

POLITICAL GOSSIP OF STATE AND LOCALITY

STANFIELD IS FIRST TO FILE

Millionaire Sheep Raiser Formally Declares for National Senate

Robert N. Stanfield, millionaire sheep raiser, yesterday filed at the office of the secretary of state his formal declaration that he is a candidate for the Republican nomination for United States senator. Up to the present time Mr. Stanfield has no opposition for the Republican nomination. Should he be the choice

of his party at the primary election he will make the race for election against George E. Chamberlain, Oregon's Democratic senator. Stanfield's political career started in the state legislature as a member of the lower house where he served several terms and was elected speaker for the session of 1917. This brought him state-wide prominence in a political way, which, coupled with his extensive business activities, made him the subject of much speculation as to his future political aspirations. It became a foregone conclusion that he either would run for the nomination for governor or United States senator. He chose to make the race for the Republican nomination. He was defeated in the Republican primaries by Charles L. McNary of Salem, incumbent, who had been appointed by the late Governor Whitcomb after the death of Senator Harry Lane. His slogan is: "Preserve American institutions; maintain peace; justice for service men; develop Oregon's resources." "Hiram W. Johnson for president. America first," is the slogan of John

W. Miller of Portland, candidate to represent the third congressional district as a delegate to the national Republican convention. In his platform, he says:

"If elected I will work at convention, June 8, in Chicago, to the best of my ability to nominate Hiram Johnson, or whoever the voters of Oregon select on the Republican ticket for president. I believe in a 100 per cent American policy."

Other candidates who filed yesterday were:

W. C. Tompkins, Republican, of Brownsville, for representative in the legislature from the second district.

Joseph Hume, Republican of Brownsville, for presidential elector.

E. Lothard McClure, Republican, of Marshfield, for district attorney for Coos county.

Bert C. Boylan, Democrat of Madras, district attorney for Jefferson county.

Hawaiian Islands Going Dry; Only 400 Inches of Rain

HONOLULU, T. H., March 24.—The year 1919 was the driest year in the Hawaiian islands since the weather bureau began issuing reports, according to Observer L. H. Daingerfield.

Only 299.50 inches fell during the year at Puu Kukui, on the island of Maui, where close to 500 inches usually are recorded, and which is said to hold the world's rainfall record.

HAD A COLD ALL WINTER

Colds that "hang on," coughs that rack your body and wear you down, the weakening that comes from loss of sleep—these are afflictions from which relief is a blessing. Nick J. Whres, Zahn, N. D., writes: "Had a cold all winter, but since taking Foley's Honey and Tar it has entirely disappeared." J. C. Perry.

Canadian Railway Pays While U. S. Lines Lose

MONTREAL, March 24.—The Grand Trunk railway showed a surplus of 277,600 pounds sterling for operation of its lines in Canada during 1919, or 61,000 pounds less than the previous year, according to complete returns from its properties made public here today. After allowing for an estimated deficit of 267,500 pounds on branches under United States government control, there remained a surplus of 1,100 pounds or 700 pounds less than in 1918.

Financial Condition of Accident Board Shown

The industrial accident commission on March 1 had on deposit with the state treasurer funds totaling \$3,742,893.96. A financial report on June 30, 1919, showed a surplus of \$241,812.68. By act of the legislature of 1919, \$400,000 was transferred from the general fund to construct and equip an industrial reconstruction hospital. This amount was then transferred to the general fund, increasing the surplus to a total surplus on June 30, 1919, of \$641,812.68. The gain in surplus for the period of eight months to March 1, 1920, was \$175,498.48, making a total surplus at the present time of \$817,311.16.

A statement prepared by J. W. Ferguson, one of the members of the commission, gives the following figures relative to assets and liabilities:

SOVIETS YET HOLD POWER IN GERMANY

to the northeast, back of the Lippe river. The government troops are being reinforced and their supplies, including ammunition, replenished.

There are other indications of a heavier bombardment shortly with the reds.

The German official reports, however, show that the rumor of the capture of Wesel by the reds is unfounded. Negotiations opened today south of Wesel between the government troops and the attacking reds. The latter demanded the surrender of the town but the troops opposed this, as they expected reinforcements. There was some fighting on the Lippe south of Wesel in the morning.

The same sources indicate that the government is starting to clean up the soviet district of Thuringia after the capture of Halle yesterday. The concentration camp at Ohrdruff, Saxe-Coburg-Gotha, has been cleared of the reds after heavy fighting. There have been raids in the direction of Gotha from Erfurt, and the troops expect to take Gotha tomorrow.

CONFERENCE IN SESSION

BUDERICH, Rhenish Prussia, March 24.—Four civilians in two motor cars, one sent out this morning and one this afternoon were driven swiftly over the Rhine bridge today into the beleaguered Wesel, and it is believed that negotiations are going on there for a truce.

British and Belgian civil control commission representatives have also entered Wesel. Officially, these visits are not being discussed, but evidently they were pre-arranged as the Rhine bridge had absolutely closed to traffic from the left bank of the river.

The result of yesterday's heavy fighting, it became known today, was distinctly in favor of the besieged.

The workmen threw a number of shells in the vicinity of the city, showing one distinct hit almost as the allied commission's passed the spot. About 100 wounded here are being evacuated in motor ambulances to Crefeld.

The Belgian forces strengthened their positions today. They planted machine guns on the bridge, dug trenches on the bridgehead and manned the old German Rhine defenses.

DISORDER AT KIEL

LONDON, March 24.—Naval units at Kiel on Tuesday deposed their officers and the officers of the Baltic "action" as well as Rear Admiral Wiers, newly appointed chief of the station, according to advices from Berlin. These posts they filled with deckhands and members of the Republican officers' league. The units are taking orders from the civilian governor.

EBERT REIGN UNCERTAIN

BERLIN, March 24.—The national assembly met today but the session was immediately adjourned. The president, Herr Fehrenbach, was empowered to reconvene it when

the situation became clarified. The Prussian assembly postponed its meeting until after that of the national assembly. The new cabinet has not been formed; the various parties are still negotiating.

SOUP OR WHAT?

Rufus Jarnagin, Regional Supervisor of Safety, is at it again. He is guilty of this one: The mess officer asked if there were any complaints about the food. Private Jones rose slowly and extended his cup: "Taste this, sir," he said. The officer took a sip, hesitated and said scathingly: "Very good soup, I call it." "Yes, sir," agreed Jones, "but the corporal says it's tea and the cook served it as coffee, and just now I found a toothbrush in it."—New York Central Magazine.
