**Yap Money is Heavy**—Yap, the very important island near Guam, important because of the fact that it is a trans-Pacific cable station, has the most stable currency in the world, according to Marine Corps Sergeant James Henry who has visited there. "Yap currency is very stable and solid," said Sergeant Henry today. "Now I mean solid currency in the literal sense. Stones—flat, smooth ones, with a hole drilled in the center, very similar to Chinese coins—constitute the form of money in Yap. A dollar stone weighs two pounds. Imagine trying to get home with three \$24 stones. A resident of Yap could get on top of a mountain and pitch pennies and it would be like a landslide."

## "FLU," GRIP, COLDS

Pneumonia, Fevers, Hard Coughs, Tonsillitis  
Read this plain statement.  
First, This whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up the high quality of the blood, and observing the ordinary laws relating to sanitation and health.

That is why Hood's Sarsaparilla is recommended as a preventative of "flu" and other diseases—it is the standard blood purifier and vitalizer.  
Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician.  
Third, for that weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla by renewing the red blood corpuscles wonderfully restores health, builds up the whole system, creates an appetite and "makes food taste good." If a cathartic is needed Hood's Pills are recommended.

## 40 YEARS AGO

**Blood Poison Was Conquered by Old Doctor's Prescription Within Your Reach Today**  
40 years ago "Number 40 For The Blood" conquered many cases of specific blood poison in its worst forms, which have not returned. This disease is manifested by mucous patches, copper colored spots, itching sores, ulcers or running sores, falling hair, glandular swellings, pimples on the face, constipation and a form of dyspepsia. Your health is important, insist on "Number 40," put up in a blue carton bearing the signature of J. C. Mendenville, 40 years a druggist, Evansville Ind. Sold by Perry's drug store.

**Knickerbocker and Vernon Elwell** were elected captains of the billball and volleyball teams of the business men's classes of the Y. M. C. A. at the monthly meeting held at the Y. M. C. A. **For Turkish Bath**  
GO TO THE OREGON BATH HOUSE  
The skin is an organ of vital importance. There are two layers; the outer, which is called the epidermis, and the inner which is called the dermis. It is estimated that there are 25,000 million pores in the skin making a sewerage of over twenty miles. You can see the vital importance of having the skin in a healthy and active state so as to carry off the vast amount of effete matter as nature intended. If the skin becomes clogged, extra labor is thrown upon the kidneys, consequently any person who does not perspire freely is overworking the kidneys; hence, our own judgment would suggest to us the necessity of a copious perspiration, at least once a week. For this, the Turkish bath can be used. If the skin is allowed to clog, extra labor is thrown on the lungs and kidneys and in thousands of cases lung and kidney trouble is brought on by overtaxing them through the negligence of cleaning the pores of the skin.
