dec. 13.—The following proclamation by President Wilson regarding the fourteenth decennial census which is to be taken beginning January 2, was made public today by the census bureau:

"Whereas, by the act of congress approved March 3, 1919, the fourteenth decennial census of the United States is to be taken beginning on the second day of January, 1920; and

"Whereas, a correct enumeration of the population every ten years is required by the constitution of the United States for the purpose of determining the representation of the several states in the house of representatives; and

"Whereas, it is of the utmost importance to the interests of all the people of the United States that this census should be a complete and accurate report of the population and resources of the nation;

"Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby declare and make known that, under the law aforesaid, it is the duty of every person to answer all questions on the census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and that any person refusing to do so is subject to penalty.

"The sole purpose of the census is to secure general statistical information regarding the population and resources of the country and replies are required from individuals only to permit the compilation of such general statistics. No person can be harmed in any way by furnishing the information required. The census has nothing to do with taxation, with military or jury service, with the compulsion of school attendance, with the regulation of immigration or with the enforcement of any national, state or local law or ordinance. There need be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the rights and interests of the persons furnishing information every employee of the census bureau is prohibited, under heavy penalty, from disclosing any information which may thus come to his knowledge.

"I therefore earnestly urge upon all persons to answer promptly, completely and accurately all inquiries addressed to them by the enumerators or other employees of the census bureau and thereby to contribute their share toward making this great and necessary public undertaking a success."

### OPERATORS FLATLY DENY AGREEMENT

(Continued from page 1)

of unanimous decisions was imposed. The president informed the commissioners that on their acceptance he would call a meeting of the commission in Washington to lay out plans for its work.

"You seem to have to tinker a great deal with your motor-bout."

"I do."  
"Much the matter with it?"  
"She never has tire trouble. That's about all I can say."—Louisville Courier-Journal.

## HOP WIRE AND LOGANBERRY WIRE

Never before in the history of the United States has there been such a shortage of wire, in fact no deliveries will be promised by the wire mills At Any Price.

### SALEM HAS WIRE

It is the only city on the Pacific coast to have No. 8 to No. 14 wire. For several weeks I have combed the entire country and have secured all the wire of this kind that could be bought at any price. I even secured 40 tons of this wire from the U. S. Government—and sold it in Salem the same day.

## I Have Still More Wire New and Second Hand

If you need wire you had better place your order at once as my stock is limited and cannot be replaced.
