It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

It is absolutely harmless and will neither produce or stimulate the growth of hair. Within 24 hours this wonderful combination called Howard's Buttermilk Cream will work a marvelous transformation. Get a small quantity today at any good drug store or toilet goods counter. The directions are simple and it costs so little that any girl or woman can afford it. Old Soldier Testifies to Wonderful Merits Number 40 in Constipation, Stomach Trouble and Catarrh

National Home, Wis., May 12, '19.—"When I commenced taking Number 40 for the blood, I was suffering with chronic constipation of a good many years standing, which finally developed into stomach trouble which got so bad I was unable to eat anything that did not cause great suffering. I tried a good many doctors as well as everything for my complaint. I was also troubled with catarrh of long standing and I had dropsical swellings in my feet and ankles which the doctors said was caused by a weak heart. I had about given up hope of being much better when I saw an ad. of your No. 40 in a country paper and concluded to try it. I felt so much better after taking one bottle that I sent direct to you for three more bottles. I have taken about two and a half bottles and while not feeling entirely well, I feel by continuing the use of 40, I will get to feel as well as I could reasonably expect for a man of my age, 75 years. I hardly know how to estimate the value of the benefit I have already received from the use of No. 40, and cheerfully recommend it to any one suffering as I was." Morris Law, Witness to signature, Nelson H. Pease. 40 is a combination of the best alterations selected from the best prescriptions received and compounded by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold by Perry's Drug Store.

No printed word or pictured view can give you an adequate idea of the latest Lexington. The most graphic writer or gifted artist fail in the attempt. This is merely an invitation to you to see the new Series "S" models at your first opportunity.

But we want you to do more than look at them—we want you to take the wheel, if possible, and feel the thrill that only driving a really capable car can give.

Those who know most about fine cars will be first to recognize the superior merits of this epoch-making Lexington.

Your car is your pal—almost the same as your dog or horse! And like fine dogs and fine horses, motor cars, too, must be pedigreed. Lexington comes of an honorable lineage. It has always been the choice of discriminating people.

If you want something more than a self-propelled vehicle, something finer than a soulless mechanism, something that will bring you the pride of possession in its truest sense, you should investigate the Lexington.
