THE CHERRIAN dinner dance at the armory last night was a beautiful affair which was attended by a large number of Cherrians and as guests, Radators, Rosarians and Prunarians, from the other valley towns. For the occasion the armory was beautifully decorated and a group of five artists from Portland came up to entertain during the courses.

The Salem Women's club will hold its regular monthly meeting Saturday afternoon in the Commercial club rooms. The meeting will be in charge of Mrs. William Hamilton.

## Quick, Harmless Way to Remove Wrinkles

This season brings wrinkles to many sensitive skins that are much exposed to winds and changing temperatures. To make an effective wrinkle remover, mix an ounce of powdered exfolite and a half pint of witch hazel. Bathe the face in the solution—immediately every wrinkle is affected. It acts wonderfully on sagging facial muscles, also. The lotion possesses remarkable astringent and tonic properties. Use it once a day for a while and see how it will improve your facial contour. This simple lotion cannot harm the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance. But be sure to ask the druggist for the powdered exfolite.

and Miss Mattie Beatty and after the regular business meeting of the club tea will be served and a social time enjoyed.

Madame Lillian Jeffers, Petri, Mrs. Dudley Clark and Miss Marie Gammie, Portland artists, were in this city last night, coming up to entertain at the Cherrian dinner dance. They will return to their homes today.

Glenn Purvine and Caryl Carson left yesterday to take the short course in tractor and gas engine work at the Oregon Agricultural college.

Ten "Polish Grey Samaritans"—girls of Polish birth or parentage, but all educated in America, and five of them American citizens, sailed for Poland on December 26th for the Young Women's Christian association, to do relief work under the Polish government.

These girls are graduates of the Polish Grey Samaritan school conducted by the Y.W.C.A. in New York last year, where 75 Polish girls studied health education, economics, cooking, social visiting, physical training and allied subjects for nine months, after some preliminary training in their homes. The first detachment sailed in July, shortly after the close of the school, and is now working in Warsaw directing soup

kitchens, orphanages and doing case work among soldiers' families. The arrival of this unit will release some of the first group for work in other parts of Poland.

Miss Anna Mullen has returned from a several days' visit in Portland where she accompanied her house guest, Miss Nell Hay, who returned to her home in Seattle.

The American Y.W.C.A. has opened a recreation center for women students attending the University of Chile in Santiago, and for women studying in other schools in the city.

Conversation at the "studio" as the room is called, is carried on in English two afternoons each week and in Spanish two afternoons. Both Spanish and English are used on the other days.

The women students live wherever they can as the university provides no dormitories for them. One of the first duties of the secretary in charge of the Y.W.C.A. "studio" will probably be to establish something equivalent to the rooms registries which the Y.W.C.A. maintains in so many cities and towns in the United States. The University of Chile draws students from all sections of the country.

Santiago is an old city of 400,000 inhabitants, nearly all pure Chileans.

Miss Eva Miller is spending a few days in Portland as the house guest of friends.

Miss Helen Harbke and Harold Johnson of the Oregon Agricultural college were the guests of Miss Dorothy Buchner Sunday. They were en route from their home to school.

Dr. and Mrs. E. E. Gilbert, former who has recently been chosen to succeed the late Dr. T. B. Ford as superintendent of the Salem district of Methodist churches, will be

## EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

honor guests at a large reception to be given tonight in the parlors of the First Methodist church.

Dr. and Mrs. Ford are at present the house guests of Dr. and Mrs. Richard N. Ayson, coming here a few days ago from Medford. They had been making their home in Medford before coming to Salem.

Mr. and Mrs. W. L. Dinsmore of San Francisco have arrived in this city for a visit with their mother, Mrs. A. E. Dinsmore, and their sister, Mrs. Thomas Burrows. They are on their way to Portland and to Seattle.

Sedgwick chapter No. of the Women's Relief corps held its regular meeting Saturday afternoon in the McCormack hall. After the business meeting the new officers for the year were installed. The installing was done by the two charter members of the corps, Mrs. Helen M. Southwick and Mrs. Agnes E. Dinsmore. After the installation the new officers presented each of the two with a recognition pin.

The new officers for the year are: President, Mrs. Mary J. Entress; senior vice president, Florence Shipp; junior vice president, Louise King; secretary, Melissa Persons; treasurer, Edith Cammeron; chaplain, Ruth Denison; conductor, Sarah Peterson; guard, Annie Simmons; assistant conductor, Alice Davis; assistant guard, Mary Ackerman; patriotic instructor, Norma Terwilliger; press correspondent, Mary E. Addams.

The Women's Relief corps sewing society will meet Thursday afternoon for a social time with Mrs. Helen M. Southwick at her home, 1079 Marion street.

Ray Durant of the Oregon Agricultural college who has been a guest for several days at the Grant Corby home left yesterday for Corvallis.

Miss Arline Snyder has returned to her home in Portland after visiting for several days at the Lee L. Gilbert home.

Lee Caulfield of Albany has returned to his home after spending the week end with his aunt, Mrs. Lawrence T. Harris. Mr. Caulfield is a resident highway engineer at that city.

Mrs. William Hughes and her daughter, Mrs. Charles Low, are in Portland for a short stay.

Mr. and Mrs. Leo Schmidt and children are home again from Olympia, Wash., and Portland where they spent the holidays with relatives and friends.

Mrs. E. D. Wood is spending several weeks in San Francisco and Sacramento, California, visiting with relatives.

Mrs. Clifford Farmer left for Portland yesterday afternoon to spend several days as the house guest of friends.

Professor and Mrs. Florian Von Eschen have returned from a short stay in Portland where they were the guests of friends.

## Boulders Fall on Bridge Holding up S. P. Electric

PORTLAND, Jan. 5.—Loosened boulders from Elk rock, on the Southern Pacific electric line between Rivera and Medgo, dropped on the track early today resulting in breaking several stringers of the trestle bordering the Willamette river on a curve and spreading the rails. The watchman flagged a train from Portland and the passengers were transferred by automobile to Oswego and Rivera. The train was brought back here. Until the damage to the trestle has been repaired all west side trains will be detoured. The trouble occurred at the same place where rocks fell on a passing passenger train last month, injuring a number of persons.

## Mail Regulations for Germany Are Explained

Owing to the confusion caused by persons wishing to send parcels through the mails to Germany by not knowing what articles and what amount of each may be sent, Postmaster Hackett has requested that section of the import laws of Germany, covering this point be published. They follow:

"The Berlin office has given notice that the importation into Germany of acceptable merchandise except newspapers, periodicals, books, samples and foodstuffs is permitted only under licenses issued by the imperial commissioner of export and imports, No. 6-8 Lutzowstr. street, Berlin, w. 19. "Sample and foodstuffs may be imported without license as follows: Up to a weight limit of 12 ounces, sample goods of merchandise, with-

Reports from the postal authorities of Germany claim that a large part of the packages received from America are broken and in a damaged condition. It was said that

more care should be taken when sending parcels that distance. "How often does your road kill a man?" asked a facetious traveling salesman of a Central Branch conductor the other day. "Just once," replied the conductor sourly.
