

It's Your Eyes!

Hundreds of men and women suffer untold hardships and pain without knowing the cause. Of no comfort to themselves or others enjoying nothing, they are in constant distress. They resort to medicine without relief.

Headaches, stomach ailments, indigestion, brain fog, and other disorders are often directly traceable to improper vision. If your eyes are at fault, and this cause is not removed, you cannot be cured permanently.

If you suffer without apparent reason, if your nerves are unstrung, look to your eyes! Correcting them may tone up your health, giving you new life and vigor.

My third of a century practical experience (nearly 10 years in Salem) in eye examinations and correct fitting of glasses assures you an unexcelled quality of service. I guarantee satisfaction in every respect.

I use no drugs, as drugs are dangerous.

I exchange your glasses, when necessary, for one year free of charge.
