WHO SHOULD WEAR GLASSES

This Is a Problem That Confronts Us All

Whether you are young or old, rich or poor, the question of "who should wear glasses" is one that touches you very closely.

They who "refuse to be bored" by learning anything about their eyes, simply because their vision seems to be good, are taking the most serious risk with their most precious faculty. No one can afford to lose good vision—but it often is lost solely by reason of that neglect which arises from lack of appreciation of the importance of care of the eyes.

Those who cannot see clearly need no warning to take care of their eyes. But the human eye is a long suffering servant, which never tries to avoid work which it can accomplish, even by extreme difficulty, and hence it is very apt to create a false impression of greater power than it really possesses.

These people have bad vision without realizing it, they can see clearly, but do not understand what a terrible strain their eyes are having to achieve this desirable result. This condition is called Eye-strain, and it results in severe headaches and nerve troubles.

You may get your sight in a similar fashion! You cannot prove whether you do or not unless you have your eyes scientifically tested. The only evidence you have of eye defects may be in the form of headache.

We can tell you scientifically whether your eyes need help or not. We can ascertain whether your vision is good or bad in the sense of how it is obtained, whether at cost of undue effort or not.

The method of Sight-Testing employed by us is a thoroughly scientific process by which the exact condition of the eyes can be established, and corrective glasses, if necessary, can be furnished. Your optical defects of vision can, in this way, be perfectly corrected.

If your eyes need attention see Dr. L. Hart Wilson, Eye-sight Specialist, 210-211 U. S. National Bank building.

In fact, life is just one week or one drive or one some other old thing after another.

And it is a great life at that, if you do not weaken.

Salem is not the only place suffering from a shortage of houses. The same conditions are reported in Rome—hence the expression about Rome howling.

THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kanis of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns. For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-hand remedy to have in the house. It is fourteen ounces of preparation and protection.

"As unreliable as a state house clock the last day of the legislature" is a new one.

A colored man driving a mule attached to a junk wagon meandered along the road. Suddenly the mule's foot took root. He "positively and absolutely" refused to budge. The dinky with a sigh, dismounted and tried all the arts of his race, from persuasion with a shovel handle to downright cruelty. For half an hour he worked, but the mule only remained glued fast to the road. "Why don't you sell him and buy a Ford, uncle?" called a policeman who had been enjoying the fun. "Hub!" growled the colored man. "That mule'd take that as a personal victory. He's been tryin' to shake me for a week. No, suh. Ah reckon Ah'll stick it out."

It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.
