In several places American Legion posts sent volunteers to watch for looters and assist in relief work. A survey of the devastated districts was begun today by Henry J. Cox, weather forecaster. The tornado was the result of a combination of two storms, he said. One developed in Alaska, traveled through British Columbia and joined a storm from the southwest, which developed in southern Arizona and Nevada. This combination, Professor Cox said, resulted in a rotary motion

TROOPS WILL BE DENIED TO HUNS

PARIS, March 29.—The German government has abandoned the idea of sending strong reinforcements to the Ruhr valley, in view of the conditions imposed by the French government. Wilhelm von Mayer, German charge d'affaires, requested Premier Millerand to authorize dispatch of troops last Friday, and following several conferences, the French premier on Sunday agreed to approve the move, subject to serious guarantees. Chief among conditions imposed was the allied occupation of Darmstadt and Frankfurt, within the German neutral zone. The French conditions were transmitted to Berlin and Herr von Mayer today delivered the answer of Germany, which consisted of Chancellor Muller's declaration to the national assembly today in which he declared that the German government does not propose to subject Frankfurt and Darmstadt "to the terrors of occupation."
