Coffroth at once sent the following telegram to Harvey:

Harvey received. Press here says Demcamp has wired me accepting my offer of \$400,000 for the match. I have not received same. Get in.

(Signed "James W. Coffroth")

Coffroth was preparing tonight to have a conference tomorrow with Jack Kearns, Dempsey's manager.

He was proceeding tonight on the theory his offer would be accepted. Last night, on hearing that Carpenter's manager has agreed to have the two heavyweights meet at Tijuana, Coffroth said the plan was to have an arena built to hold seats for 50,000 persons. Today, after going over the situation more fully, he said he would have it built to accommodate at least 80,000 and possibly 100,000 more.

Climate Strong Factor

"The climate of this section," he said, "is such that a great outdoor arena can be built here better than at any other place, possibly in all the world. I believe more than 50,000 persons will come here to see the big event, and I am going to do what I can to prepare for seating them."

As soon as any definite word is received from Harvey, Coffroth says, he will confer with Governor Esteban Cantu of Lower California regarding the site of the arena and other arrangements for the match.

DEMOCRATS TO MAKE ISSUE OF TREATY

(Continued from page 1)

dicted that it would be adopted. It is understood to be an endorsement of the president's course, without declaring specifically for unreserved ratification, but Mr. Cummings said the intention was to make its language so plain that there would be no doubt that the party stood "behind the president."

Speculation Stirred Up

The announcement stirred up endless speculation when it was coupled with unverified reports that William J. Bryan would advocate a different course in his speech at the Jackson day banquet tomorrow night.

Involved in the possibilities of this situation, was another unknown quantity—the message which President Wilson is to send to the banquet. It generally was presumed that he will touch on the treaty, but there has been no information as to how far he may go or whether he will urge that ratification be made an active issue in the campaign.

City Not Chosen

Although San Francisco and Kansas City apparently well in the front tonight in the race for the convention it was declared by leaders that the matter was by no means settled and that there still was a chance for Chicago or St. Louis.

Cut This Out—It Is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2535 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets.—J. C. Perry.

Reception Is Held for Methodist Superintendent

A reception was held at the First Methodist church last night in honor of Rev. E. E. Gilbert, who has recently been appointed to fill the vacancy caused by the death of the late T. B. Ford, superintendent of the Salem district. The reception was planned by the First Methodist church, Jason Lee Methodist and the Leslie Methodist churches of Salem. During the evening there were between 200 and 300 persons in attendance.

Rev. Mr. Gilbert has purchased a home here and expects to make this the permanent address for himself and family. He has two children, a son and a daughter, who are almost grown. Formerly Mr. Gilbert was with the Methodist church of Medford where he was a successful pastor. He came to Salem Monday.

You Can't Fool the Mothers.

No one remedy would stand as a lead for so many years as Foley's Honey and Tar if it could not be depended upon to relieve coughs, colds and croup. It heals and soothes, eases hoarseness, stops that coughing that strains the whole body and breaks colds and coughs. Children like it. Contains no opiates.—J. C. Perry.

SHIPPERS VOICE RAILROAD IDEAS

Many Provisions of Cummins Bill Attacked in Note to Congress

CHICAGO, Jan. 7.—Guaranteed earnings for the railroads appropriation of surplus railroad profits by the government, thereby "penalizing efficiency" and compulsory consolidation of the roads are all opposed in a memorial addressed to congress by the national shippers conference.

Representatives of shippers in 16 states met here December 30, and appointed representatives to draft the memorial, which attacks many provisions of the Cummins railroad bill. Copies were mailed today to every member of congress.

Earl Return Asked

The shippers urge passage of legislation for early return of the roads to private control and favor retention of the state commissions to fix intra-state rates.

Creation of the proposed "transportation board" is opposed because it could invade the interstate commerce commission's field and make public recommendations in rate advance cases "without the necessity of conducting any public hearing."

"It has been stated that the interstate commerce commission is overburdened with work," the memorial said. "Such statements are not true."

# ALLEGED REDS OF CENTRALIA TRIAL JAN. 26

## Judge Wilson of Olympia Decides on Montesano as Location

### LEGAL BATTLE WAGED

#### Decision Made Following Claim of Prejudice Against Defendants

ABERDEEN, Wash., Jan. 7.—Trial of eleven alleged I. W. W. charged with murder in connection with the Armistice day shootings in Centralia, November 11, will be held in Montesano, Wash., Judge John M. Wilson, of Olympia, sitting in the Grays Harbor county superior court at Montesano, decided late today. The trial was set to begin January 26.

Following announcement that the trial would begin January 19, Attorney George Vanderveer, for the defense, asked that a later date be set, declaring the time was too short for proper preparation of the cases. After hearing arguments of attorneys Judge Wilson consented to delay trial until January 26.

In reversing his decision of last Saturday, at which time he granted the petition of attorneys for the defense for a change of venue to either Thurston or Pierce counties Judge Wilson said he had at that time taken cognizance of the civil, rather than the criminal law, which, he declared, would not admit of the change on the showing made by Mr. Vanderveer. An affidavit to the effect that a fair trial would not be held in Grays Harbor county, and a formal charge of prejudice, both required by the criminal law, had not been filed, Judge Wilson asserted, and while Mr. Vanderveer submitted the affidavit at today's hearing, the judge held it was not sufficient to support the petition.

Battle Lasts All Day

Judge Wilson's decision was made at the close of an all-day legal battle waged by Assistant Attorney General Christensen, for the prosecution, and Mr. Vanderveer, who introduced four witnesses in an effort to show that a fair trial for the accused could not be secured at Montesano. The judge held the evidence insufficient.

Exceptional work was done by Shepherd, the big Indian center who scored 12 points.

JAY UPTON IS "AFTER" REDS

### Menace to Home-loving Farmers Seen in Revolutionary Doctrines

PORTLAND, Jan. 7.—Extermination of the "reds," deportation of enemy aliens who seek the overthrow of the United States government and adequate means of eradicating "so-called citizens of America who carry the red flag of murder and anarchy" is demanded by the farmers of Oregon, declared J. H. Upton of Prineville, president of the Oregon irrigation congress, which will open its three day session here at the chamber of commerce tomorrow. He arrived today to preside over the meetings. He is at the Benson.

"The farmers of Oregon are going to demand the extermination of the reds," said Mr. Upton. "Our homes, our farms and our honestly earned property must be protected. They advocate death to those who oppose

them, then let death be their own punishment for their opposition to society."

Fred N. Wallace of Tumalo, secretary of the congress, reached the city today.

County Superintendents Made Thrift Directors

Each county school superintendent in Oregon is to be appointed by State Superintendent Churchill as director of thrift education in his county. This instruction was received by Mr. Churchill yesterday in a telegram from C. A. Farnsworth of San Francisco, director of war loan organization for the 12th federal reserve district. Each county superintendent will have the government franking privilege for mails used in thrift work.

LEGIION SECURES EMPLOYMENT AID

### Fund of \$150 Apportioned to Astoria Post by State Commission

ASTORIA, Jan. 7.—Establishment of an employment bureau in Astoria to take care of ex-soldiers and sailors during the next four months, is assured through an application made by the soldiers and sailors' commission of Oregon. It was announced today. The commission will turn over to the local post of the American Legion \$150 a month for a period of four months and the local expects to provide whatever additional funds are needed.

The action of the state commission in making the appropriation is the result of an appeal made last week in a letter to that body, for aid in maintaining an office in this city until the employment situation is cleared up.

S. A. Hughes Believes Labor Law Is Violated

S. A. Hughes of Salem, member of the house of representatives from Marion county, writes C. H. Gram, state labor commissioner, that he is informed certain contractors engaged in road construction in Oregon are violating the law relative to hours of labor. Gram is investigating.

Under the state law no overtime is allowed on public works except in cases of emergency. A limited number of reports received by Commissioner Gram indicate that some employees have worked overtime at a time and a half allowance. The state law requires double time.

Denikine Army Brutish Lot Says Nordau, Jewish Leader

NEW YORK, Jan. 7.—The army of General Denikine is characterized as a "blood thirsty rabble" guilty of "brutish outrages," and a "mob which revels in the most abominable crimes and shrinks from no infamy," in a communication written by Dr. Max Nordau, Jewish publicist and leader, made public tonight.

The communication is a protest against reported pogroms in Ukraine and an appeal in behalf of the survivors.

Industrial Association for Higher Wage for Teachers

PORTLAND, Or., Jan. 7.—Resolutions were adopted today by the board of directors of the Industrial Association of Oregon indorsing the public school teachers. The resolutions are similar to those recently adopted by the Portland Chamber of Commerce and pledged the support of the association for any action which may be taken by the state legislature to provide higher salaries for teachers, especially those in the rural schools.

California Wine Contracts Subject to Law Is Ruling

WASHINGTON, Jan. 7.—Internal revenue officials, in a statement tonight declared producers distributing wine under option contracts, said to be in use in California would be subjected "to the penalties of the law." The bureau's regulations, which, while holding that the option contracts do not violate the law, specifically prohibit delivery of wine, had been incorrectly interpreted by J. S. Wardell, internal revenue collector for northern California, officials said.

NEW YORK MARKETS

NEW YORK, Jan. 7.—Evaporated apples dull. Prunes firm. Peaches steady.

A customer entered the drug store. He handed the druggist a paper containing some sort of white powder and said: "What do you think this is? Taste it, please, and tell me your opinion."

The clerk in question smiled, then, pouring some into the palm of his hand, he touched it to his tongue, and said: "I should say it is soda."

"That's just what I say," was the customer's reply, "but my wife insisted it was rat poison."

# PLUMB PLAN FOR ALL INDUSTRY IS SUGGESTED

## Four Classes of Producers Under Tri-Partite Control Is Proposal

### ALL INTERESTS PLACED

#### Plan in Full to be Made Public Soon—Washington Sees Copies

WASHINGTON, Jan. 7.—A Plumb plan for all American industry, modeled after the plan of the same name for the railroads, has been prepared and is expected to be publicly announced soon.

Copies of the plan, captioned "An Industrial Program by Glenn E. Plumb," are being circulated in Washington and some of them received in government circles.

Tri-Partite Control Proposed

Briefly the plan proposes for all American industry the system of tripartite railroad control advanced some time ago with the backing of the great brotherhoods, which, it has been announced, would be made an issue at the elections. It proposes practically the same division of representation for capital, labor and the public.

Industry is classed into four divisions, in this way:

(1) Those "individualistic in ownership and operation, including the farmer and the small artisan, contractor and manufacturer who is both capitalist, laborer and consumer."

(2) All industries "formerly individualistic, but which through organization have so developed that ownership is separated from labor and concerns itself only in direction and supervision of production in which it engages the efforts of others who have no share in ownership."

(3) Industries "based upon a grant from society in the shape of a franchise, grant of privilege or monopoly." In this division are included all public service corporations except those engaged in interstate commerce "and all industries engaged in exploiting natural resources." These latter are described as including mines, gas and water power.

(4) Railroads and commercial transportation facilities. The plan explains that these are considered separately from the public service facilities embraced in the third division because the former are "under

# PALMER STANDS BY SETTLEMENT WITH PACKERS

## Attorney General Says More Good Accomplished Than by Court Fight

### NORRIS TAKES ISSUE

#### France Makes Intimation of Favoritism Toward Multi-Millionaires

WASHINGTON, Jan. 7.—More was accomplished through the government's settlement of its anti-trust proceedings against the five big Chicago meat packers than could have resulted from a court decision adverse to the packers, Attorney General Palmer told the senate agricultural committee today.

The government, the attorney general declared, surrendered no rights to further prosecution of the packers, eliminated the packers from the conduct of industries not directly related to meat packing, and does not at present contemplate further proceedings, either civil or criminal, as the "cases against them have been won."

Norris and Palmer Clash

There were a few sharp interchanges between Mr. Palmer and committee members during his appearance. The suggestion of Senator Norris, Republican, Nebraska, that criminal counts against the packers, past and prospective, had been "forgiven" by the agreement brought a flat denial.

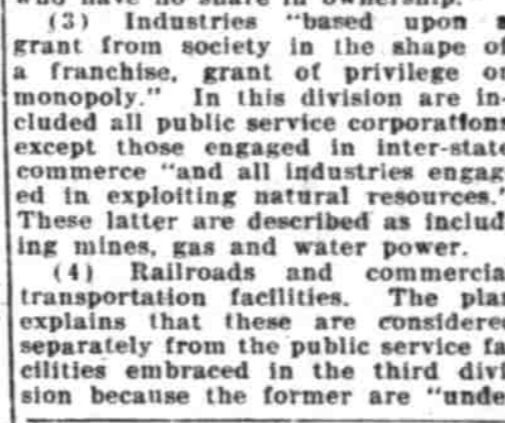

Senator France, Republican, Maryland, intimated that by bringing civil, and not criminal proceedings against the packers, the department of justice had "laid itself open to the charge of failing to prosecute multimillionaires while its agents had been spring upon members of labor unions and making summary arrests."

The daughter of the house was engaged in a desperate endeavor to drag conversation from the silent young man, when the pianola in the lounge began to play an air from one of Meyerbeer's operas, "Don't you love Meyerbeer?" she asked hopefully.

"I have never touched intoxicants in my life," replied the young man coldly.—Argonaut.

Deer, Starving Because of Heavy Snows, Seeking Food at Residence at Fort Yellowstone

This photograph shows how heavy snow storms have driven the Yellowstone Park deer to Fort Yellowstone residences in search of food. The park officials, having spent all available funds for hay, have asked congress to take emergency action and have also appealed to organizations interested in the preservation of wild animals. Deer, and especially elk, driven by hunger, have been crossing the line of the preserve and are being slaughtered by waiting hunters.

ARGUMENT.

Six-year-old Fred was still playing with dolls and father decided to break him of that habit. So one evening he began a long argument on boys who were not manly but insisted on being like little girls and playing with dolls.

"Now John A. doesn't play with dolls any more," he ended, "and he isn't as big as you are."

Little Fred clutched his beloved doll still closer in his arms. "But his father don't play with their baby and you do with ours," he returned.

Father smiled. "That's because they haven't any baby," he explained.

"And John hasn't any doll, either," retorted the victorious six-year-old.—Indianapolis News.
