

First Rural Convention Held in City Church Ungualified Success

Are the stars holes in Heaven where the sune shines through?

After we get safely up to Heaven. what if we should break through? If God made the earth, where did he stand when he made it?

Young Rev. H. F. Humbert, retiring secretary of Oregon State Sunday School association, made no attempt to answer these posers of the proverbial small boy. He merely passed them on as indicative of the awakening mind of childhood in his address on "Rights of the Child." at the quarterly convention of Hayesville district Sunday school association at Jason Lee church last Sunday.

Revamping a well known scripture the speaker asked "What would it profit America if she gain the whoie world and lose her boys and girls? or what would America give in exchange for her boys and girls?" From the interest shown to his

remarks by the audience of between 309 and 400 people that filled the church Mr. Humbert found much church, Mr. Humbert found much **ARE SAFE SAYS** sympathy for his conclusions as to the rights of children and the proper estimate of their importance in the community. children over to the devil to raise and then to raise the devil because HOST he does it. Humbert's idea of heaven is not

> hat of a place of lazy repose, but a place where nobody would get tired and therefore could work night and day in the fulfillment of unfiulfilled desires. He expressed the hope that the proposed millage tax for the beterment of opportunities for child

development in the schools of Oregon would be approved. Armenian Situation Discussed
