

# MANY GERMANS TO FACE TRIAL ON WAR CHARGE

Complete List of Persons to Be Extradited Issued by French Head

## 97 HUNS ARE INCLUDED

Trials Will Occur in Paris If Present Plans of Allies Are Worked Out

PARIS, Feb. 7.—The official extradition list was issued by the foreign office tonight without comment. The text of the original covering note and of the new note referring to Baron von Lersner's refusal to accept the list were not made public.

A paper bound book of more than 200 pages contains the names of 890 persons or groups, with their rank and the accusations. Where names are not known descriptions of the duties of the accused are given.

Four pages are devoted to Field Marshal von Hindenburg and General Ludendorff, the same accusations serving for both.

The British list contains charges against 97 members and groups, the French 344, the Italian 29, Belgian 334, Polish 51, Rumanian 41, and the Jugo-Slav 4. This totals 900, but there are a few duplications. Ten camp commandants are asked for in the British list.

# MILITARY COST DECLARED HIGH BY LEADER KAHN

Adoption of Universal Training Bill Means Heavy Expense to Nation

## WAR EXPENSE RECALLED

Representative Says \$34 Per Man Per Month Needed Should Bill Pass

WASHINGTON, Feb. 7.—Adoption of a universal military training policy, as proposed in the senate bill, would cost about \$130,000,000 a year, Representative Kahn, republican, California, chairman of the house military committee said today in a statement urging such action as an "insurance against war" and to "correct" misleading estimates. "It will cost about \$34 per man per month," he said.

"All told, the cost of military establishment including the cost of training and of anything maintaining the regular army, will be about \$500,000,000. We were in the war about 19 months at a cost to the United States of \$33,000,000,000. This country paid for our utter unpreparedness at the approximate rate of \$1,700,000,000 a month during the war."

# VESSELS TAKEN FROM GERMANS UP FOR BIDDERS

Details For Sale of Confiscated Fleet of Ships Completed

## VALUE OF LINERS HUGE

George Washington, Known as President's Ship, Among Federal Offerings

WASHINGTON, Feb. 7.—Details for the sale of the largest fleet of vessels ever sold under the hammer—the 30 former German passenger ships taken over by the government, were worked out today by the shipping board. On Thursday Chairman Payne will offer to the highest bidder the great liner Leviathan, the George Washington, the ship which twice took President to France, the Agamemnon, Martha Washington and other craft which carried hundreds of thousands of American troops to Europe. President Wilson has assented to the sale with the provision that they are subject to the call of the war department in emergency. Conservatively estimated the aggregate value of the liners is placed at between \$30,000,000 and \$40,000,000.

Groups of vessels allocated to passenger service being established by the board will be sold in block. Service has already begun between New York and South America and lines are planned for New York and European ports and as the service in which the ships are to be commissioned is a condition of their sale, interest is being shown as to what companies will secure the more important passenger liners. Sale of the vessels is not restricted to concerns now operating shipping board tonnage.

## LANE TO LEAVE WILSON FAMILY

Secretary of Interior Quits After More Than 21 Years of Public Service

WASHINGTON, Feb. 7.—President Wilson today accepted, effective March 1, the resignation of Franklin K. Lane, for nearly seven years secretary of the interior. The necessity that after 21 years of public life he must "think of other duties," was the reason assigned by Mr. Lane for his withdrawal, and in reply, Mr. Wilson wrote his hope "that your future career will be as full of honorable success as your past."

Mr. Lane's resignation was submitted last Thursday, his letter shows, but it has been known for many weeks he intended this action as soon as President Wilson could spare him. In discussion today of his probable successor, Alexander T. Vogelsang, also of California, was mentioned.
