

Spring Opening Display and Style Show

Continued Monday at Salem's Greatest Women's Apparel Store

Women who have seen this advance showing of the new Spring Models, have pronounced the styles "Exquisite and Charming" and they are women whose fine discrimination for good taste is well established in Salem social circles.

But we'd like your opinion and judgment too, consequently we extend to all a cordial invitation to inspect at their leisure this elegant display of new stylish Coats, Suits, Dresses, Waists, Skirts, Hats and Sweaters and try on as many garments as you desire. Courteous, competent saleswomen will gladly assist you and you won't be urged to buy.

OBITUARY

Lafayette C. Cavanaugh, prominent citizen died suddenly Friday afternoon about 3:30 o'clock, soon after leaving his home at 1475 Court street and reaching the business district.

Mr. Cavanaugh, better known as "Lafe" Cavanaugh over Marion and Polk counties, was dearly beloved by all who knew him and his death is a great shock to the entire community.

Mr. Cavanaugh was born in Johnson county, Iowa, May 5, 1852, and came to Oregon with his parents, Mr. and Mrs. L. B. Cavanaugh, in 1865, settling in Marion county. He was married to Miss Eva Miller in 1878

and in 1884 they moved to Hillsdale farm near Turner, living there until 1910, when the farm was sold and the family moved to 1475 Court street where they have since lived.

Those who survive him are his widow, Mrs. L. C. Cavanaugh, two daughters, Mrs. E. R. Wiggins of Portland and Mrs. O. L. Ragan of Denver, Colo., who has been visiting her parents for several months; four grand children, Fielda and Lawrence Wiggins, Howard and Leila Eleanor Ragan; two brothers George W. Cavanaugh of Pasadena, Calif., and five nieces, Mrs. Clarence W. Keene, and the Misses McClaine of Silverton.

He was a member of Pearl lodge A. F. & A. M. of Turner for many years, and was a member of the

Chadwick chapter of the Order of Eastern Star of Salem.

The body will lie in state at the home over Sunday. The funeral services will be held from the Rigdon chapel Monday afternoon at 1 o'clock and burial will be in the Silverton cemetery.

POLITICAL GOSSIP OF STATE AND LOCALITY

KOLLOCK RUNS FOR DELEGATE

Representative Smith of Baker Announces He Will Not Be Candidate

John K. Kollock of Portland is a candidate to represent the state at large as a delegate to the national Republican convention at Chicago in June, yesterday filed his declaration with the secretary of state.

Mr. Kollock's slogan is "Liberty, but not license; economy and efficiency; national independence and integrity."

Mr. Kollock's platform is: "I believe in the adoption by the Republican convention of a platform founded upon the principles of Washington, Hamilton, Lincoln and Roosevelt and pledging the party to an economic, intelligent and efficient administration of internal affairs and to an American policy in foreign affairs. I believe in pre-

paredness, both for peace and war, and in the maintenance of liberty under the law."

Fily for Representative.
J. F. Hopkins of Port Orford filed for the Republican nomination for representative from the sixth district, and Charles F. Hopkins of Roseburg for the Republican nomination for representative from Douglas and Jackson counties.

Baker Not Returning
Despite the urging of his friends, A. A. Smith announces that he will not be a candidate for reelection as representative from Baker county in the state legislature. Business reasons are given by Mr. Smith for his decision not to again seek election. Neither is he a candidate for the office of congressman.

Veteran in Race
Zoeth Houser, who many years ago was sheriff of Umatilla county, is again a candidate on the Republican ticket. His Democratic opponent will be T. D. Taylor who has held the office for nearly 20 years. Houser has filed his declaration with the county clerk.

Would Succeed Himself
O. C. Brown, county school superintendent of Douglas county announces his intention of again becoming a candidate on the republican ticket for the position which he now holds.

Under his administration many new school buildings have been constructed and improvements have been made in practically all districts. From the business standpoint the office has been well conducted and Douglas county has set many records in the state.

May Succeed Hill
L. G. Lowelling, present city recorder in Albany announces that he will be a candidate for the republican nomination for the office of district attorney of Linn county at the coming primary election in May. The announcement follows the statement made public by Gale S. Hill that he would not be a candidate to succeed himself in the position of district attorney.

TUMALO PLANS BIG PROJECT

Enterprise Contemplates Storing Water From Willamette River

If investigations show that the project is feasible the state engineering department doubtless will grant an application of the Tumalo irrigation district for the storage of 150,000 acre feet of water in Waldo lake on the middle fork of the Willamette river. The district proposes to divert the water through a tunnel

LEXINGTON IS DESIGNED FOR FEMININE USE

Embodies Many Contrivances That Appeal to Women Drivers, Including One-Finger Brake

When milady steps into any Lexington Minute Man Six model, she is going to be impressed with the many improvements listed as extras on most cars and with some devices, making instant appeal to the discriminating woman motorist, that are exclusively Lexington.

Milady will find that she has been considered in an amazing number of ways, all tending to that dignity of refinement, that ease and simplicity of operations, which women demand. Lexington even has bowed to the demands of the day in the matter of narrow skirts and in the series "S" models, milady will find the running board set two inches lower, making it much easier for women to enter and leave.

Feminine Needs Studied.
The American woman today has a greater knowledge of the mechanical features and operations of automobiles than ever before. This increased knowledge on the part of women brought with it a demand upon the manufacturers of automobiles for improvements that would make the automobile more suited to the strength and discrimination of women.

Especially annoying to women are the squeaks and rattles that develop. Lexington has overcome these through the medium of a single unit frame that not only accomplishes this object, but eliminates more than 100 distinct parts and lightens the car. Oil-treated gears in the transmission make much less noise. Self-oiled bushings have been used wherever possible meaning a saving of hours of attention for women owners and drivers of Lexington cars.

A great step forward has been taken in the form of a "one-finger" emergency brake. A simple touch of the finger operates this brake, doing away with the tug of war necessary on most emergency brakes and to which task few women were equal. A power-driven air pump eliminates for women all of the back-breaking work involved in the old hand pump. Lightning difficulties have been reduced to half by means of pneumatic two-way lamps. When the motor is stopped these lamps automatically are tilted, shielding approaching cars from blinding glare.

In the way of refinements that appeal so directly to women are the lower and wider running board, upholstery of the finest quality of hair and felt over coiled springs, covered with semi-bright, long grained black leather, French-pleated in soft folds, double-acting door catches with big outside handles, a two-panel rain-vision windshield, and an inspection light.

NEW SCRIMS, MARQUISSETTS AND CURTAIN MATERIALS

Just Received

Bought several months ago—before the recent advance in price. We are able to offer this lot at prices below the market. 36 inch mercerized marquisette, permanent lustrous finish, uniform weave, interwoven hemstitch tape borders, per yard—

nel under the divide to the headwaters of the Deschutes river to irrigate lands in the Tumalo district. Other applications have been filed as follows:
By the Enterprise Electric company for the appropriation of 30-acre feet of the headwaters of Wallows river for development of power in the vicinity of Joseph and Enterprise.

By A. Braga of Mt. Vernon, Or., covering the appropriation of water from Cummings creek to irrigate 49 acres in Grant county.

By Michael Dougherty of Pilot Rock covering the appropriation of water from the North Fork of Butter creek for the irrigation of 70 acres in Umatilla county.

By Frank H. Townley of Vale for the appropriation of water from Owyhee river to irrigate 65 acres in Malheur county.

By W. B. Bayles and C. V. Bayles

of Dayville, Or., covering the appropriation of water from John Day river for the irrigation of 48 acres in Grant county.

Jenkins was sitting down to breakfast one morning, when he was astounded to see in the paper an announcement of his own death. He

rang up friend Smith at once. "Hello, Smith!" he said. "Have you seen the announcement of my death in the paper?"
"Yes," replied Smith. "Where are you speaking from?"

Excessive Use of Tobacco After 45 Is Suicidal, Says Dr. Hirschfeld

Most men who use tobacco have no idea of the harm tobacco does them because it does it so slowly that no one day's damage is noticeable. In the strength and vigor of young manhood the injury seems trivial but it accumulates day by day and lays the foundation for many troubles later in life. Tobacco lessens the powers of resistance to disease, and along in the late thirties—sometimes much earlier—it begins to tell, and the awful damage it has done begins to show.

Dr. Hirschfeld in his book, "The Heart and Blood Vessels," says excessive use of tobacco after forty-five is suicidal. Authorities agree that excessive use of tobacco causes loss of appetite, cancer of the stomach and intestines, indigestion, headache, extreme nervousness, sleeplessness, irritability, lack of concentration, dimness of vision, loss of will-power, forgetfulness, and many other serious troubles. It also causes hardening of the arteries and high blood pressure and these are the troubles that manifest themselves along in the forties.

Thousands of men who use tobacco daily know it is injuring their health and from time to time they decide to cut down the supply and use less. Thousands of them would quit but they lack the will-power to stand the awful

craving that follows giving up the habit. There is hope and relief for all such if they will let Nicotol see them give up the habit or to see them give up the tobacco used. It is not habit-forming and it simply kills the craving for tobacco and supplies what the nerves need temporarily to brace them up until the nicotine is out of the system.

You can quit tobacco if you want to and will let Nicotol help you. Your druggist has it or can get it.
