SALEM MAPLE SUGAR CENTER

Why Not Add to Industries Centered at Capitol? Says U. S.

WASHINGTON, March 18 .- The sugar shortage and the approach of 'sugar weather" lead department of Agricultural experts to make the statement that many thousands of American farmers throughout the region comprising more than a score of states, in the eastern and northeastern part of the United States are overlooking opportunities to secure maple sugar and sirup for home use, as well as for sale, at very little

While Americans commonly think of the maple sugar industry as conined largely to circumscribed areas in New England and New York, there are as a matter of fact, many potential "sugar bushes" in the region extending as far south as North Carolina and Tennessee and westward to northern Missouri. lowa, and Minnesota as well as in Washington and Oregon. In a good season a tree 15 inches in diameter will yield sufficient sap to make from one to six quarts of sirup, which in turn can be concentrated into two to ten
