HOOSIER

—the Kitchen Cabinet that saves miles of steps—

KEEP YOUR EYES ON THIS VITAL SECTION

Here falls 90 per cent of your work. Any but Hoosier's scientific arrangement would be a serious handicap. Note that there is nothing to crowd you and nothing to cause a clutter; no partition, no shelves.

Hoosier's uncluttered work space

Every housewife knows and appreciates the value of a broad work space, unobstructed, uncluttered. For here it is that nearly all of her work is done. Hoosier's scientific arrangement has eliminated partitions and all else that hinders.

Hoosier holds a nation-wide preference

The features which distinguish the Hoosier are many. Each bears a distinct relation to the complete cabinet. No one convenience claims all attention. Hoosier is, therefore nothing less than a group of master ideas, scientifically arranged.

In effect, Hoosier is a labor-saving machine, each part of which is vital to satisfactory service. Hoosier arrangement and Hoosier quality have made the Hoosier factory the world's largest kitchen cabinet producers.

"If you haven't a Hoosier, you need one,"—that's what nearly two million women say. They KNOW, for they use them each day. Isn't your time and strength worth the moderate cost of a Hoosier on convenient terms?

"Blue Monday" Is A Thing Of The Past In Our House

WHY not escape the weekly washday grind?
Women everywhere are discarding the antiquated, health-shattering, back-breaking wash-tub. They are letting the Crystal do the "Blue Monday" work. The Crystal Electric Washing Machine cleanses clothes easily, economically, sanitarily—absolutely satisfactorily. It forces water, steam, rich suds and air through the meshes of the cloth—cleansing the coarsest or the finest fabrics without rubbing of any kind. We will gladly demonstrate the Crystal—show you how quickly the Crystal will do your washing in your own home.
