

OFFICIAL HERO OF IRON RIVER, ASSERT VOTERS

Martin McDonough Routs Federal Officers Who Search For Hidden Liquor

INVASION HELD FIASCO

United States Officials Leave For Chicago After Days of Fruitless Effort

IRON RIVER, Mich., Feb. 26.—Iron county, scene of the bloodless night, content with the "victory" won yesterday over federal prohibition agents and awaits the assembling tomorrow of the "peace conference."

George F. Cummerow, chief special agent of the department of justice bureau of investigation and S. E. Converse, assistant attorney general of Michigan were, expected to arrive late tonight to open the peace meet tomorrow.

Martin S. McDonough, prosecuting attorney of Iron county, who yesterday routed the federal and state

forces under Major A. V. Dalrymple prohibition director for the central states, announced tonight that he would ask that the peace settlement be an open covenant, with the public invited to hear the testimony offered.

He was prepared to make this demand, he said, that iron county, declared by Major Dalrymple to be in "open revolt" against the federal government, might be shown in "its true light" before the country.

On learning that Major Dalrymple had been advised officially on his return to Chicago that arrests and seizures could not be made without warrants, prosecuting Attorney McDonough made the following statement tonight:

"Dalrymple's self-constructed rebellion coupled with his statements of arrest without process of law and the remarkable fiasco of his armed forces invading a peaceful community draw the attention to what may be expected to minor officials operating in the field under such a man. This was the entire issue present present by the controversy.

"Has the time not arrived when our people can afford to be zealous and insist upon the rights guaranteed them by the basic law of the land?"

Mr. McDonough tonight can have anything he asks of iron county and the upper peninsula. He is the uncrowned king of this snowbound district.

The prosecuting attorney challenged by Mr. Dalrymple as the leader in the "whiskey revolt" is Iron River's most interesting figure. Left an orphan when a boy he became the protegee of Judge Flannigan and was sent to Washington and Lee university. After his graduation from law school he returned to Iron River and began practice. He married the daughter of a mine owner.

He was elected prosecuting attorney when he was 21 and has served several terms since. He is now 34 years old. A few years ago iron county voted dry—the first county in the upper peninsula to take that action. The saloons failed to close after losing their licenses and several more were opened. McDonough ran for state's attorney on a plank declaring he would close the outlawed saloons in 48 hours. He was elected and made good his promise.

LANGLEY WILL FACE CHARGES

Man Arrested in Portland to Be Returned to Salem for Hearing

Earl Langley, 23, upon the advice of Chief of Police Welsh, was arrested by detectives in Portland Thursday, and Traffic Officer Moffitt went there yesterday to bring him here to answer a charge of forgery. Dewey Farmer, 22, who was with Langley, also was arrested, though no charge has been placed against him by the local authorities.

It is believed by Chief Welsh that these men may have been responsible for four of the forged checks passed on local merchants since the first of the year. They are suspected of passing a check for \$39 on the Capital National bank, using the name of E. Spier; a \$22.50 check on the Salem Hardware company, signed the name of E. C. Cross and Son; a check for \$35 to Barnes' Cash store, in the name of C. M. Eppley, and a check for \$5 to Klett's Pool hall, using the name of Goble.

OFFICERS LESS THAN EXPECTED

Bill Prunes Number of Men to Occupy Military Positions in United States

WASHINGTON, Feb. 26.—Eight thousand fewer army officers than asked for by the war department are provided in the house army reorganization bill, formally presented today by Chairman Kahn of the military affairs committee. Reductions in the number of officers were made in every branch of service, but the sharpest cut was for the aviation service, which received only 1514 of the 4500 asked. In all, the department sought 26,179 officers and the house committee granted 17,820.

Some of the various plans offered to the committee for reorganization of the army was adopted by the committee. Instead the committee report as submitted by Mr. Kahn, pointed out the national defense act of 1916 was used as the working basis, the new law being a revision of the old one.

No mention of universal training is made in the report, but Chairman Kahn announced he expected to appoint tomorrow the sub-committee which will investigate all questions of a training scheme and frame the separate bill to be submitted on this subject.

SENATE PASSES MODIFIED BILL

Thirty Democrats and Thirty Republicans Vote For Reservations

BFJEAK NOT EXPECTED

Senator Walsh Declares in Explanation That Reservation Not Necessary

WASHINGTON, Feb. 26.—The Republican reservation regarding manufactory, attached to the treaty last November over the opposition of 2 Democratic senators, was re-adopted by a vote of 8 to 4 in the senate today after administration leaders had withdrawn their opposition to it.

It was the first time a qualification of the treaty had been adopted with the acquiescence of the Democratic managers and the first time more than two-thirds of the senate membership had voted together in approving any reservation.

The reservation was not regarded as indicating a sudden break in the senate situation, however, since the reservation was one of those to which the Democrats had agreed in the recent bi-partisan conference to adopt without change.

Thirty Democrats and 38 Republicans were recorded in favor of the reservation after Senator Hitchcock had declared on the floor that the effect would be only to reiterate a principle already established under the treaty itself and under federal laws. It provides in substance that no mandate could be accepted by the United States without the consent of congress.

The four who voted in the negative were Senators Jones, New Mexico; Kendrick, Wyoming; Walsh, Montana; and Williams, Mississippi, all Democrats. Explaining his vote, Senator Walsh declared he had "not the slightest objection to the reservation except that it is unnecessary." Senator Hitchcock did not vote.

A new reservation, providing that the ratification would not be binding unless the president formally transmitted it to the other powers within 30 days after the senate acted, was presented by Senator Brandegee of Connecticut, Republican. The reservation before the senate when it adjourned tonight relates to domestic questions and its adoption without change but over Democratic opposition was forecasted by the discussion of it today.

Two changes in language were proposed by Senator Lodge, but he withdrew them after Senator Borah of Idaho, one of the Republican irreconcilables, had attacked them and Senators Hitchcock and Walsh had denied flatly Mr. Lodge's explanation that they were proposed by Democrats in the interest of compromise during the bi-partisan negotiations.

ALUMNI NAMES OFFICERS AND ADOPTS BY-LAWS

Organization Is Launched at Meeting Held at Public Library

BANQUET WILL BE HELD

Instilling Greater Spirit for School Among Purposes of Association

The Salem high school alumni association was organized last night at a meeting in the public library auditorium with about 50 alumni in attendance. A previously appointed committee presented the constitution and bylaws which it had drawn up. These, with a few amendments, were adopted.

The object of the association is to instill a greater spirit for the school, promote better friendship among the alumni and to keep in the memory of each the old days of the school. The executive committee will meet at least quarterly and will make plans for an annual meeting to take place in the spring time after the members who are away at college are home for the summer. Much discussion was held as to whether the association should give a banquet, a dance, or a dinner dance, but finally it was decided that a banquet would be the most popular kind of entertainment.

All alumni of Salem high school are eligible for membership. Officers who will serve until the first general meeting in the spring were elected last night.

Dewey Probst, who has served as temporary chairman, was elected president; Leslie Springer was chosen vice president; Miss Dorothy Buchner, secretary; Frederic Aldrich corresponding secretary; Harold Eakin, treasurer, and Miss Margaret Graham and H. L. Clark, members of the high school faculty, were elected faculty advisors and members of the executive board.

SALEM HIGH IS STILL ON DUTY

Saved From Small Pox Scare By Quick Work of the Authorities

A serious threat of a closed high school in Salem was narrowly averted today by prompt action in handling of smallpox in the school last Tuesday. All persons who had been exposed were immediately vaccinated and rooms affected were thoroughly fumigated to arrest the spread of disease. Health authorities consider the immediate danger passed.

Two cases of smallpox have been reported in the city at large this week and have been duly quarantined. Because of the danger that exists of the spread of the disease the health authorities wish everyone impressed with the fact that vaccination, as performed today, is safe, if not pleasant, and the only sure way to avoid the disease which entails conditions far less pleasant than the preventive measures.

IDAHO DEFEATS LOCAL QUINTET

Visitors Play Strong Contest and Win From Locals by Score of 50 to 23

With a score of 50 to 23, the University of Idaho loop tossers easily defeated the Willamette "Bearcats" on the Salem armory floor last night. The visiting players made the first basket and led all through the contest. The first half ended 23 to 9, in favor of the visitors.

With excellent teamwork and with directed passes the Idaho five won with an overwhelming score from the Willamette university quintet. An excellent feature of the game was the good judgment displayed by Coach H. W. Hargis of the Oregon Agricultural college, who refereed the game.

During the second half of the game the Bearcats rallied and for a time led in scoring. The reliable school spirit of the Willamette university was at its best. The team kept the fight on to the finish with all the snap that could be assembled. A large attendance witnessed the game and the Willamette rooters were commended for the support given their players.

The players for Idaho were Cozier and Carder, forwards; Ferrine, center; Hunter and Campelle, guards.

The Bearcats: Wapato and McKittrick, forwards; Jackson, center; Rarey and Dimmick, guards.
