

WHAT SCOUTING MEANS IS TOLD IN MEDIATIONS OF EXECUTIVE

In connection with the forthcoming "Boy Scout week" wherein the Boy Scouts of America ask every good citizen of every commonwealth to do at least one good turn to someone every day, Scout Executive Harold Cook has issued a statement so eloquently on the merits of the Boy

Scout movement: "I believe in the Boy Scouts of America—Because hundreds of thousands strong, Boy Scouts stand organized, trained and resolved to serve God, native land and all mankind. Because scouting reveals the way,

quickens the pace and illuminates the path that leads to the truest and noblest Americanization of American boys;

"Because the chosen playground of the Boy Scouts is the great unfiled out of doors—amidst the everlasting hills, rocks and hills;

"Because scouting arouses an interest in the highest civic aspirations of the community, develops an abiding passion for law and order, champions respect for properly constituted authority, and marshals the virtues of manhood that guarantee a government of the people, by the people and for the people;

"Because motto, oath, law and knife of scouting help boys cut their paths straight and clean, through the itching, burning, restless years of awkward growth;

"Because scouting helps boys to know, revere and commune with nature—even as the barefoot boy drank of the nectar of life;

"Because scouting challenges body and soul-warping child labor, routs mischief-making idleness and fills the self-directed hours of boyhood with life, liberty and the pursuit of happiness;

"Because scouting teaches that kindness is strength—knows no fear and helps others at all times—and that dumb animals claim the fellowship of all true Scouts;

"Because scouting is a school of play, preparedness and patriotism that fashions the bodies, minds and characters of boys to do or die;

"Because scouting whispers to boys to tackle every job with the tools

Says corns stop hurting, then lift right off without one bit of pain

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone costs but a few cents at any drug store but is sufficient to rid one's feet of every hard or soft corn or callus without even one little twinge of pain.

You simply apply a few drops of this freezone on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all with your fingers.

The drug is sticky but dries at once and is claimed to just shirvel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

of cheerfulness, patience, courtesy, obedience and loyalty—and mastery will be theirs because they are prepared.

"Because scouting is a plan of education that bridges the gap between knowing and doing, brings forward the timid and humbles the bully, makes the weak strong and the strong stronger, and crowns physical courage with moral valor;

"Because scouting embodies a code of self-discipline that commands boys to talk clean, live clean and fight clean—even as the immortal Roosevelt played the game;

"Because scouting is a mighty buttress to home and school, and it kindles a fire in the breasts of boys that drives them forward—crusaders in the moral and spiritual world—even as the pioneer scouts blazed their trails and conquered the earth;

"Because scouting beckons and calls to patriotic men to love, lead and serve the sons of America yet in plastic years—and all who thus love and lead and serve shall know the beauty, the wisdom, and the power of the words of the prophet of old who said, "A little child shall lead them."
