

SOCIETY

By RUTH LENORE FISHER.

THE members of the Beta Sigma class of the First Methodist church, of which Mrs. E. E. Fisher is teacher, were entertained at a dinner party last night at the church. The long table, around which covers were laid for 30, was beautifully centered with a basket of spring flowers and clever place cards were at each cover. Pink shaded candles furnished light for the party. After the dinner the evening was happily spent with music and games.

Mrs. E. T. Allan of Walla Walla, who has traveled for 25 years in the orient and who spoke yesterday at the luncheon of the Rotary club, telling of her experiences in the far east, is a guest at the Hotel Marion during her stay of several days in Salem.

Dr. and Mrs. L. F. Griffith and daughters, Miss Margaret and Miss Ruth, and Mr. and Mrs. Frank Meredith, their son Don, and their daughter Jeanette Meredith, were in Portland yesterday to attend the celebration of the sixth birthday anniversary of Phil Metschen Sr., who is the father of Mrs. Griffith and Mrs. Meredith; also the birthday anniversary of their brother, Phil Metschen Jr. The occasion was celebrated with a large reunion of all the relatives of the Metschen family.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accent "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

at the home of Mr. Metschen Sr. yesterday. The Salem party will occur today.

Little Miss Gertrude Virginia Winslow, daughter of Mr. and Mrs. W. C. Winslow, entertained a company of 12 friends at the home of her parents on North Church street Tuesday afternoon to celebrate her 7th birthday. The afternoon hours were happily passed with games and music, and a luncheon was served. In the dining room the color which predominated was pink, and the centerpiece for the pretty table was an art basket of pink sweet peas and pink roses, with a huge bow of pink tulle gracing the handle of the basket. Four crystal sticks burned pink candles which added to the charm. The little guests were Misses Mildred Shields, Mildred Schmidt, Neva Huackstein, Dorothy Moore, Helen Chambers, Dorothy Pollock, Eleanor Wright, Eloise Wright, Sammie DeLapp, Saxon Sullivan and Doris Stewart.

Mrs. George H. Alden left yesterday for a short stay in Woodburn as the guest of friends.

Mrs. L. K. Page is visiting with friends in Donald for a few days.

A very delightful evening was spent by a group of teachers of the Washington school when Miss Alma Pohle and Miss Laura Hale entertained at the home of Miss Pohle on Court street Saturday evening. The guests were arrayed in very old-fashioned gowns which caused much amusement. Spring flowers added a note of cheer to the rooms. Light refreshments were served by the hostess at the close of the party. Among those invited were Misses Margaret Cosper, Lena Bell Tartar, Verma Kopf, Ada Rose, Margaret Dickie, Inez Wilson, Marjory Higgins, May Hale, Theresa Fogle, Theda Perkins, Ruth Fleming, Myrtle Tobey, Edith Bell, Carrie Martin, Lillian Tischouner, and Mesdames L. B. Sheldon, M. B. Shirley, Fannie Douglas and E. B. England.

Mrs. W. A. Jones and two children returned yesterday from Portland where they visited for a week with Mrs. Jones' mother, Mrs. M. J. Creighton, and her sister Miss Mabel Creighton.

Mrs. Seymour Jones has as her house guest for a visit of a few days Mrs. Joseph Ruchel of Shaw.

Mrs. Fred Collins, who has been passing a visit with her parents, Mr. and Mrs. F. N. Derby, at their South High street home, left yesterday for her home in Portland.

PROF. GILBERT WOULD EXCLUDE ALL IMMIGRANTS

Overwhelming Tide of Foreigners Expected When Europe Becomes Calm

STRINGENT LAWS URGED

Despite High Wages, Workers Declared Harder Pressed Than Before War

"I believe the United States should now establish a policy of absolute exclusion of the foreign immigrant," said Dr. J. H. Gilbert of the University of Oregon in his address on "Immigration" at the public library last night.

Professor Gilbert acknowledged that the foreign population of the United States is decreasing at this time, but he believes that, when conditions in Europe shall have become settled, the United States will see the tide of foreigners seeking admission to this country rise higher and higher until the native Americans shall become ultimately overwhelmed.

"After we shall have assimilated the foreign population now here," he said, "we might open our doors to immigrants again."

The speaker recognized that a serious international conflict might arise at any time with Japan because of an exclusion policy. He favored excluding all of the Mongolian races because they do not readily assimilate with white races.

Professor Gilbert said that while the cost of living has risen an average of 120 per cent in the United States since 1914, the cost of common necessities has gone to 150 per cent in England and 160 per cent in France. He also stated that while wages were 85 per cent higher now than they were on the average before the war, the cost of living has risen 35 per cent higher, leaving the average wage earner in not as good a position to save money as he was previous to 1914.

The speaker said a child's future is molded more by its environments than through hereditary influences.

"Because of this fact," he said, "the children born to the poor foreign population in our cities would grow up and become a menace to our national welfare."

He urgently advocated the enactment of immigration law that would admit only intelligent and skillful immigrants.

Greater Engine Value

OVER 250,000 farmers bought the "Z" engine. They know it is powerful, dependable and practically fool-proof—truly a great engine. But now we announce the one addition which could possibly improve the "Z" performance—Bosch high tension, oscillating magneto ignition. So let us show you in detail this greater engine value. Our service to you is remarkably complete and we are assisted by a nearby Bosch Service Station. Prices—1 1/2 H. P. \$75.00—3 H. P. \$125.00—6 H. P. \$200.00. All F. O. B. Factory.

JUNIORS NAME CAST FOR PLAY

Fay Peringer and Loren Basler Selected for Leading Roles

The Junior class at Willamette has selected its play and its cast for the always popular Juniors play. The selection is "The Lady of Lyons," by Edward Bulwer Lytton. Through the efforts of Ralph Thomas, class foreman, and a representative of the Ellison-White conservatory of Portland have been secured as coach. Due to the ill health of Professor Della Crowder Miller and James Mott, who were first thought of as possible coaches, it was necessary to obtain a new coach. Russell Rary has been chosen general manager of the play, with Ralph Thomas and Edwin Socolofsky as stage directors.

The two leading parts will be played by Fay Peringer and Loren Basler. The casts was selected by popular try-out yesterday, as follows:

- Claude Melnotte ... Loren Basler
- Colonel Dumas ... Ralph Thomas
- Bessant ... Edwin Socolofsky
- Galvia ... Floyd McIntyre
- Monsieur Deschappelles ... Paul Flegel
- Landlord ... Ivan Corner
- Gasper ... William Sherwood
- Capt. Gervais ... Russel Rary
- Capt. Dupont ... Frank Foster
- Maj. Desmoulius ... Fred Aldrich
- Notary ... Emuel Servant (Not definitely decided)
- Pauline ... Fay Peringer
- Madame Deschappelles ... Mervie Mason
- Widow Melnotte ... Dorotha Butner
- Janet ... Winifred Aire
- Another daughter ... Beatrice Dunette

Visalia Farmers Not Too Proud to Wear Old Clothes

VISALIA, Cal., March 24.—The Tulare County Poultry Grange has gone on record as opposing extravagance through adoption of this resolution:

"Resolved, that we, the members of Tulare County Poultry Grange, No. 5, declare that it is no disgrace to wear old clothes.

"Resolved, that we discourage the purchasing of extravagant articles and the wearing of expensive apparel and that more labor and energy be expended in the production of medium-priced and serviceable articles, thus bringing about a reduction of cost."

A Pendleton Business Man

Wrote us a few weeks ago that he wanted a young man to do book-keeping and general office work, such a young man as Mr. ... or Mr. ... both of whom he had previously secured from us, our graduates.

We were compelled to answer that we had no such young men ready at this time. These are frequent occurrences. 'Tis too bad there are not more young men fitted to fill these places.

This place offered \$125 a month at the start, and the opportunities for advancement were practically unlimited.

Enroll now, and begin preparation for such a place.

Capital Business College SALEM, OREGON

STUDENTS MAY CONDUCT DRIVE FOR ARMENIANS

Board Is Willing to Grant Absence of One Day From Class Work

HUTCHASON MAKES PLEA

Question of Assuming Responsibility to go Before School Assembly

Students of the Salem high school were granted permission for one day's absence from their studies if they put in the time soliciting subscriptions for Salem's quota of the Armenian relief fund, but a ruling of the school board Tuesday night.

J. F. Hutchason, chairman of the Armenian relief fund campaign for Marion county spoke to the board, asking that the students be given an opportunity to show their ability in shouldering the responsibility of a "drive" that has been at a standstill in Salem for the past few months.

S. C. Lancaster, builder of the famous Columbia River highway, is chairman of the relief fund in Multnomah county and spoke to the high school student body recently on the furtherance of the relief fund here.

The officers of the relief fund offer a prize to the high school that raises the most money for the fund. The trophy is a football mounted on a tripod.

The drive will not be solicited from the school students. Marion county's quota amounts to about \$9000, of which over \$1500 has been subscribed by the churches.

Salem is expected to contribute a large part of the balance. Owing to the many other campaigns for money in Salem during the past few months the Armenian drive has been slightly overlooked.

In answer to a suggestion of Mr. Hutchason, the school board ruled to allow students one day from school in case they are willing to take charge of the affair. The matter will be brought up before the high school student body soon.

If the students are willing to assume control of the campaign and carry it to a successful finish, they will be furnished with receipts and other supplies by the relief committee here and actual subscription work will probably begin next week.

HIGH PRICES MAY CAUSE ILLNESS

At this season of the year when fresh vegetables are so high many persons suffer from deranged digestion. If you feel dull and sluggish, or if you suspect indigestion or constipation you will feel better tomorrow if you take a Foley Cathartic Tablet tonight. They banish biliousness and headache. J. C. Perry.

Newsp Notes of State Industrial Growth

Salem—State to erect \$40,000 additional building for (see item).

Rainier will build \$25,000 American Legion memorial hall.

Asland investigating sites for immense new reservoir to increase the water supply for irrigation of small farms in outlying districts of city.

Newberg—American Legion post to build \$20,000 memorial hall.

Roseburg voters will pass on a \$500,000 municipal water plant.

Yaquina bay to be given full consideration in improving harbor and naval defense fortifications.

Immigration out of this country still exceeds numbers coming in. Since January 10,000 more went out than came in. Increasing scarcity of farm labor reported from all parts of the west.

Portland—Work started on \$250,000 labor temple. To be "union-made."

Vale planning to get power from middle fork of Malheur river.

Portland runs a store to sell groceries to city employes at cost.

Seapooose—Dykling project started to reclaim 6000 acres.

Oregon to get very large radio plant, built by Federal Telegraph company.

Portland club women buy site to build large home for the federation.

Brownsville workers continue on strike and all electrical construction work is suspended, delaying many new homes being built.

Salem—Forty thousand loganberry trees sold to Headen Milk company for acreage.

Capital highway to be extended from Oregon City to west side pavement.

Portland — Marriages declining and divorces increasing.

Eugene orders Twelfth avenue paved.

Portland — Peninsula National bank increases capital to \$200,000.

Portland—Albertine Kerr nursery to get new \$50,000 home.

Albany—Movement started here to raise \$50,000 for construction of community center as memorial to returned soldiers of Linon county.

Florence has electric light plant.

Monmouth to have new gravity water system.

Roseburg—New combination garage and warehouse to be erected.

Flood River—120 acre ranch sells for \$1,000 per acre.

The Dalles—New modern apartment house opened.

Astoria—75 acres of land sold to sawmill.

It cost Portland \$82,000 less to keep its streets clean during 1919 than during 1914, in face of increasing costs, wages and amount of territory served.

The Dalles—Wasco county to vote on \$400,000 road bond issue.

Hard surface road from Estacada to Portland assured.

One-fifth of the standing timber of the United States is in Oregon. Variety of merchantable timber in commercial quantities probably exceeds any state in the Union.

Roseburg—Lower Umpqua section of county to vote bonds for large school.

Reedsport—Moose planning to build \$10,000 hall.

Cottage Grove—Contract let for bridge over Mosby creek.

Lebanon—Lebanon-Santiam Lumber company to erect planing mill.

PNEUMONIA

Call a physician. Immediately begin emergency treatment with—

VICK'S VAPORUB

YOUR BODYGUARD - 30¢ PER BOTTLE

Railroad spur to be laid to factory. Cottage Grove Manufacturing company making extensive improvements to building.

BRIDGE NOW IN COURT'S HANDS

Bids For Santiam Span Are Received at Meeting of Commissioners

Bids submitted at a meeting of the state highway commission in Portland Tuesday and Wednesday for construction of a bridge across the Santiam river between Marion and Linon counties near Mohama have been submitted to the two county courts for final consideration. The courts will hold a joint session in the near future to take action.

Contracts totaling \$750,000 were let by the commission on the following projects:

Gilliam county—Surfacing with gravel 9.9 miles between Arlington and Blalock. Porter & Conley, \$64,825.

Linn county—Graveling 22 miles. Erho to Pendleton, Porter & Conley, \$112,500.

Wallowa county—Graveling canyon section, 3.4 miles. A. D. Kern, \$112,236.

Wasco county—Graveling Seufert to Deschutes river, 12.5 miles. J. F. Clarkson & Co., \$129,871.

For grading 17.4 miles in Jefferson county between Madras and the Deschutes county line the lowest bidder was Oskar Huber, \$159,624. The bid was referred to the engineer for further consideration.

Three viaducts in Wasco county between Seufert and the Deschutes river were awarded to the Colonial Building company of Spokane, whose total bid for the three was \$49,825.

Bridge near Primville, Oskar Huber, \$2970. Bids on six other small bridges in the county were rejected.

Bridge over Pole creek in Malheur county, Curtis Gardner, \$14,225.

The contract for steel for the bridge across the Neahum in Tillamook county was let to the Pacific Foundation company. The county will do the construction.

BEAR OIL for HAIR

AN INDIAN'S SECRET

Of the most valuable and effective of all hair oils. It is made from the finest Bear Oil and is guaranteed to give you the most beautiful hair. It is the secret of the Indian's hair.

The CHENEY

The Significance of Tone Control

Cheney Orchestral Chambers

The small, medium and large chambers develop high, intermediate and low tones respectively.

Tones are reflected from flat surfaces—the distortion resulting from reflections from curved surfaces is avoided.

This original invention in the Cheney is of great importance in keeping all tones in proper relations to the whole.

One cornetist, in an orchestra of a hundred pieces, could destroy the masterful work of the others by playing his part too loudly.

Similarly the most beautiful musical reproduction loses its charm if the component parts or the original are not held in proper balance.

Tone control in The Cheney has been brought to a high state of perfection through the invention of a series of resonating chambers. Not only is the rich quality of the original brought out in all its beauty, but every part maintains its relative tonal value.

FORDSON OWNERS ATTENTION

It is understood that Distillate is to be taken off the market in the near future. THIS NEED NOT WORRY ANY FORDSON OWNER. Anticipating such action and to protect Fordson owners, the Henry Ford Co., have thoroughly investigated devices to take the place of distillate, and we now announce a most wonderful carburetor—

THE HOLLEY OIL FUEL CARBURETOR

That will even better satisfy than distillate. Here is copy of letter which is self explanatory:

Holley Carburetor Co., Vancouver Ave., and P. M. R. R., Detroit, Mich., gentlemen:

ATTENTION MR. GEO. M. HOLLEY

With regard to the performance of your Vaporizer used on the Fordson Tractor, we wish to make the following statement:

"The Fordson Tractor equipped with the Holley kerosene vaporizer will handle rapid changes of drawbar pull equally well with either kerosene or gasoline as fuel. Even the most experienced operator can detect no difference in the flexibility and pulling power of the engine."

Yours very truly,
HENRY FORD & SON, Inc.
E. J. Parkas.

Holley Carburetor is one of the features of the Fordson Tractors—Being regular equipment
