

PUT STOMACH IN FINE CONDITION

Says Indigestion Results From an Excess of Hydrochloric Acid

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach, much like the garbage sour

in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas, making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

WILSON LETTER IGNORED AS TREATY TALK RUNS ON

(Continued from page 1)
ators as a reiteration of the president's previous positive stand against the principles of the Republican reservations, others accepted it as a tacit endorsement of the compromise negotiations. Those in charge of negotiations continued their activity after the letter had been shown them, and some in close touch with the situation, predicted that an agreement for ratification of the treaty might be reached.

Debate Limited
On motion of Senator Lodge, the Republican leader, the senate agreed today to limit debate on all remaining reservations to the peace treaty except those relating to article 19 and to voting power in the league of nations.

As a result Senator Borah, Republican, Idaho, withdrew his previous announcement he would move today to proceed at once to vote on Article 19.

Under the agreement as accepted no senator can speak more than 20 minutes on any single reservation except the two named.

A modified reservation affirming national control over armaments was adopted 49 to 46. Nine Democrats voted for it. The reservation follows:

Armament Reserve
"No plan for the limitation of armaments proposed by the council of the league of nations, under the

provisions of article eight shall be held as binding in the United States until the same shall have been accepted by congress, and the United States reserves the right to increase its armament without the consent of the council whenever the United States is threatened with invasion or engaged in war.

After a slight verbal amendment proposed by Senator Lodge had been accepted the senate adopted, 44 to 28, the reservations providing that the United States reserves the right to permit in its discretion the nationals of a covenant breaking state, residing in this country, or in countries other than that of the covenant breaking state to continue commercial, financial and political relations with American citizens.

Democrats voted with the Republicans, in supporting the reservation. The reservation declaring that the treaty should not be construed as validating any illegal acts in dealing with enemy property in this country was readopted without change by a vote of 45 to 27, seven Democrats supporting it, and one Republican voting against it.

The senate then readopted the labor reservation which refuses assent to the labor sections of the treaty. The vote was 44 to 27 with six Democrats standing with solid Republican membership for adoption. That left only the article 19 and voting power reservations to be acted on and debate was begun on the latter.

Andrew Lowery Dies While Pruning Tree in His Yard

Hanging head downward with his clothes caught in the limbs of a tree at 1533 South High street, which he was pruning making him helpless, Andrew J. Lowery was found dying about 11 o'clock yesterday morning.

The body is at the Rigdon undertaking establishment and the funeral announcements will be made later.

L. W. W. HIT BY STATE IN REBUTTAL

(Continued from page 1)
sought to show that Grimm was wounded in front of the hall, and not Pfitzer. Pfitzer's testimony about breaking ranks and running for the hall was corroborated by a legion member who had been marching alongside him. Seven witnesses were examined during the final hour of court, all testifying, in effect, that the shooting preceded the rush to the hall and the efforts to seek shelter. All testified that the first shots came from the hall, one of the marchers asserting he saw Pfitzer reach the doorway. None of them saw Dr. F. J. Bickford, Centralia physician, who testified as a defense witness, that he reached the door of the hall almost as soon as any other man who ran toward it. The witnesses who had been march-

ing in the parade and who testified today had marched in all platoons, from the first to eighth, each testifying as to his observations from his position in the division.

To Show Roberts' Name.
Testimony tomorrow, according to prosecution counsel, will center upon the sanity of Loren Roberts, defendant for whom a plea of insanity has been entered. Five physicians, experienced in psychiatry, were examined to testify regarding Roberts' mental condition. They are Dr. J. F. Calbreath, Portland; Dr. Lee A. Seace, Centralia; Dr. E. H. Ahlman, Astoria; Dr. William House, Portland; and Dr. L. L. Goodnow, Aberdeen. Further testimony tending to impeach the testimony of defense witnesses was expected to be given tomorrow.

It was estimated by state counsel today that rebuttal would be completed Wednesday, and sur-rebuttal by Thursday, the case possibly reaching the jury some time Saturday.

and these 'reservations' were invariably received in the way in which men who have met for business and for talk always receive acts of scrupulous supererogation—listened to with indifferent silence, as such men listen to what is a matter of course and was not necessary to say.

Repeats the Old Stuff.
"There can be no objection to explaining again what our constitutional methods are and that congress alone can declare war or determine the cause or occasions for war and that it alone can authorize the use of the armed forces of the United States on land or on the sea. But to make such a declaration would certainly be a work of supererogation."

"I am sorry to say reservations that have come under my notice are almost without exception, not interpretations of the articles to which it is proposed to attach them, but in effect virtual nullifications of these articles.

A Skin Tightener to Reduce Wrinkles

In beauty culture, as in the treatment of physical ailments, the tendency nowadays is to seek the removal of causes rather than to treat symptoms or effects. In the matter of wrinkles, for instance we know that the lines or furrows are caused by the skin becoming loose in places, so it does not perfectly fit the flesh beneath. The skin, then "wrinkles" or sags. Naturally, the proper thing to do is to tighten the skin—make it fit—then there's no room for lines, wrinkles and folds, and no surplus skin to sag or bag.
The best known formula for the purpose is: Skolite, one ounce, dissolved in one-half pint of witch-hazel. Use as a wash lotion. The effect is truly remarkable, especially as results are almost immediate. Ask the druggist for the powdered skolite, which dissolves very quickly.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, orange liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Telegram to Churchill Plead for School Teachers

Telegrams begging for school teachers have been received from Wallowa and Curry counties by J. A. Churchill, state superintendent of schools. Several appeals from mothers, anxious that teachers be supplied for their children, have been received by the superintendent.

Wallowa county wants four teachers and Curry county 10. They are not to be had, the superintendent says. Some of the districts asking for teachers have had no schools this year because of the shortage of teachers. Only higher pay for teachers, that will make the teaching profession more attractive to competent persons, it is said, can relieve the situation.
