THE series of lectures on the health of children, which are being given under the auspices of the Marion County Children's Bureau are of much value and interest to the mothers who are quite enthusiastic over them.

Dr. B. Franklin Pound will address the mothers Thursday afternoon in the Commercial club auditorium. He will speak on the care of the teeth and following his address there will be an informal discussion of the subject. The bureau will have a short business meeting and it is hoped that all mothers will attend.

Mr. and Mrs. J. I. Caldwell of Portland motored up for Sunday with Salem friends and returned home in the evening.

The art appreciation class of the Salem Art league met last night in the public library auditorium for their regular class study. Mrs. M. Monroe Gilbert, president of the league was in charge. This class is now finishing the study of medieval history of art and presently will take up the more modern art leading up to that of the present day.

BLIGH THEATRE

This is the first photograph received in this country of scenes in Berlin on January 13 when great crowds of radical demonstrators attempted to gain an entrance to the Reichstag building. When the mob made a concerted rush and tried to disarm the police and Public Security Guards, the latter opened fire with rifles and machine guns and thirty were killed. At the time the General Assembly was considering the Industrial Council's bill and it was as a protest against this measure that extremists had organized the mob which numbered 40,000.

Mr. Hodgson is a live wire, thoroughly familiar with retail merchandising and is active and energetic. He believes in business with a smile, and goes about his duties with the expression of being pleased with the world and the position he is filling.
