

BOOTH GIVES ROAD PROGRAM

Member of Highway Commission Speaker at Club Luncheon at Church

Hon. R. A. Booth made a wonderfully well received address before the Six O'clock club of the First Methodist church last evening. The tables were more than filled by members and visitors. Mr. Booth, who is a member of the

state highway commission, spoke of the great road building program upon which Oregon has entered.

He said the roads already built and under contract by the state will provide 1520 miles of improved highways, at a cost of something like \$22,000,000.

He expects within the decade commencing two years ago to see at least \$100,000,000 invested in permanent road building in Oregon; of which the government will have provided \$25,000,000, and the state and the counties the balance.

The counties have already voted about \$15,000,000 and \$3,000,000 more is contemplated.

No Direct Tax Likely. He believes this money will all be provided without any direct tax—that the automobile licenses and gas tax will take care of it all.

In other words, it will be a free gift to the state by the users of gas engines; and it will be free to them, too, in the saving they will make in units of human energy, and in time and wear on their machines.

He says Oregon stands absolutely first among all the states in unity of purpose in road building, and in the comprehensive scope of the projects they have undertaken; and in the economy of carrying out the great work.

Mr. Booth answered many questions, some of them general and some technical, concerning the road building program of Oregon.

Judge Henry L. Benson presided at the meeting and introduced the speaker of the evening.

THE IRISH PREACHER TELLS US

THE DISCIPLES were first called CHRISTIANS at Antioch, but folks holding CAMP MEETING here are called BAPTISTS in Salem.

Do you all know why they are called Baptists? Say, Bro. Porter I sure think they are a DISTINCTIVE ORGANIZATION; for instance, the membership consists of two classes, a church going class and a non-church going class, and, Brother, we challenge you or Brother Avison or any of the rest, to show a larger non-church going membership than we can.

Now, the church going folk are supposed to be the best people, but the Bible says, "JUDGE NOT; I sure think they are a DISTINCTIVE ORGANIZATION; for instance, the membership consists of two classes, a church going class and a non-church going class, and, Brother, we challenge you or Brother Avison or any of the rest, to show a larger non-church going membership than we can.

Farm in Turkey Formerly Owned by the Ex-Kaiser Now Playground of Girls Orphaned by Armenian Massacres

What was formerly a farm owned by ex-Kaiser Wilhelm is now operated near Sivas, Turkey, by Americans as an industrial training farm for children orphaned by the Armenian massacres or left alone because their parents were deported. Thousands of Armenians were killed in the region in which the farm is located. The photograph shows a fresh air camp for the girls of the orphanage maintained by the Near East Relief.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

CHEMAWA WINS FROM MT. ANGEL

The COUNTRY GENTLEMAN

And when he has told you, as he will, that it is the biggest dollar's worth of information, instruction and entertainment on the market today, send \$1.00 with your name and address to me and I'll put you on the list for a year. That's fair enough, isn't it?

I particularly want to get subscriptions started with next week's issue, because a big new series of articles about the Swine Breeds gets going then. Also, there's a splendid series about Cotton, and another, that will interest everybody, about Big Country Churches. Then there are some bully big tractor numbers coming along in February—too good to miss. And before long there'll be some bank articles by Herbert Quick, and a rip-snorting new mystery serial. All these in addition to the regular weekly crop and livestock features. Never was such a big dollar's worth of helpful reading matter as you'll get if you subscribe NOW!
