

POLITICAL GOSSIP OF STATE AND LOCALITY

Mrs. Brooks Is Again Candidate for Recorder

Mrs. Mildred Robertson Brooks, who for several years has been Marion county recorder, yesterday filed with the county clerk her declaration of candidacy for another term.

Stewart Starts Tour. James S. Stewart, chairman of the Senator Hiram W. Johnson for president committee, announced yesterday in Portland that he will leave today for a campaign tour of the state in behalf of the measures to be voted on at the May election.

Mr. Stewart is the author of the 4 per cent road amendment, and in addition to campaigning for that measure he will also work for the educational bills, including the sol-

diers', sailors' and marines' educational measure.

Francis Galloway Files. Francis V. Galloway, district attorney for Wasco county, yesterday filed with the secretary of state his declaration of candidacy for re-nomination. Mr. Galloway is a Democrat. He is a brother of Charles V. Galloway, former state tax commissioner, and a son of Judge William Galloway, former circuit judge in this district.

The Most and Best. The importance of economy has been impressed on our minds in recent years. We want to know that we are getting the most and best for our money, no matter what we spend it for.

In the matter of medicine there is probably no more economical course of treatment than Hood's Sarsaparilla and Pepsin, a real iron tonic, taken in conjunction, one before eating and the other after.

The combination of these two great medicines brings into co-operation such well known substances as sarsaparilla, iron, nux and pepsin, best for the blood, nerves and digestive organs.

This combination is especially recommended in cases that are serofulous, or rheumatic, anemic and nervous, or where the blood is both impure and pale, deficient in iron.

In cases where a laxative is needed Hood's Pills should be taken.

WINIFREE CASE MAY BE DROPPED

Authorities at Aurora and Portland Are Inclined to Leniency

In all probability charges will not be pressed against Emma Winifree who will be admitted to Burns operatives that she took \$6500 from the Aurora State bank on March 5, in hope of effecting a reconciliation with her former husband, who had been awarded the custody of her two children.

Because of the tendency toward leniency on the part of Aurora and Portland authorities, District Attorney Gehlhar may not press the case. P. W. Winifree, with Sheriff Wilson and Burns operatives, disclosed the hiding place of \$1500 in the cellar of his home at Bull Run, Wednesday afternoon. Together with the \$1500 which may be recovered from the 14-acre farm purchased near the base Line road and the \$3000 found on Winifree's person when he was arrested about midnight Wednesday, this brings the recovered currency to \$6000.

Dr. B. F. Geisy, president of the bank stated that he had placed the matter in Attorney Grant H. Dimick's hands. Although Geisy did not state that he was not in favor of pressing charges, he indicated that he would not be displeased to see the mother freed from a possible long sentence in the penitentiary.

Mrs. Winifree is being detained by Mrs. Wilson, wife of Sheriff Wilson of Oregon City, until the case is disposed of. Winifree was removed from the Multnomah county jail to Oregon City by Sheriff Wilson Thursday afternoon.

Mrs. Winifree said that she understood that her children were being cared for by A. Haneberg, a neighbor near the home in Bull Run.

Bents Got Left, But He Made Deal Good in Hop Wire

Reverting to an old-time colloquialism, it is a cold day when Henry L. Bents of Aurora, gets left. He was left in Salem on a raw day in December—the rawest day in the history of Salem weather; snowbound. He could not get away that one day, having no flying machine, and flying would not have been good that day, either.

So Mr. Bents proceeded to make himself, at home in Salem, as he usually does, any way, any where. And he looked around a little.

Now, Mr. Bents operates 10 hop yards in this section. If he is not the hop king, he is at least a member of the royal family of hop men. And he knew he would need hop

wire, and a good deal of it, and hop wire was not floating around loose. It was hard to get.

So Mr. Bents looked in The Statesman and found the advertisement of Mr. Steinbock, of the Steinbock Junk company, and hunted him up.

He contracted with Mr. Steinbock for 35 tons of hop wire. Some wire. Now, that wire is being delivered.

And it was very fortunate for Mr. Bents, for hop wire has been availing ever since he made the contract.

Mr. Steinbock got the wire from the spruce division. He no doubt made a few simoleons on the deal himself, but he did not make any where near as much as he could have made had he not contracted with Mr. Bents.

There was never before such a snow storm here as that one; and there may never be another. But if there ever is one, and Mr. Bents gets snow bound, and he hunts up Mr. Steinbock to make a business deal, he will—well, he will "see him coming."

It is almost impossible to get hop wire now, at any price.

SILVERTON, Or., Mar. 17.—(Special to The Statesman)—It is report-

ed that the Timber Workers' union which met and organized a short time ago is fast gaining members among the millworkers at the Silverton mills. The union will hold another meeting sometime this week.
