

## POLITICAL GOSSIP OF STATE AND LOCALITY

### GEHLHAR IS NOT RUNNING AGAIN

#### Marion County Prosecutor Will Devote Attention to Private Business

Max Gehlhar, who is serving his fourth year as district attorney for Marion county, yesterday reiterated a statement made several weeks ago

that he will not be a candidate for re-election.

Mr. Gehlhar is a Republican, and prior to his election as district attorney served two terms as county clerk.

He says he will devote all of his attention to private law practice and personal business affairs.

#### Opposition in Yamhill

Two candidates for district attorney for Yamhill county, one a Republican and the other a Democrat, filed their declarations yesterday with the secretary of state. The Republican aspirant is Otto W. Heider and the Democratic candidate Roy Sparks.

H. B. Adams of Portland filed his candidacy as delegate to the Democratic national convention, to represent the third congressional district. His slogan is "Representative delegates will select a candidate who will represent them."

#### Sheldon Runs Again

Other filings yesterday were: R. E. Bradbury, Klamath Falls, for Democratic nomination for representative in the legislature.

Ben C. Sheldon, Republican of Medford, for representative of Jackson county in the legislature. His slogan is "An earnest effort to faithfully represent Jackson county."

#### High Masonic Body Makes Choice of National Officers

WASHINGTON, March 23.—Provincial grand lodge appointments of the Royal Order of Scotland, one

## XCUSE MY DUST

of the highest Masonic bodies, were announced here today by George E. Corson, grand master for the province of the United States. John L. Thomas, New York, was named as deputy grand master; Sterling Kerr, Washington, secretary; Leroy A. Goddard, Chicago, treasurer; Perry W. Weldner, Los Angeles, senior grand warden; Thomas R. Morrow, Kansas City, junior grand warden, and Canon William T. Snyder, Washington, chaplain.

#### Peterson Automobile Is Smashed by S. P. Train

While Mrs. Arthur E. Peterson, was returning from Salem to her home on Portland road between 8 and 9 o'clock Monday night the Peterson automobile was dashed to pieces by a Southern Pacific passenger train at the crossing near the state fair grounds.

Mrs. Peterson was accompanied by several children. As they started across the track a wheel of the automobile became lodged in a crevice of the crossing. Several other drivers of motor vehicles attempted to lift the auto clear of the track, but were unable to move it before a train appeared. Mrs. Peterson and the children had ample time to leave the auto before it was struck by the train.

## Wrecked Tacoma Speedway to Be Speedily Rebuilt

TACOMA, March 23.—Plans for the immediate reconstruction of about \$85,000 worth of grandstands of Tacoma motor speedway, destroyed by fire yesterday, were before a committee here tonight. The track was not damaged and it is not expected the fire will interfere with the scheduled 225-mile race for a \$25,000 prize in the national automobile championship of the A. A. A. July 5.

## CALOMEL!

It's Mercury! Quick-silver! Shocks the Liver—Danger!

You're bilious, but take "Cascarets!" You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with darkening under your eyes; your lips are parched, your bowels are constipated. No wonder you feel foggy, mean and ill-tempered. You need Cascarets tonight. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are ended by morning with gentle, harmless Cascarets—they work while you sleep, never gripe, shock, sicken or inconvenience you. They're grand!

#### Poles in Big Battle; One Tank Is Captured

WARSAW, March 23.—Extremely heavy fighting is reported on the Polish front. A communication issued today explains that after the greatest artillery preparation yet experienced, the Bolshevik infantry advanced in column against the bridgehead at Zwihele aided by tanks and armored motor cars. "After a sharp engagement," says the communication, "the Polish troops launched a counter-attack with bayonets and hand grenades, driving the enemy far from the Polish line."

"The Poles," the communication continues, "captured one tank and some machine guns and prisoners. Simultaneously the Poles attacked the seventh Bolshevik division, which was on the offensive in the sector of Emilozen and compelled the enemy to retreat easterly, abandoning his batteries, horses, ammunition cars and machine guns. At other points attempts to cross the river Sluz were checked."

The communication adds that intensive artillery fire continues by both sides along this and other sectors, and that the Bolshevik are concentrating as rapidly as possible and re-forming their shattered units for re-attacking.

#### Skeleton Is Uncovered Near Columbia Highway

HOOD RIVER, Or., March 23.—Mystery surrounds the discovery of portions of a skeleton. The discovery was made just west of Ruthon grade on the Columbia River highway. The bones, half buried, were found at a point about 50 feet from the intersection of the main highway and a new road just opened to abutting ranches.

## OH! EACH DAY A LITTLE MORE

Hurry! Let "Danderine" Save your Hair and Double Its Beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair grow long, thick and strong, and become soft, glossy and abundant.

#### Wilson, With Warning, Quits Coal Price Control

WASHINGTON, March 23.—With a warning against profiteering, President Wilson today ordered abandonment of government control over bituminous coal prices and asked miners and operators to negotiate a new working agreement on the basis of the majority report of the coal strike settlement commission.

The president ordered termination of price control on April 1, when the new working agreement would become effective.

This will permit at least partial absorption in coal prices of the increase in miners' wages established at 27 per cent by the commission's majority report. The increase in wages, the commission estimated, will entail an added annual cost of \$200,000,000 and includes the 14 per cent increase awarded the miners in settling the recent strike.

The operators, however, were reminded by the president that unreasonable prices must not result from relinquishment of price control and the addition of increased wages to their expenses.

The date of the joint conference of operators and miners to formulate a new wage agreement has not been set.

A professor writes that President Wilson is suffering from thrombosis. Come again, professor.

#### Clark Sentenced to Do Sixty Days in Bastile

Ray Clark was sentenced to serve 60 days in the county jail by Judge Unruh of the justice court yesterday. Clark pleaded guilty to carrying a concealed weapon. Later Clark and Mary Frush, alias Mary Fletcher, were arraigned in the circuit court before Judge Bingham. They were indicted by the grand jury for statutory offense.

Clark and the woman pleaded guilty to the grand jury charge. Judge Bingham sentenced Mary Fletcher to serve six months in the county jail. On account of her small son of three years she was paroled. The case against Clark in the circuit court was continued.

There is no reason under the sun why everybody should want to run for president the same year.

## ARMENIA

## The Best Way of Practicing Dentistry

THERE is only one way to practice good dentistry at a moderate price to patients, and that is on a large scale and according to a system. Dentistry has too many branches and too many details for one man to do it well alone in a small office.

There is extracting, filling, treating, artificial plate-making, crown and bridge work, examinations, receiving patients, bookkeeping, collecting, record-keeping, buying supplies, paying bills, and many other business details to be looked after.

Under the E. R. Parker System a number of Registered Dentists, mechanical dentists, graduate nurses, stenographers, bookkeepers and attendants work together in much the same way as banks and other successful business enterprises are conducted.

Each has some particular kind of work to do, and thus becomes expert at it, doing it better and in less time.

Advertisements are put in the papers telling what good dental work is done by this modern System, and many patients come in and have their teeth cared for.

In this way better dentistry is given for less money, because where the practice is large, the price can be made smaller. This way of practicing dentistry is the modern way and the best way.

You are invited to call and see what an improvement has been made in dental work under the E. R. Parker System. When you call, your teeth can be examined and reliable advice given without charge.

Registered Dentists Using the
